Dear Dental Hygiene Candidate:

On behalf of the Mississippi State Board of Dental Examiners, I would like to congratulate you on your recent graduation and decision to participate in the annual Mississippi licensure examination. It is the Board’s intent to provide you with ample information and instructions to assist you in preparing for this examination.

The following materials contain specific information regarding the application process, procedures to be accomplished during the licensure examination, hotel accommodations in close proximity to the University of Mississippi Medical Center School of Dentistry, maps, grading criteria, and other information which the Board feels will be helpful. Please pay close attention to all areas; however, should you need clarification, please contact the Board office prior to the examination.

You must bring the enclosed materials with you to the licensure examination, as no additional copies will be provided. Also, you will be required to pass an examination in jurisprudence before being allowed to proceed with the dental hygiene licensure examination. The Board urges you to carefully study the enclosed copies of the Mississippi Dental Practice Act and the regulations of the Board. The Board also recommends that you immediately request college transcripts, complete or partial dental hygiene school transcripts, National Board grade cards, and proof of professional liability insurance coverage. Therefore, when your application is mailed to the Board office, the Board will have the appropriate information on file, and your application will be complete.

All Board members and staff personnel are available to assist you in preparing for the licensure examination. The Board extends its best wishes for a successful examination.

Sincerely,

James A. Bounds, D.M.D.
Board President

JAB/l dh
EXAMINATION SCHEDULE

Candidates and patients should arrive at the University of Mississippi Medical Center School of Dentistry on Tuesday, May 27, 1997 at 7:45 a.m. Any patient arriving prior to that time must wait in the first floor lounge. Candidates and patients will not be permitted in the clinics prior to 8:00 a.m.

Monday, May 26, 1997

8:30 a.m. Jurisprudence Examination - First Floor - Room D-113
9:30 a.m. Orientation Session - First Floor - Room D-113

Tuesday, May 27, 1997

8:30 a.m. Clinical Examination - Fourth Floor
3 Hour Completion Time Clinic Closing

EXAMINATION LOCATIONS

DENTAL HYGIENE CLINICS Fourth Floor
GRADING AREA Fourth Floor
PATIENT WAITING AREA Student Faculty Lounge - First Floor
INTRODUCTION

1. Please read carefully the following instructions and requirements. Most of the candidate’s questions concerning the application and examination process should be answered in these instructions. However, if the candidate has further questions, please contact the Board office at the above address and telephone number. The candidate must bring these instructions to the examination and retain them in his/her possession during the examination. No additional copies of these instructions will be available.

2. The jurisprudence examination and orientation will be given Monday, May 26, 1997, and the clinical examination will be given Tuesday, May 27, 1997, at the University of Mississippi Medical Center School of Dentistry located on the campus of the University Medical Center, 2500 North State Street, Jackson, Mississippi. Candidates will report to the University of Mississippi Medical Center School of Dentistry Monday, May 26, 1997, Room D-113, First Floor, at 8:30 a.m. for the jurisprudence examination and orientation.

3. The Mississippi State Board of Dental Examiners grants licenses to practice dental hygiene by two methods: (a) examination; and (b) licensure by credentials, and meeting the criteria thereof. Mississippi does not engage in reciprocity agreements with other states, and no temporary licenses or permits are issued or special examinations given.

STANDARDS OF CONDUCT FOR DENTAL HYGIENE CANDIDATES

1. The Mississippi State Board of Dental Examiners administers this examination following the highest ethical and moral standards of the profession of dentistry. Each candidate will be expected to conduct himself/herself in a professional manner.

2. Throughout the course of the examination, the candidate shall be responsible for the following:
a. Maintaining a professional appearance at all times
b. Demonstrating proper patient management
c. Showing the patient proper consideration and treatment
d. Exhibiting consideration for test site personnel, examiners, and other candidates
e. Maintaining proper aseptic techniques
f. Protecting and showing concern for tooth structure and supporting tissue during patient treatment

APPLICATION REQUIREMENTS

1. A candidate for examination for dental hygiene licensure shall be a citizen of the United States, except as otherwise provided in Miss. Code Ann. § 73-9-23; be of good moral character; have a high school education; and have attained the age of eighteen (18) years. A candidate must also exhibit a diploma or certificate of completion from a dental hygiene program accredited by the Commission on Accreditation of Dental and Dental Auxiliary Educational Programs of the American Dental Association, except as otherwise provided in Miss. Code Ann. § 73-9-23.

2. A completed application should be returned to the Secretary of the Board by CERTIFIED MAIL WITH RETURN RECEIPT REQUESTED. The application, fees, and all required supporting documentation must be received in the Board’s office at least thirty (30) days prior to the announced date of the examination, or Friday, April 25, 1997. The Board’s correct mailing address is:

   Mississippi State Board of Dental Examiners
   Suite 100
   600 East Amite Street
   Jackson, Mississippi   39201-2801

   Attention:  Licensure Examination Coordinator

3. Board fees and usage fees must be paid in two (2) separate amounts by certified check or money order. NO PERSONAL CHECKS WILL BE ACCEPTED FOR FEES. Examination fees are refunded only if the candidate’s application is not accepted by the Board. In the event of illness or an emergency, fees will be applied to the next scheduled Mississippi examination for licensure, provided the Board office is notified no later than three (3) days prior to the examination.

4. Candidates who are unsuccessful on the examination may apply for a future examination and will be considered as new candidates. However, candidates will be allowed to take the licensure examination only twice, and candidates who fail the second time must successfully complete six (6) months of clinical training in an accredited dental hygiene school before being allowed to take the examination for the third, and final, time.
REQUIREMENTS FOR APPLICATION COMPLETION

1. **TYPED** application form filled out completely, properly signed, and notarized.

2. Certified check or money order in the amount of One Hundred Fifty and No/100 Dollars ($150.00) made payable to the Mississippi State Board of Dental Examiners. This amount is the candidate's Board application fee.

3. Certified check or money order in the amount of Fifty and No/100 Dollars ($50.00) made payable to the University of Mississippi Medical Center School of Dentistry. This amount covers the candidate's clinic fees such as disposable materials, radiograph film, and materials listed in the "University of Mississippi Medical Center School of Dentistry Information for Candidates for Dental Hygiene Licensure" (see blue instructional material).

4. Notarized signatures of two (2) reputable citizens of the state in which the candidate is a resident (see application form, Item #15, for further information).

5. Copy of National Board Dental Hygiene Examination Grade Card. Please contact the Joint Commission on National Dental Examinations, telephone number 1-800-621-8099, to request a copy of the grade card be mailed to the Board's office. It is the Board's policy not to release National Board grades under any circumstances; therefore, please do not contact the Board office for scores. Candidates will be required to have passed the National Board Dental Hygiene examination prior to issuance of a Mississippi license. Candidates may take the Mississippi licensure examination without having passed the National Board, but candidates will not be issued Mississippi licenses until a copy of the National Board Dental Hygiene examination passing scores has been received by the Mississippi State Board of Dental Examiner’s office. (For this purpose, passing scores on the Mississippi State Board examination are valid through December 31, 1997.)

6. Copies of official transcripts from each college and dental hygiene school attended. These transcripts must be mailed directly to the Board office by the schools. Transcripts will not be accepted from the candidate. All transcripts must be received at the Board office by the deadline, Friday, April 25, 1997. Final dental hygiene school transcripts must show the degree awarded. Even though the candidate's dental hygiene school transcript is not complete, any partial dental hygiene school transcripts must also be received by Friday, April 25, 1997, so that the application can be processed.

7. Affidavit signed by the dental hygiene school dean (see enclosed memorandum and Affidavit). Candidates who are still in dental hygiene school at the time their application is submitted must have this form completed and returned with the application. If the candidate has not graduated prior to the examination, a final official transcript noting the date of graduation must be sent by the dental hygiene school dean to the Board prior to issuance of a Mississippi license. For those candidates whose dean has certified expected graduation, a passing score on this examination is valid until August 31, 1997.

8. Certified statement verifying license status and good standing from the Secretary of the Board of Dental Examiners in each state in which candidate is currently or has previously been licensed. In states where the candidate previously has been licensed, the Secretary of the Board must notify the Board as to the reason for license expiration or revocation.

9. Proof of having liability insurance coverage while the clinical examination is in progress. An insurance application form is enclosed for the candidate's convenience; however, the candidate may use any insurance company of his/her choice. If a candidate is currently in practice and has malpractice insurance, his/her insurance company must submit a
certificate of insurance stating the candidate is covered for the Mississippi dental hygiene licensure examination and will be current through May 30, 1997. Please make certain the effective dates are listed on the certificate of insurance. A photocopy of an office malpractice insurance policy is not acceptable.

10. Proof of having completed the Cardiopulmonary Resuscitation Course (adult, one man), which must be current at the time of the examination.

11. Formal declaration of intent to become a citizen of the United States. Any candidate who is not an United States citizen at the time his/her application is mailed to the Board office must include in his/her application packet a formal declaration of intent to become an United States citizen, pursuant to Miss. Code Ann. § 73-9-23.

PERTINENT INFORMATION
RELATIVE TO PREPARING FOR THE EXAMINATION

1. Candidates must furnish their own patients and must be responsible for their appearance on schedule.

2. Candidates must furnish their own sterile instruments. The use of ultrasonic scalers is permitted; however, it is the candidate’s responsibility to provide the equipment of choice and to ensure compatibility with University of Mississippi Medical Center School of Dentistry equipment.

3. Candidates for licensure are required to wear scrub gowns, gloves, masks, and protective eyewear. Gloves and masks will be supplied. Candidates must provide their own protective eyewear and scrub gowns. It is suggested that patients also wear protective eyewear during the clinical procedure.

4. No name tags or monograms denoting the identity of the candidate or the dental hygiene school attended may be worn. Each candidate will be assigned a candidate number at the orientation session. This number must be worn by the candidate on his/her right lapel and also will be displayed on the assigned operatory.

PATIENT SELECTION AND GRADING

1. Patient Selection. PATIENT SELECTION IS PROBABLY THE SINGLE MOST IMPORTANT FACTOR IN PREPARING FOR THIS EXAMINATION. SINCE MARGINAL PATIENTS MAY BE REJECTED, IT IS ADVISABLE TO BRING A BACKUP PATIENT. Unacceptable patients will be dismissed, and another patient must be provided if the candidate is to continue the examination. The patient’s acceptability will be evaluated on the basis of health condition, dentition, radiographs, dental charting, and patient classification. Refer to Sections 1.a. through 1.e. for these requirements.

a. Health Condition. The patient’s health must be acceptable for prophylactic treatment. If conditions indicate an alteration in treatment procedures or a need to consult the patient’s physician, the candidate must obtain the necessary written clearance from the patient’s physician before the patient is accepted. There should be no soft tissue lesions which would contraindicate dental hygiene instrumentation.
b. **Dentition.** The patient must have a minimum of eighteen (18) natural teeth with at least ten (10) posterior teeth. One or more of the following is recommended, but not required: restorations, fixed prosthesis, missing teeth, defective restorations, and caries.

c. **Radiographs.** The patient must have a full mouth series of radiographs (FMX) exposed within the past three (3) years and two (2) to four (4) bitewing radiographs taken within thirty (30) days prior to the clinical examination, if FMX has not been exposed within thirty (30) days. Panoramic radiographs are **NOT** acceptable. All radiographs (FMX and bitewing radiographs) must be mounted and brought for use on the day of the clinical examination. Radiographs taken prior to the Mississippi examination will not be graded. Radiographs must be properly mounted by the candidate in the accepted American Dental Association (ADA) method -- raised portion of dimple toward examiner. If the patient needs the FMX for further dental treatment, make sure there is a duplicate set. Pre-operative and post-operative radiographs will be returned to the patient **ONLY IF** the candidate provides a self-addressed, stamped envelope for the patient; otherwise, all unclaimed radiographs will be destroyed. These radiographs will be mailed forty-five (45) days after conclusion of the examination to the patients of those candidates who have successfully completed the examination. Candidates must not request the return of any radiographs following the conclusion of the examination.

d. **Dental Charting.** Required dental charting will include a periodontal probe assignment and identifying/charting restorations, defects, missing teeth, caries, fixed prosthesis, etc. The dental chart utilized by the Board has a buccal, occlusal, mesial, distal, and lingual view of all teeth, a recession index, and probe depth charting area. All teeth will be numbered 1 through 32 starting with the upper right third molar and ending with the lower right third molar. See the sample of acceptable symbols to use for charting purposes on page 14.

e. **Patient Classification.** **THERE MUST BE CLINICAL AND RADIOGRAPHIC EVIDENCE OF SUBGINGIVAL CALCULUS.** Patients with generalized pocket depths greater than six (6) millimeters (mm) will be **UNACCEPTABLE**.

   Light -- Unacceptable: Moderate subgingival calculus not present on molars, bicuspsids, or anteriors in two (2) quadrants -- too light for testing.

   Light: Isolated areas of calculus (spicules or small ledges of subgingival adequate for testing) and the presence of stain.

   Moderate: General small interproximal ledges of moderately tenacious subgingival calculus.

   Heavy: Generalized subgingival deposits which may continue through the interproximal and line angles; may also be tenacious sheets.

   Heavy -- Unacceptable: Calculus too heavy and tenacious; tissue condition is prohibitive.

2. **Grading.** The Board has adopted a double-blind grading system, whereby at least one examiner will be assigned to each clinic as a floor examiner. This floor examiner will assign the patient number, check the patient’s Medical History Form and Consent Form, review the candidate’s patient education and general charting, ensure the candidate maintains the appropriate standards of conduct, inspect the periodontal charting assignment, and be available for emergency situations. The prophylactic assignment will
be graded by three (3) examiners in a grading clinic which will be entirely separate from the candidate clinics. Refer to section 14 under "Instructions for Completing the Mississippi Dental Hygiene Examination" for items the candidate must take to the grading clinic at the time he/she escorts the patient to the grading clinic for grading. The patient will be returned to the appropriate clinic by staff of the University of Mississippi Medical Center School of Dentistry. Under no circumstances will candidates be allowed in the grading clinic. Further details and directions will be given at the orientation session.

A pass or fail grade will be given for charting, patient education, patient management, post-operative bitewing radiographs, and maintaining standards of conduct. This will count as 10% of the candidate's overall grade. Zero (0) grades will be given for the following:

a. Patient mismanagement or deceit
b. Presenting patient not meeting requirements
c. Patient education (incomplete or none given)
d. General and periodontal charting (gross irregularities)
e. Serious violations of standards of conduct

The patient will be rated according to the amount of calculus/stain evident. The rating consists of: light, moderate, or heavy. Points will be deducted for the following:

a. Tissue trauma/tears
b. Stain
c. Residual calculus

Grading will be as follows:

a. **90% OF THE TOTAL GRADE**: Prophylaxis
b. **10% OF THE TOTAL GRADE**: Charting, patient education, patient management, post-operative bitewing radiographs, and maintaining standards of conduct

A successful candidate must obtain a grade of 75% or above as an overall average.

**INSTRUCTIONS FOR COMPLETING THE MISSISSIPPI DENTAL HYGIENE EXAMINATION**

1. The Board examination will be given to protect anonymity. Jurisprudence and orientation will begin Monday, May 26, 1997 at 8:30 a.m. in Room D-113, First Floor, University of Mississippi Medical Center School of Dentistry. The following will occur at this time:

   a. A written examination in jurisprudence based on the Mississippi Dental Practice Act and the regulations of the Board will be given. A minimum passing grade of 75% must be obtained to be successful on the jurisprudence examination, and candidates who are unsuccessful on the jurisprudence examination will not be allowed to proceed with the clinical portion beginning Tuesday, May 27, 1997 at 8:30 a.m.

   b. Self-addressed, stamped envelopes will be collected for the return of pre-operative and post-operative radiographs to the patients forty-five (45) days after conclusion of the examination.
c. Questions will be answered regarding any other portion of the examination while the jurisprudence examination is being graded.

2. The Mississippi State Board of Dental Examiners mandates that candidates follow the current recommended infection control procedures as published by the Centers for Disease Control and Prevention. It is required, for example, that all patient care activities be performed with gloves, masks, protective eyewear, and scrub gowns. It is suggested that protective eyewear also be used for patients.

3. Candidates and patients should arrive at the University of Mississippi Medical Center School of Dentistry on Tuesday, May 27, 1997 at 7:45 a.m. Any patient arriving prior to that time must wait in the first floor lounge. Candidates and patients will not be permitted in the clinics prior to 8:00 a.m. Refer to the Examination Schedule on page 13.

4. When the candidate arrives at the University of Mississippi Medical Center School of Dentistry, the patient should be taken to the waiting area nearest the candidate’s assigned operatory. Assigned operatory numbers correlate to assigned candidate numbers. A floor examiner will be available to assist the candidate. A manila folder containing the candidate’s Assignment Sheet, blank Consent, General/Periodontal Chart Instructions and Symbols, Periodontal Chart, and radiographic film packet and mount for post-operative bitewing radiographs will be provided at the candidate’s assigned operatory.

5. Enclosed is a patient Medical History Form that should be completed prior to the examination. On the day that the candidate completes the form, the patient must sign and date the Medical History Form. The candidate must bring the completed, signed, and dated form with him/her the morning of the clinical examination. The candidate will review and update the form at this time; upon updating, have the patient initial and date the review. This form should be placed in the manila folder discussed in section 4 that will be provided the day of the examination.

6. Enclosed is a patient Consent that may be partially completed prior to the examination. The patient must sign the Consent before a witness, and anyone except the candidate may witness the patient’s signature. Also, the candidate will be unable to note his/her candidate number on the form until the day of the examination. Once this Consent has been fully completed, signed, and witnessed, it should be placed in the manila folder discussed in section 4 that will be provided the day of the examination.

7. Once the candidate’s operatory is set up, the patient may be seated. Review the patient's Medical History Form and Consent at this time. **IF THE PATIENT HAS MEDICAL PROBLEMS, CONSULT THE FLOOR EXAMINER.** Upon review and update of the patient’s medical history, have the patient initial and date the review beside the patient’s original signature. Also, candidates must ensure that the Consent has been properly signed and witnessed at this time. Candidates will be provided with a patient number which must be fastened on the patient’s right lapel.

8. Before leaving the patient at the assigned operatory for the prophylaxis and periodontal charting assignment, the candidate must have the floor examiner do the following:
   a. Note in writing the floor examiner number on the Health/Dental History section of the candidate’s Assignment Sheet
   b. Note in writing the floor examiner number on the patient Medical History Form
   c. Check that the patient Consent has been completed and signed
d.   Note in writing the patient number; however, no candidate number is written on
the Assignment Sheet at this time

9.   When Step 8 is complete, the candidate will leave the patient at the assigned operatory, at
this time remove the candidate number and any other identification from the assigned
operatory, and take same with the candidate. Do not leave the manila folder at the
assigned operatory. Leave only the following with the patient:

a.   Assignment Sheet. The Health/Dental History section should be checked, and the
floor examiner will note his/her review by placing the appropriate examiner
number on the form. Patient number only should be on the Assignment Sheet.

b.   FMX and pre-operative bitewing radiographs with PATIENT NUMBER ONLY
on mount. No candidate names, candidate numbers, or patient names should
appear mounts.

10.   Three (3) examiners will rate the patient and make the candidate's assignment for
completion. The candidate's prophylaxis and periodontal charting assignment may consist
of one, two, three, or four quadrants depending on the classification/difficulty of the
patient. Ultrasonic scalers may be used and must be compatible with University of
Mississippi Medical Center School of Dentistry specifications. EACH CANDIDATE
MUST PROVIDE HIS/HER OWN ULTRASONIC SCALER AND TIPS. The term
"scaling" includes complete removal of explorer-detectable calculus, soft deposits and
plaque, and smoothing of unattached tooth surfaces. Unattached tooth surfaces are the
portion of the crown and root surface to which no tissue is attached. Upon completion of
patient rating and assignment, the candidate will be given a starting time which allows
him/her to begin scaling, oral hygiene instructions, etc.; this time will be written on the
Assignment Sheet.

11.   When the candidate returns to the assigned operatory after periodontal charting and
prophylaxis assignments have been made, the candidate must replace the candidate number
on the assigned operatory. At this time, the candidate should write his/her candidate
number on the Assignment Sheet.

12.   Post-operative bitewing radiographs must be taken after completion of scaling. Four (4)
duplicate radiographic film packets will be issued for this purpose. Upon review of post-
operative bitewing radiographs, the candidate may return to his/her operatory to scale if
the candidate has allowed enough time for this; however, the candidate is not allowed to
re-take any post-operative bitewing radiographs. All radiographic equipment will be pre-
set with no adjustments necessary.

13.   Each candidate must complete the assigned procedures within a three (3) hour period. The
floor examiner must review and place his/her floor examiner number by the completed
Periodontal Charting Assignment, Patient Education and General Charting, and
Maintaining Standards of Conduct sections of the Assignment Sheet. This may be done
at any time during the three (3) hour period. The candidate may send the completed
patient to the grading area any time within the three (3) hour period. When all assignments
are complete, the candidate must personally escort the patient to the grading area;
afterwards, the candidate may clean the operatory.

14.   At the time the candidate escorts the patient to the grading area, the candidate must take
the manila folder, and the door monitor must note the COMPLETION TIME on the
Assignment Sheet. The manila folder should contain the following items:
a. Assignment Sheet
b. Consent
c. General/Periodontal Chart Instructions and Symbols
d. Periodontal Chart
e. Medical History Form
f. Pre-Operative bitewing radiographs and FMX -- patient number and "pre-op" must be written on all mounts; no candidate names, candidate numbers, or patient names should be written on mounts
g. Post-Operative bitewing radiographs -- patient number and "post-op" must be written on the mount; no candidate names, candidate numbers, or patient names should be written on mount

15. When the patient returns to the candidate's operatory, the duplicate set of post-operative bitewing radiographs should be placed in a coin envelope and given to the patient. The candidate should instruct the patient as to any post-operative care needed and dismiss the patient. Please put the used dental hygiene patient number and candidate number in the box in the clinic marked "Used Patient Number."

16. After completing the clinical portion of the examination and prior to leaving the clinic, the candidate must complete the Board examination survey form and deliver it to the floor examiner. Failure to complete this form could preclude the candidate from receiving his/her Mississippi dental hygiene license.

17. It is the candidate's responsibility to bring irregularities to the attention of the floor examiner. If the candidate feels that an error has been made in any aspect of the examination, the candidate should IMMEDIATELY confer with the floor examiner. The floor examiner will obtain a second Board member to witness and document the conference.

CONCLUSION

1. Candidate Information Forms. Candidate information forms completed during orientation will determine the way the candidate's license is styled. Please print legibly and list full mailing address with zip code; if the candidate is moving in the next month, the license may be mailed to the candidate's parents, etc. Write the candidate number in the appropriate blank. It is important that all information be given; please do not write "not applicable," as all the information is applicable. Also, check the birth year to ensure that the current year has not been listed.

2. Examination Results. The candidate will be notified by mail of the examination results within two (2) weeks. Results will not be released by telephone. Please do not call members of the Board or the Board office for examination results. A candidate must receive his/her license and record it in the Circuit Clerk's office before the candidate begins practicing dental hygiene in the State of Mississippi. This should be done in the county wherein the candidate resides.

3. Annual Registration. Annual registration notices covering the period SEPTEMBER 1, 1997 - AUGUST 31, 1998 will be mailed the last week in June. The candidate will be
required to complete the registration sheet and pay the annual fee for the upcoming year. Unless the Board is notified of a change of address, the annual registration notice will be mailed to the same address as appears on the candidate information form.

4. **Documentation Checklist.** Required documentation must be submitted to the Board in the following manner:

a. To be submitted by the candidate with his/her application packet:

   (1) Completed application

   (2) Application fees

   (3) Proof of certification in Cardiopulmonary Resuscitation

   (4) Proof of liability insurance coverage

   (5) Formal declaration of intent to become a citizen of the United States (if applicable)

   (6) Additional information as required by specific questions on the application

b. To be mailed by outside sources directly to the Board office:

   (1) College transcript(s) (for all colleges/universities attended prior to attending dental hygiene school)

   (2) Dental hygiene school transcript(s) (complete or partial for all dental hygiene schools attended)

   (3) Affidavit from dental hygiene school dean (for candidates who are still in dental hygiene school at the time their application is submitted to the Board)

   (4) National Board examination grade card

   (5) Testimonials of moral character (only in cases where character references are unable to sign the application)

   (6) Certifications from the secretaries of dental boards in all states where the candidate is currently or has ever been licensed
EXAMINATION SCHEDULE

Candidates and patients should arrive at the University of Mississippi Medical Center School of Dentistry on Tuesday, May 27, 1997 at 7:45 a.m. Any patient arriving prior to that time must wait in the first floor lounge. Candidates and patients will not be permitted in the clinics prior to 8:00 a.m.

GENERAL/PERIODONTAL CHART INSTRUCTIONS AND SYMBOLS

CODES FOR CHARTING AS NOTED BELOW MUST BE USED FOR THIS EXERCISE.

1. Draw a line in RED PENCIL indicating the location of the gingival margin.

2. Record missing teeth with a BLUE X.

3. Record pocket depths at six (6) points on each tooth indicating the depth in millimeters (mm) on the chart in BLUE PENCIL. Measure and record distofacial, facial, mesiofacial, mesiolingual, lingual, and distolingual.

4. Indicate teeth with pathological mobility by placing an asterisk (*) in the drawing of the crown.

5. Identify abnormal radiographic findings (e.g., carious lesions, non-serviceable restorations, overhangs, and periapical pathology) in RED PENCIL.

6. Identify endodontically treated teeth by writing RC on the crown of the tooth.

7. Indicate furcation involvement by a RED TRIANGLE (▼) in area of involvement.

8. Indicate present and serviceable restorations with BLUE PENCIL.

YOU ARE REQUIRED TO CHART THE COMPLETE MOUTH AND PROBE THE ASSIGNED QUADRANTS.

---

SYMBOLS FOR CHARTING

- Gingival Margin
- Drifting
- Rotation
- Marginal Ridge Discrepancy
- Open Contact (2mm)
- Missing Teeth
- Mobility
- Furcation
The intent of the information contained within this document is to assist the candidate with taking the Mississippi State Board of Dental Examiners dental hygiene licensure examination. Questions related to the information in this document or to the facilities and policies of the School of Dentistry may be directed to the office of the Associate Dean for Clinical Programs at (601) 984-6025.

PARKING:

Patient parking is available in the lot across the street from the School of Dentistry. The parking fee is $.50 per hour or $5.00 per day. Candidates should park in the Mississippi Veterans Memorial Stadium parking lot directly across North State Street from the Medical Center. A shuttle bus runs between the stadium and the School of Dentistry approximately every fifteen minutes from 6:30 a.m. to 9:30 a.m., 11:00 a.m. to 1:00 p.m., and 3:00 p.m. to 6:00 p.m.

USAGE FEE:

The fee that is submitted by the candidate to the School of Dentistry pays for the direct costs of the school's hosting the examination. This fee includes the use of the facilities, equipment, instruments, and supplies.

Equipment and Instruments:

1. All dental operatory units are chair-mounted Adec Continental units and can be adjusted to accommodate left-handed operators.

2. Ultrasonic scalers supplied by the candidate must have an Adec quick-disconnect.

3. Arrangements may be made for sterilization of a candidate's own instruments by contacting the chief dental assistant in Restorative Dentistry at (601) 984-6030.

4. A clinical slow speed handpiece (Midwest Shorty two speed) will be issued in the clinic where candidate is assigned. Immediately following the use of the handpiece, it must be returned to the supply area from which it was obtained. Candidates are free to use their own handpieces. All handpiece tubing is of the four-hole Midwest type.

5. The Board of Dental Examiners will be notified by the school when all requisitioned handpieces and instruments are returned and all patient records are completed and returned.

6. The contents of the available dental hygiene instrument patient care kit and off-tray instruments and supplies are as follows.
Patient Care Kit:

Toothbrush and paste
Prophy cup, brush, and paste
Finger ring
Floss (waxed and unwaxed)
Air/water syringe tip
Napkin chain
Pencils (#2 and red/blue)
Disposal fluoride trays (medium and large)

Off-Tray Instruments and Supplies:

Prophy angle
Disclosing solution
Fluoride

Supplies:

The School of Dentistry supplies radiographic film and mounts; paper, cotton, and plastic disposables; and gloves, masks, and face shields.

USE OF FACILITIES:

Limited reception room seating is available on the fourth floor for patients during the examination. Because fourth floor accommodations are limited, additional seating is available in the first floor lounge for patients and their guests. No eating or drinking is permitted in the building except for the first floor lounge. Smoking is not permitted anywhere in the building.

PATIENTS:

The University of Mississippi Medical Center School of Dentistry does not assume responsibility for supplying patients for the licensure examination.

RADIOGRAPHS:

Radiographs needed during the examination may be made in the fourth floor clinics.

Senate Bill No. 2199, Chapter No. 483
§ 73-9-1.  LICENSE REQUIRED

Every person who desires to practice dentistry or dental hygiene in this state must obtain a license to do so as hereinafter provided; but this section shall not apply to dentists or dental hygienists now holding permanent licenses to practice provided the same have been recorded as required by law.

§ 73-9-3.  "DENTISTS" DEFINED

Any person shall be regarded as practicing dentistry within the meaning of this chapter who shall diagnose or profess to diagnose, or examine or contract for the treatment of, or treat or profess to treat, or hold himself out as treating any of the diseases or disorders or lesions of the oral cavity, teeth, gingivae, or maxillary and mandibular bones, or who shall extract teeth, repair or fill cavities in human teeth, correct malposition or irregularities of the teeth or jaws, practice surgery of the head or neck incident to the practice of oral surgery, or construct, repair or mend artificial teeth, crowns or bridges, or who shall administer anesthetics or use X-ray in connection with the practice of dentistry, or who shall engage in any other practice included in the curricula of dental schools accredited by the Council on Dental Education of the American Dental Association, provided that nothing herein shall be so construed as to prevent:

1. The practice of his profession by a regularly licensed and registered physician under the laws of this state unless he practices dentistry as a specialty; or
2. The performance of mechanical work upon inanimate objects by persons working in dental offices under their supervision; or
3. The operation of a dental laboratory and taking work by written work authorization from regularly licensed and registered dentists as provided for elsewhere in this chapter; or
4. Dentists from outside the state from giving educational clinics or demonstrations before a dental society, convention or association; or
5. Licensed dentists from outside the state from being called into Mississippi by licensed dentists of this state for consultative or operative purposes when such consultative or operative purposes have been authorized or approved by the Board of Dental Examiners for specified periods of time or as provided for by rules and regulations set forth by the board; or
6. Applicants for license to practice dentistry in this state from working during examination by and under the supervision and direction of the Board of Dental Examiners; or
7. The practice of dentistry or of dental hygiene by students under the supervision of instructors in any dental school, college, or dental department of any school, college, or university, or school of dental hygiene recognized by the board, but such activities shall not be carried on for profit; or
8. Dental interns or externs from being employed by licensed hospitals or other agencies recognized and approved by the board; or
9. A regularly licensed and registered dentist from the delegation of procedures to a regularly licensed and registered hygienist or other competent dental auxiliary personnel as he may direct while acting under the immediate supervision and direction and full responsibility of the dentist except as follows: Those procedures
which require the professional judgment and skill of a dentist such as diagnosis, treatment planning, surgical procedures involving hard or soft tissues, or any intra-oral procedure of an irreversible nature which could result in injury to the patient. Provided, however, the dentist shall delegate the removal of calcareous deposits only to a regularly licensed and registered dental hygienist as regulated by the State Board of Dental Examiners.

All dentists and dental hygienists serving as instructors, professors or residents, as provided for in subsections 7 and 8 above, shall be required to be licensed by the Mississippi State Board of Dental Examiners.

§ 73-9-5. "DENTAL HYGIENE" DEFINED

The work of dental hygienists and dental assistants while working in the office of a regularly licensed and registered dentist shall at all times be under the immediate supervision and direction of the dentist. Dental hygienists in the employ of the state board of health or public school boards shall be under the general supervision and direction of regularly licensed and registered dentists. Dental hygienists recognized by the board of dental examiners when making public demonstrations of dental hygiene for educational purposes shall be under the general supervision and direction of regularly licensed and registered dentists.

The board of dental examiners may prohibit any dental hygienist or other auxiliary personnel from rendering service that it feels is not in the best interest of the public welfare.

§ 73-9-7. STATE BOARD OF DENTAL EXAMINERS; DENTAL DISTRICTS; NOMINATIONS FOR APPOINTMENT

The Mississippi State Board of Dental Examiners, hereinafter called the board, whose duties shall be to carry out the purposes and provisions of the laws pertaining to the practice of dentistry and dental hygiene is hereby continued to consist of seven (7) regularly licensed, registered and practicing dentists, each a graduate of an accredited college of dentistry and each a regularly licensed, registered and practicing dentist within the State of Mississippi for a period of five (5) or more years next preceding his appointment. No dentist shall be eligible for appointment who is connected in any way with any school of dentistry or the dental supply business.

From and after July 1, 1983, the Mississippi State Board of Dental Examiners shall include one (1) additional member who shall be a regularly licensed, registered dental hygienist with at least five (5) years’ practical experience. The dental hygienist member shall be appointed by the Governor from the state at large from a list of six (6) names submitted by the Mississippi Dental Hygienists’ Association. The dental hygienist member shall serve for a term of four (4) years and may succeed himself or herself in office. Any vacancy in the dental hygienist board membership shall be filled by the Governor within sixty (60) days, by appointment from the list of nominees submitted for the existing term of office.

Except as hereinafter provided, each member of the board who is a dentist shall hold office for the particular term of four (4) years to which he is appointed as differentiated and set out below and until his successor shall be duly appointed and qualified. Any appointment made to fill a vacancy or to replace an incumbent holding over shall terminate in accordance with the designation of the particular term as set out below and until his successor is duly appointed and qualified.

Except for the original appointments, the term of each of the seven (7) dentist appointees provided for herein shall be for a period of four (4) years and shall terminate on and after June 30th of the year set out below for each appointive position:
Appointments one (1) and two (2) in 1964 and each fourth year thereafter; appointment three (3) in 1965 and each fourth year thereafter; appointment four (4) in 1966 and each fourth year thereafter; and appointments five (5) and six (6) in 1967 and each fourth year thereafter. Each subsequent appointment shall be made in chronological order of respective expiration dates; provided, however, that each appointee holding office at the time of passage of this chapter shall continue to serve until the expiration date of the period for which he was appointed, and appointment of such incumbent’s successors shall be made in order of the expiration dates of their present commissions.

Upon July 1, 1982, the Governor shall appoint one (1) dentist member of the board from the state at large, with the advice and consent of the Senate.

Upon expiration of the term of office of any of the six (6) members of the board who are appointed from districts, the Governor shall appoint his successor from a list of names to be submitted as set out herein. From and after July 1, 1991, all appointments to the Mississippi State Board of Dental Examiners shall be with the advice and consent of the Senate.

As soon after passage of this chapter as feasible, the board shall poll all licensed dentists in the state by dental district as follows:

Dental District One: Alcorn, Benton, Calhoun, Chickasaw, Choctaw, Clay, Itawamba, Lafayette, Lee, Lowndes, Marshall, Monroe, Oktibbeha, Pontotoc, Prentiss, Tippah, Tishomingo, Union, Webster;

Dental District Two: Bolivar, Carroll, Coahoma, DeSoto, Grenada, Holmes, Humphreys, Issaquena, Leflore, Montgomery, Panola, Quitman, Sharkey, Sunflower, Tallahatchie, Tate, Tunica, Washington, Yalobusha, Yazoo;

Dental District Three: Attala, Clarke, Covington, Forrest, Jasper, Jones, Kemper, Lamar, Lauderdale, Leake, Neshoba, Newton, Noxubee, Perry, Scott, Smith, Wayne, Winston;

Dental District Four: Hinds, Madison, Rankin, Warren;

Dental District Five: George, Greene, Hancock, Harrison, Jackson, Pearl River, Stone;

Dental District Six: Adams, Amite, Claiborne, Copiah, Franklin, Jefferson Davis, Jefferson, Lawrence, Lincoln, Marion, Pike, Simpson, Walthall, Wilkinson;

and request the submission from each such dental district of three (3) nominations for appointment as members of the board. Thirty (30) days after submitting such request, the board shall list all nominations by district according to the number of votes each received. The top three (3) names from each district shall then be considered as a list of names to be submitted to the Governor as referred to above each time a vacancy occurs in one (1) of the six (6) positions appointed from districts or whenever the Governor requests such submission. During the course of each calendar year, the board shall take like polls of all licensed dentists practicing in each dental district, and shall prepare new lists therefrom to be submitted to the Governor which shall be used in the appointment of the six (6) members appointed from districts.

It is the purpose of this section that no more than one (1) appointee of the six (6) members appointed from districts shall serve from any district at any one (1) time; provided, however, that the members serving on the effective date of this section shall continue until their term of office has expired. All subsequent appointments of the six (6) members appointed from districts shall be made in accordance with the provisions of this section, shall be designated by post numbers, and shall be selected by district in accordance with the appropriate list submitted therefor. The
names on the lists shall be given priority in accordance with the votes for each nominee. In case of a tie, such persons receiving tie votes shall have their names placed on the list even though it results in more than three (3) names on such list from that district.

The Secretary of State shall, at his discretion, at any time there is sufficient cause, investigate the method and procedure of taking such polls and establishing such lists, and the board shall make available to him all records involved therein; and if the Secretary of State should find cause therefor he may, upon specifying such cause, declare the list invalid, whereupon the board shall follow the procedure set out above to establish a new list. If a vacancy exists and no list is available, the Board of Dental Examiners is hereby authorized to follow the above-described procedure in establishing a new list for the appropriate dental district.

§ 73-9-9. REMOVAL OF MEMBERS

The governor may remove any member of said board on proof of inefficiency, incompetency, immorality, unprofessional conduct, or continued absence from the state, for failure to perform duties, or for other sufficient cause. Any member who shall not attend two (2) consecutive meetings of the board, for any reason other than illness of such member, shall be subject to removal by the governor. The president of the board shall notify the governor in writing when any such member has failed to attend two (2) consecutive regular meetings. No removal shall be made without first giving the accused an opportunity to be heard in refutation of the charges made against him, and he shall be entitled to receive a copy of the charges at the time of filing.

§ 73-9-11. HOW MEMBERS SHALL QUALIFY; QUORUM

Each person appointed as a member of the board shall qualify by taking the oath prescribed by the constitution for the state officers, and shall file certificate thereof in the office of the secretary of state within fifteen days after his appointment. A majority of the board shall at all times constitute a quorum for the transaction of business.

§ 73-9-13. OFFICERS OF BOARD; DUTIES AND POWERS

The State Board of Dental Examiners shall each year elect from their number a president and a secretary-treasurer to serve for the coming year and until their successors are qualified. The board shall have a seal with appropriate wording to be kept by the secretary. The secretary shall be required to make bond in such sum and with such surety as the board may determine. It shall be the duty of the secretary to keep a complete record of the acts and proceedings of the board and to preserve all papers, documents and correspondence received by the board relating to its duties and office. The proceedings shall at all reasonable times be open to public inspection.

The board shall have the following powers and duties:

(a) To carry out the purposes and provisions of the state laws pertaining to dentistry and dental hygiene, and the practice thereof and matters related thereto, particularly Sections 73-9-1 through 73-9-65, together with all amendments and additions thereto.

(b) To regulate the practice of dentistry and to promulgate reasonable regulations as are necessary or convenient for the protection of the public.

(c) To make rules and regulations by which clinical facilities within institutions, schools, colleges, universities and other agencies may be recognized and approved for the practice of dentistry or of dental hygiene by unlicensed persons therein, as
a precondition to their being excepted from the general practice act and authorized in accordance with Section 73-9-3(7) and (8).

(d) To provide for the enforcement of and to enforce the laws of the State of Mississippi and the rules and regulations of the State Board of Dental Examiners.

(e) To compile at least once each calendar year and to maintain an adequate list of prospective dentist appointees for approval by the Governor as provided for elsewhere by law, such list being based upon a comprehensive poll of all licensed and registered dentists in the state, the names being arranged in order of preference as shown by such poll.

(f) To issue licenses to dentists and dental hygienists when found to be qualified.

(g) To provide for annual reregistration of dentists and dental hygienists.

(h) To maintain an up-to-date list of all registered dentists and dental hygienists in the state, together with their addresses.

(i) To examine applicants for the practice of dentistry or dental hygiene at least annually.

(j) To issue licenses or duplicates and annual reregistration certificates, to collect and account for fees for same.

(k) To maintain an office adequately staffed insofar as funds are available for the purposes of carrying out the powers and duties of the board.

(l) To provide by appropriate rules and regulations, within the provisions of the state laws, for revoking or suspending dentists' and dental hygienists' licenses and a system of fines for lesser penalties.

(m) To prosecute, investigate or initiate prosecution for violations of the laws of the state pertaining to practice of dentistry or dental hygiene, or matters affecting the rights and duties, or related thereto.

(n) To provide by rules for the conduct of as much board business as practicable by mail, which, when so done, shall be and have the same force and effect as if done in a regular meeting duly organized.

(o) To adopt rules and regulations providing for the reasonable regulation of advertising by dentists and dental hygienists.

(p) To employ, in its discretion, a duly licensed attorney to represent the board in individual cases.

(q) To employ, in its discretion, technical and professional personnel to conduct dental office sedation site visits, monitor state board examinations and carry out the powers and duties of the board.

§ 73-9-15. VOTE OF BOARD MEMBERS

All board action on rules, regulations and policy matters, such as required to be by vote, shall be by roll call or mail ballot wherein the vote of each member shall be recorded whether for, against or otherwise. The dental hygienist member of the board shall only vote on rules,
regulations, policy and administrative matters relating to the licensing, qualifications and practice of dental hygiene. The results of such vote shall be a public record except that information pertaining to personal investigations or examinations shall be confidential unless waived by such persons investigated or examined.

§ 73-9-17. BOARD TO IMPLEMENT CHAPTER

The board is authorized to prescribe and enforce regulations and to perform those acts compatible with and authorized by, either directly or by implication, the laws of the state for the purpose of implementing the provisions of this chapter.

§ 73-9-19. REGISTRATION OF DENTISTS

The State Board of Dental Examiners shall maintain a compiled list of the names and post office addresses of all dentists and dental hygienists registered and practicing in the state, arranged alphabetically by name and also by the towns where their offices are situated. Every dentist or dental hygienist shall promptly keep the board advised of any change in address of his office or residence. Every registered dentist shall exhibit his full name in plain readable letters in the offices or rooms where his professional business is transacted.

Every licensed dentist and dental hygienist shall, in accordance with the laws and rules and regulations of the board, together with appropriate required information and registration fee, apply within the period of sixty (60) days prior to September 1 of each year for annual registration, and the board shall issue such annual registration certificate to any dentist or dental hygienist in active practice and in good standing with the board. Any dentist or dental hygienist performing acts constituting practice or attempted practice of the profession of dentistry or dental hygiene without legally having in his custody a valid active registration certificate or duly issued duplicate therefor in accordance with provisions elsewhere set out may be found guilty and punished or prosecuted therefor in accordance with law; provided, that the filing of such application, the payment of such fee, and the issuance of such certificate therefor, shall not entitle the holder thereof to lawfully practice dentistry or dental hygiene within the State of Mississippi unless he has in fact been previously licensed as such practitioner by the State Board of Dental Examiners as provided by this chapter, and has duly recorded his license in the county or counties in which the same may be required by law to be recorded, and unless said license is in full force and effect; and provided further, that in any prosecution for the unlawful practice of dentistry such receipt showing payment of the annual registration fee required by this chapter shall not be treated as evidence that the holder thereof is lawfully entitled to practice dentistry.

Any licensed dentist or dental hygienist who is registered but not actively practicing in the State of Mississippi at the time of making application for renewal, shall be registered on the "inactive" list and shall not be authorized to practice such profession in this state. Such "inactive" list shall be maintained by the board and shall set out the names and post-office addresses of all dentists and dental hygienists registered but not actively practicing in this state, arranged alphabetically by name and also by the towns and states of their last known professional or residential address. However, licensed dentists or dental hygienists actively practicing in another state at a veterans hospital, federal government facility or residency graduate school program at the time of renewal shall not be registered on the inactive list.

Only the dentists and dental hygienists registered on the appropriate list as actively practicing in the State of Mississippi shall be authorized to practice such profession. For the purpose of this section, any licensed dentist or dental hygienist who has actively practiced his profession for at least three (3) months of the immediately preceding license renewal period shall be considered in active practice.
No dentist or dental hygienist shall be registered on the "inactive" list until the dentist or dental hygienist has been furnished a statement of intent to take such action by the board; and the board shall notify the licensee by mail that on the day fixed for hearing he may appear and show cause, if any, why his license to practice dentistry or dental hygiene should remain active. The licensee may be present at the hearing in person, by counsel, or both. For the purpose of such hearing the board is hereby empowered to require the attendance of witnesses, administer oaths and hear testimony, either oral or documentary, for and against the licensee, and if after such hearing, the board shall be satisfied that the dentist or dental hygienist shall be registered on the inactive list, it shall thereupon without further notice take such action.

Any licensed dentist or dental hygienist registered on the "inactive" list shall not be eligible for registration on the active list until either of the following conditions have been satisfied:

(a) Written application shall be submitted to the Secretary of the State Board of Dental Examiners stating the reasons for such inactivity and setting forth such other information as the board may require on an individual basis; or

(b) Evidence to the satisfaction of the board shall be submitted that they have actively practiced their profession in good standing in another state and have not been guilty of conduct that would warrant suspension or revocation as provided by applicable law.

§ 73-9-21. SUPPLIES

Such stationery, blank books and forms as may be needed by the board in the discharge of its duties shall be furnished to it in the manner as like supplies are furnished other state departments.

§ 73-9-23. EXAMINATIONS FOR LICENSE

(1) No person who desires to practice dentistry or dental hygiene in the State of Mississippi shall be licensed until that person has passed an examination by the board. Applicants for examination shall apply in writing to the board Secretary of the Board of Dental Examiners for an examination at least thirty (30) days prior to the examination and shall upon application pay a nonrefundable fee to the secretary as elsewhere provided in this chapter.

(2) An applicant for examination for licensure as a dentist shall:

(a) Be a citizen of the United States, except as otherwise provided in this section, be of good moral character, be possessed of a high school education, have attained the age of twenty-one (21) years; and

(b) Exhibit with the application a diploma or certificate of graduation from a dental school accredited by the Commission on Accreditation of Dental and Dental Auxiliary Educational Programs of the American Dental Association, except as otherwise provided in this section.

(3) An applicant for licensure as a dentist who is a graduate of a foreign country dental school shall:

(a) Be a citizen of the United States or have made a formal declaration of intention to become a citizen of the United States, be of good moral character, have attained the age of twenty-one (21) years;

(b) Be proficient in oral communications in the English language;
(c) Have completed not less than six (6) academic years of postsecondary study and graduated from a foreign dental school; listed in the World Directory of Dental Schools, World Health Organization;

(d) Have been licensed as a dentist or admitted to the practice of dentistry in the foreign country in which the applicant received foreign dental school training;

(e) Have successfully completed at least two (2) years of clinical training in a dental school accredited by the Commission on Accreditation of Dental and Dental Auxiliary Educational Programs of the American Dental Association; and

(f) Have completed the National Board of Dental Examiners written examination.

(4) An applicant for licensure as a dental hygienist shall:

(a) Be a citizen of the United States, be of good moral character, be possessed of a high school education, have attained the age of eighteen (18) years; and

(b) Exhibit with the application a diploma or certificate of graduation from a dental hygiene school accredited by the Commission on Accreditation of Dental and Dental Auxiliary Educational Programs of the American Dental Association;

(5) An applicant for licensure as a dental hygienist who is a graduate of a foreign country dental hygiene school shall:

(a) Be a citizen of the United States or have made a formal declaration of intention to become a citizen of the United States, be of good moral character, have attained the age of eighteen (18) years;

(b) Be proficient in oral communications in the English language;

(c) Have completed not less than two (2) academic years of postsecondary study and graduated from a foreign dental hygiene school; listed in the World Directory of Dental Schools, World Health Organization;

(d) Have been licensed as a dental hygienist or admitted to the practice of dental hygiene in the foreign country in which the applicant received foreign dental hygiene school training;

(e) Have successfully completed at least one (1) year of clinical training in a dental hygiene school accredited by the Commission on Accreditation of Dental and Dental Auxiliary Educational Programs of the American Dental Association; and

(f) Have completed the National Board of Dental Examiners written examination.

(6) Applications shall be made in the form and content as required in this section and as shall be prescribed by the board, and each applicant shall submit upon request such proof as the board may require as to age, character and qualifications. Applications must be signed by two (2) respectable citizens of the state of which the applicant is a resident, attesting under oath that the applicant is a citizen of the United States, or otherwise a resident of the United States as herein required of an applicant; and, when herein required of an applicant, possesses a high school education and is of good moral character. All applicants for licensure shall submit an endorsement from all states in which he or she is currently licensed or has ever been licensed to practice dentistry or dental hygiene, and the board may disallow the licensure examination to any applicant who has been guilty of an offense.
in another state or jurisdiction which would disqualify their practicing in the State of Mississippi.

(7) Examination shall be as elsewhere provided in this chapter and the board may by its rules and regulations prescribe reasonable professional standards for oral, written, clinical and other examination given to applicants and for readmission to examination. Each applicant shall appear before the board and be examined by it touching his or her learning and skill in dentistry or dental hygiene. If found by the members of the board conducting the examination to possess sufficient learning and skill therein and to be of good moral character, the board shall, as early as practicable, grant to such person a license to practice dentistry or dental hygiene, as the case may be, which shall be signed by each member of the board who attended the examination and approved the issuance of a license.

(8) The Board of Dental Examiners may, at its own discretion, accept certification of a licensure applicant, either dentist or dental hygienist, by the National Board of Dental Examiners in lieu of the written examination. However, in all such instances the board shall retain the right to administer such further practical examinations and demonstrations as it deems necessary.

§ 73-9-24. ALTERNATIVE PROCEDURE FOR QUALIFYING FOR LICENSE BASED ON CREDENTIALS

(1) In addition to the method for obtaining a license to practice dentistry or dental hygiene by way of examination as provided by Section 73-9-23, Mississippi Code of 1972, a candidate may also obtain a license, in the discretion of the board, by meeting the following criteria:

(a) Be engaged in the active practice of dentistry or in full-time dental education or dental hygiene for the past five (5) years;

(b) Currently hold a valid, unrevoked and unexpired license in a state whose examination standards are regarded by the board as equivalent to Mississippi’s standards;

(c) Be endorsed by the State board of Dental Examiners, or its equivalent, in the state of current practice;

(d) Has not been the subject of pending or final disciplinary action in any state in which the applicant has been licensed;

(e) Provides a written statement agreeing to appear for interviews at the request of the board;

(f) Provides grades from the national board’s examination, or equivalent examination, to be determined by the board, with a passing average; and

(g) Successfully passes a written jurisprudence examination;

(h) In addition, the State Board of Dental Examiners may, in its discretion, require any applicant for licensure by credentialing to meet the following criteria, or to provide any of the following information:

(i) Information from the National Practitioner Data Bank and/or the American Association of Dental Examiners Clearinghouse for Disciplinary Information.
(ii) Questioning under oath.

(iii) Results of peer review reports from constituent societies and/or federal dental services.

(iv) Substance abuse testing or treatment.

(v) Background checks for criminal or fraudulent activities.

(vi) Participation in Continuing Education.

(vii) A current certificate in cardiopulmonary resuscitation.

(viii) Recent patient case reports and/or oral defense of diagnosis and treatment plans.

(ix) No physical or psychological impairment that would adversely affect the ability to deliver quality dental care.

(x) Agreement to initiate practice in the credentialing jurisdiction within a reasonable period of time.

(xi) Proof of professional liability coverage and that such coverage has not been refused, declined, canceled, non-renewed or modified.

(2) Upon meeting the criteria in subsection (1), the Mississippi State Board of Dental Examiners may, in its discretion, issue to the applicant a license to practice dentistry, or dental hygiene. Evidence of falsification in the application for licensure through credentialing will result in revocation of such license.

(3) Any applicant applying for a specialty license by credentials must stay within his board recognized specialty and must practice only that specialty within the State of Mississippi. A specialty license holder must hold a general dentistry license prior to obtaining a specialty license.

§ 73-9-25. EXAMINATIONS; SUBJECTS; TIME AND PLACE FOR HOLDING

The regular meeting of the state board of dental examiners shall be held in June of each year for the purpose of examining applicants for license to practice dentistry and dental hygiene, and continue in session until all applicants for license have been examined and their examinations have been approved or disapproved. Said board may meet oftener if necessary, in the discretion of the board, at such times and places as it may deem proper for the examination of applicants who may wish to practice dentistry or dental hygiene in this state or for the purpose of enforcing the dental laws of the state. Thirty (30) days’ notice of all regular meetings shall be given by the secretary in at least two (2) dental journals circulating in this state, and ten (10) days’ notice by mail to each member of the board of regular and special meetings of the board.

As far as practicable, all examinations, except as to character, shall be upon written questions. Examinations for license to practice dentistry shall be upon the following subjects: anatomy, anesthesiology, biochemistry, community health, dental auxiliary utilization, dental materials science, diagnosis and treatment planning, embryology, endodontics, ethics, growth and development, history, hospital dental service, internal medicine, jurisprudence, microbiology, occlusion, operative dentistry, oral anatomy, oral surgery, orthodontics, pathology, pedodontics, pharmacology, physiology, practice administration, preventive dentistry, prosthodontics—fixed and removable, and roentgenology, as they pertain to dentistry, together with a practical examination
in operative and mechanical dentistry. Examinations for license to practice dental hygiene shall cover the subjects taught in the recognized schools of dental hygiene together with such other subjects and practical demonstrations as the board may require.

The state shall furnish necessary equipment for the required practical examinations for dentists and dental hygienists, and properly house and care for same.

§ 73-9-27. LICENSES; HOW ISSUED AND FEES

Each license issued by the board shall bear a serial number, the full name and residence of licensee, the date of issuance, the seal of the board, and shall be attested by the signatures of all the board attending the examination. Certified copies of the license may be issued by the president and secretary under their signature and seal, for which the secretary shall collect a fee as elsewhere provided in this chapter.

§ 73-9-28. ISSUANCE OF SPECIAL LICENSE, CERTIFICATE OR PERMIT FOR TEACHING OR DENTAL PRACTICE IN LIMITED CATEGORIES

The Mississippi State Board of Dental Examiners is hereby vested with the authority to promulgate rules and regulations allowing special categories of licenses, certificates, specialty certificates and permits whereby institutional, teaching and provisional privileges may be granted on an individual basis, pursuant to such rules and regulations prescribing the qualifications, conditions and limitations of such privileges as may be established by the board. Such qualifications, conditions and limitations shall pertain to applicants who require but are eligible for less than complete resident licensure as provided for in the dental practice act.

Application for such special category of license, certificate, specialty certificate or permit, and the renewal thereof, shall be made to the secretary of the board in writing in accordance with such rules and regulations as the board may adopt. The secretary shall collect a fee therefor as provided in section 73-9-43.

§ 73-9-29. CERTIFICATION OF DENTAL SPECIALISTS

Any dentist of this state licensed by the Mississippi State Board of Dental Examiners, who has complied with the requirements specified by the Council on Dental Education of the American Dental Association, in a specialty branch of dentistry or who has otherwise met the requirements of the rules and regulations promulgated by the board may apply for a certificate as a specialist. Such application shall be accompanied by the payment of a fee not to exceed Four Hundred Dollars ($400.00) and such application must be on file for at least sixty (60) days prior to the regular meeting of the board, and if the application is accepted the applicant may be notified to appear for examination before the board and a committee of that particular specialty, if available, appointed by the board. Examinations may be oral, written, or both, and the applicant may be required to demonstrate his knowledge and proficiency in the specialty in which he desires to be certified. The board is authorized to certify specialists in all specialty areas approved by the American Dental Association.

Any dentist not licensed by the Mississippi State Board of Dental Examiners but who is eligible to take the Mississippi State Board examination, and is further eligible for specialty examination, may take both examinations at the discretion of the board.

No licensed dentist shall hold himself out to the public as a specialist, or publicly announce as being specially qualified in any particular branch of dentistry, or publicly announce as giving special attention to any branch of dentistry, until he has been issued a certificate by the board authorizing him to do so. Failure to comply shall be cause for his dental license to be revoked or suspended.
Only the following shall be eligible to announce as specialists:

(a) A diplomate of a specialty board approved by the American Dental Association;

(b) A dentist who has complied with requirements as specified by the Council on Dental Education of the American Dental Association for graduate training in the specialty sought to be announced, such training to meet the educational or training requirement for diplomate status;

(c) A dentist who has announced a specialized practice in one (1) of the special areas of dental practice within the State of Mississippi for at least five (5) years prior to January 1, 1970, and who meets the requirements elsewhere in this section may be granted a specialist certificate upon application and payment only of an initial specialty registration fee.

A dentist specialist’s certificate shall be revoked upon the revocation of the holder's license to practice dentistry in Mississippi.

§ 73-9-31. REPEALED

§ 73-9-33. LICENSES TO BE RECORDED

Every person who receives a license to practice dentistry or dental hygiene in the state, must file it for record in the office of the clerk of the circuit court of the county or county district in which he or she shall reside within thirty (30) days after its issuance; if he or she fails to do so, if engaged in the practice of dentistry or dental hygiene, he or she shall thereafter be liable for practicing without a license so long as the same shall remain unrecorded. When such license shall be filed, the clerk shall record the same in the book in which the licenses of physicians are recorded, upon payment to him of the lawful fee; and when recorded the original shall be delivered on demand to the licensee. On removal from one county or county district to another, the license must be recorded in the county or county district to which licensee removed. It shall be the duty of the circuit clerk of each county within this state to make and file, with the secretary of the board, on or before the first day of January of each year, a list of all the licenses filed during the preceding year with such clerk, both dentists and dental hygienists, and also all other licensed and registered dentists and dental hygienists in the county.

§ 73-9-35. LICENSES TO BE EXHIBITED

The holder of either of the licenses provided for, shall at all times, upon request, exhibit same, together with the certificate of recordation, to any member of the board of dental examiners, or his authorized agent or to any officer of the law.

§ 73-9-37. DUPLICATE LICENSES: WHEN ISSUED

If a license to practice dentistry or dental hygiene be issued and be lost or destroyed, the board may issue another in lieu thereof, upon satisfactory proof of such loss or destruction.

§ 73-9-39. PRACTICE UNDER CORPORATION OR BUSINESS NAME PROHIBITED

It shall be unlawful for any person or persons to practice or offer to practice dentistry under, or use the name of any company, association or corporation or business name or any name except his or their own in a manner which is in violation of section 73-9-61, or to operate, manage or be employed in any room, rooms or office where dental work is done or contracted for, and that is operated under the name of any company, association, trade name or corporation in a manner which is in violation of section 73-9-61.
§ 73-9-41. UNLICENSED PRACTITIONER ENTITLED TO NO FEES AND UNLICENSED PERSON PROHIBITED FROM DOING CERTAIN ACTS

No person practicing dentistry or dental hygiene in this state without first complying with the provisions of this chapter shall be entitled to collect any fee, salary or reward for his or her service. A person not licensed to practice dentistry under the laws of this state shall not, (1) take impressions or casts of the human mouth or teeth, (2) construct or supply dentures without the authorization or prescription of a person licensed under the laws of this state to practice dentistry, and (3) construct or supply dentures from impressions or casts without the authorization or prescription of a person licensed under the laws of this state to practice dentistry.

§ 73-9-43. SCHEDULE OF LICENSE FEES; DELINQUENCY PENALTIES; DISPOSITION AND DISTRIBUTION OF FEES

(1) The secretary shall collect in advance all fees provided for in this chapter as established by the board, not to exceed:

Application for dental license ................................ $400.00
Application for specialty certificate ............................ 400.00
Application for dental hygienist license ......................... 200.00
Application for institutional, teaching or provisional license .......... 50.00
Application for general anesthesia permit ....................... 200.00
Application for I.V. sedation permit ............................ 200.00
Application for radiology permit ................................ 40.00
Annual dentist registration .................................. 200.00
Annual specialty registration ................................ 100.00
Annual dental hygienist registration ............................ 100.00
Annual institutional, teaching or provisional registration ............... 200.00
Annual anesthesia/sedation permit registration .................. 100.00
Annual radiology permit registration ............................ 20.00
Duplicate license ................................................. 40.00
Certificate of recommendation ................................ 40.00
Certified copy of license ....................................... 40.00
Handling fee for nonsufficient-funds checks ........................ 50.00

The payment of annual dental registration fees shall be optional with all dentists over the age of seventy (70) years.

(2) The board may enact and enforce for delinquency in payment for any fees set out in this section a penalty in addition to the fee of an amount up to but not in excess of the fee. An additional fee of an amount equal to the first penalty may be assessed for each thirty (30) days, or part thereof, of delinquency. If any licensed and registered dentist or dental hygienist should be delinquent in payment of registration fees for a period as long as ninety (90) days, such person shall be presumed to be no longer practicing and shall be stricken from the rolls, and in order to practice his or her profession in this state thereafter may, at the discretion of the board, be considered as a new applicant and subject to examination and other licensing requirements as an original applicant.

(3) The secretary shall faithfully account for all monies received by the board. All fees and any other monies received by the board, except monetary penalties collected under Section 73-9-61, shall be deposited in a special fund that is created in the State Treasury and shall be used for the implementation and administration of this chapter when appropriated by the Legislature for such purpose. The monies in the special fund shall be subject to all provisions of the state budget laws that are applicable to special fund agencies, and disbursements from the special fund shall be made by the State Treasurer only upon
warrants issued by the State Fiscal Officer upon requisitions signed by the president, secretary or administrative officer of the board. Any interest earned on this special fund shall be credited by the State Treasurer to the fund and shall not be paid into the State General Fund. Any unexpended monies remaining in the special fund at the end of a fiscal year shall not lapse into the State General Fund.

(4) It shall be the duty of the State Auditor to audit the financial affairs of the board, the transactions involving the special fund and the books of the secretary of the board at least once a year in the same manner as for other special fund agencies, and at any time requested to do so by a majority of the board casting their vote for such audit and while in a lawfully called meeting. The report of the State Auditor shall be incorporated in the minute book of the board.

(5) All fees collected from applicants, duplicate licenses, certificates of recommendation and certified copies of licenses shall be distributed among the members of the board in such proportion as to allow the secretary twice the remuneration each of the other seven (7) members receive as their compensation for examining applicants for licensure. Provided, however, that for examining applicants for licensure the secretary shall receive no more than Twenty-four Hundred Dollars ($2,400.00) per year and no the other member shall receive more than Twelve Hundred Dollars ($1,200.00) per year. The receipt of said compensation shall not entitle members of the board to receive or be eligible for any state employee group insurance, retirement or other fringe benefits. Provided further, that any fees or income other than the maximum allowable for examining applicants for licensure as set out above shall be accounted for and may be used as needed in carrying out the provisions of this chapter.

(6) Fees collected from annual registration shall be used to maintain an office adequately staffed insofar as funds are available and provide other services as may be needed for carrying out the powers and duties of the board within the provisions of this chapter. Fees collected from annual registration shall also be used to pay the per diem and defray the expense of members of the board for attendance at meetings other than those for the purpose of examining applicants for licenses. The payment of per diem and expense for attending said board meetings shall be in addition to the compensation permitted above for examining applicants for licensure, and the per diem shall not exceed the amount provided in Section 25-3-69.

§ 73-9-45. BOARD MEMBERS TO INVESTIGATE COMPLAINTS

Each member of the board and each licensed and practicing dentist and dental hygienist is constituted an agent who shall investigate all complaints and all alleged cases of noncompliance with, or violation of the provisions of this chapter and shall bring all such matters to the notice of the proper prosecuting officers, where it appears probable that an offense has been committed.

§ 73-9-47. VOTING BY MAIL

The board shall, as far as practicable, provide by rule for the conduct of its business by mail, but all examinations shall be conducted in person by the board, or by a quorum thereof as provided herein.

Any official action or vote taken by mail shall be preserved by the secretary in the same manner as the minutes of regular meetings.
§ 73-9-49. SECRETARY'S REPORT

The secretary of the board shall, at its regular annual meeting, submit a report of its receipts and disbursements for the preceding year, and a report of its actions in general during the preceding year. Said report when approved by the board shall be filed with the governor on or before December 31st of each year.

§ 73-9-51. BOARD MEMBERS NOT LIABLE TO SUIT FOR OFFICIAL ACTS

No member of the board shall during the term of his office or thereafter, be required to defend any action for damages in any of the courts of this state where it is shown that said damage followed or resulted from any of the official acts of said board in the performance of its powers, duties or authority as set forth in this chapter. Any such action filed shall upon motion be dismissed, at the cost of the plaintiff, with prejudice.

§ 73-9-53. LICENSED PHARMACISTS MAY FILL DENTISTS' PRESCRIPTIONS

Legally licensed pharmacists of this state are hereby authorized to fill prescriptions of legally licensed and registered dentists of this state for any drugs to be used in the practice of dentistry.

§ 73-9-55. AUTHORIZATION FOR DENTAL LABORATORY WORK

A written work authorization shall accompany all dental laboratory work sent by a licensed dentist to a commercial dental laboratory or private dental laboratory technician.

The original of said written authorization shall be kept on file by a commercial dental laboratory or a private dental laboratory technician for a period of time required by the state board of dental examiners, not to exceed two (2) years from the date it was received, and one (1) carbon copy of this written work authorization shall be kept on file by the licensed dentist executing this written work authorization for a like period not to exceed two (2) years from the date it was issued.

This said written work authorization shall include the following information:

(1) Date signed.

(2) The name and address of the commercial dental laboratory or private dental laboratory technician.

(3) The name or identification number of the patient for whom the act or service is ordered.

(4) The licensed dentist's name, address, and license number.

(5) The signature of the licensed dentist.

(6) The description of the kind and type of appliance, process, fabrication, service, or material ordered.

Any dental laboratory having received a work authorization from a licensed dentist for any appliance, process, fabrication, service, or material, who shall thereafter secure the services of another dental laboratory for the performance of any said work or services, shall furnish to such laboratory a written work order therefor, and both laboratories shall keep on file a record thereof for a like period not to exceed two (2) years from the date received.
In the enforcement of this section and the foregoing rules and regulations promulgated pursuant thereto, the members of the board of dental examiners, their agents, investigators, and employees shall have the right to inspect the records of any dental office or any dental laboratory during regular office hours.

§ 73-9-57. PENALTIES FOR PRACTICING ILLEGALLY

If any person for any reason whatsoever, shall practice, attempt, or offer to practice dentistry or dental hygiene illegally within the meaning of this chapter, he or she shall be deemed guilty of a misdemeanor, and upon conviction shall be fined not less than five hundred dollars ($500.00) nor more than one thousand dollars ($1,000.00) or be imprisoned in the county jail not less than two months nor more than six months.

§ 73-9-59. PROSECUTING OFFICERS UNDER DUTY TO ACT

It shall be the duty of the several prosecuting officers of this state on notice from a member of the board or other persons having knowledge of violations of this chapter to institute prosecutions in the same manner as for other misdemeanors.

§ 73-9-61. LICENSE REVOKED OR SUSPENDED FOR CAUSE; MONETARY PENALTY IN LIEU OF REVOCATION OR SUSPENSION; OTHER DISCIPLINARY MEASURES

(1) Upon satisfactory proof, and in accordance with statutory provisions elsewhere set out for such hearings and protecting the rights of accused as well as the public, the State Board of Dental Examiners may revoke or suspend the license of any licensed dentist or dental hygienist practicing in the State of Mississippi, or by taking any other action in relation to his license as the board may deem proper under the circumstances, for any of the following reasons:

(a) Misrepresentation in obtaining a license, or a willful violation of any of the provisions of the laws of the State of Mississippi pertaining to the practice of dentistry or dental hygiene.

(b) Willful violation of any of the rules or regulations duly promulgated by the board, or of any of the rules or regulations duly promulgated by the appropriate dental licensure agency of another state or jurisdiction.

(c) Gross immorality or habitual personal use of intoxicants or drugs rendering such person unfit for the practice of dentistry or dental hygiene.

(d) Administering, dispensing or prescribing any narcotic drug, or any other drug having addiction-forming or addiction-sustaining liability otherwise than in the course of legitimate professional practice.

(e) Conviction of violation of any federal or state law regulating the possession, distribution or use of any narcotic drug or any drug considered a controlled substance under state or federal law.

(f) Malpractice, gross ignorance, incompetency or the employing of unlicensed persons to perform work which under state law can only be done legally by persons holding a license to practice in this state.

(g) Any unprofessional conduct to be determined by the board on a case-by-case basis, which shall include but not be restricted to the following:
(i) Committing any crime involving moral turpitude.

(ii) Practicing deceit or other fraud upon the public.

(iii) Practicing dentistry or dental hygiene under a false or assumed name.

(iv) Advertising that is false, deceptive or misleading.

(v) Announcing a specialized practice shall be considered advertising that tends to deceive or mislead the public unless the dentist announcing as a specialist conforms to other statutory provisions and the duly promulgated rules or regulations of the board pertaining to practice of dentistry in the State of Mississippi.

(vi) Contumacious refusal to abide by the principles of ethics which are approved and published by the American Dental Association, when such principles have been adopted by the Mississippi Board of Dental Examiners and after due notice of such allegation or violation has been given to such person charged and he has had reasonable time, not to exceed fifteen (15) days, to comply therewith.

(h) Being guilty of an offense under the laws of a state punishable by death or imprisonment for a term exceeding one (1) year; or being guilty of an offense under the laws of the federal government punishable by death or imprisonment for a term exceeding one (1) year. Conviction in a state or federal court shall constitute prima facie evidence of such guilt in proceedings before the board for the purpose of determining whether the license of any licensed dentist or dental hygienist should be revoked or suspended.

(i) Willful, obstinate, contumacious and continuing refusal to cooperate with the board in observing its rules and regulations in promptly paying all legal license or other fees required by law.

(j) Practicing dentistry or dental hygiene while such person's license is suspended.

(2) In lieu of revocation of a license as provided for above, the board may suspend the license of the offending dentist or dental hygienist, suspend the sedation permit of the offending dentist, or take any other action in relation to his license as the board may deem proper under the circumstances.

(3) When a license to practice dentistry or dental hygiene is revoked or suspended by the board, the board may, in its discretion, stay such revocation or suspension and simultaneously place the licensee on probation upon the condition that such licensee shall not violate the laws of the State of Mississippi pertaining to the practice of dentistry or dental hygiene and shall not violate the rules and regulations of the board and shall not violate any terms in relation to his license as may be set by the board.

(4) In a proceeding conducted under this section, by the board for the revocation or suspension of a license to practice dentistry or dental hygiene, the board shall have the power and authority for the grounds stated for such revocation or suspension, and in addition thereto or in lieu of such revocation or suspension may assess and levy upon any person licensed to practice dentistry or dental hygiene in the State of Mississippi, a monetary penalty, as follows:
(a) For the first violation of any of subparagraphs (a), (b), (c), (d), (e), (f), or (g) of subsection (1) of this section, a monetary penalty of not less than Fifty Dollars ($50.00) nor more than Five Hundred Dollars ($500.00).

(b) For the second violation of any of subparagraphs (a), (b), (c), (d), (e), (f), or (g) of subsection (1) of this section, a monetary penalty of not less than One Hundred Dollars ($100.00) nor more than One Thousand Dollars ($1,000.00).

(c) For the third and any subsequent violation of any of subparagraphs (a), (b), (c), (d), (e), (f), or (g) of subsection (1) of this section, a monetary penalty of not less than Five Hundred Dollars ($500.00) and not more than Five Thousand Dollars ($5,000.00).

(d) For any violation of any of subparagraphs (a), (b), (c), (d), (e), (f), (g), or (h) of subsection (1) of this section, those reasonable costs that are expended by the board in the investigation and conduct of a proceeding for licensure revocation or suspension, including but not limited to the cost of process service, court reporters, expert witnesses and investigators.

(5) The power and authority of the board to assess and levy such monetary penalties hereunder shall not be affected or diminished by any other proceeding, civil or criminal, concerning the same violation or violations except as provided in this section.

(6) A licensee shall have the right of appeal from the assessment and levy of a monetary penalty as provided in this section under the same conditions as a right of appeal is provided elsewhere for appeals from an adverse ruling, order or decision of the board.

(7) Any monetary penalty assessed and levied under this section shall not take effect until after the time for appeal shall have expired. In the event of an appeal, such appeal shall act as a supersedeas.

(8) A monetary penalty assessed and levied under this section shall be paid to the board by the licensee upon the expiration of the period allowed for appeal of such penalties under this section or may be paid sooner if the licensee elects. With the exception of subsection (4)(d) of this section, monetary penalties collected by the board under this section shall be deposited to the credit of the General Fund of the State Treasury. Any monies collected by the board under subsection (4)(d) of this section shall be deposited into the special fund operating account of the board.

(9) When payment of a monetary penalty assessed and levied by the board against a licensee in accordance with this section is not paid by the licensee when due under this section, the board shall have power to institute and maintain proceedings in its name for enforcement of payment in the chancery court of the county and judicial district of residence of the licensee, and if the licensee be a nonresident of the State of Mississippi, such proceedings shall be in the Chancery Court of the First Judicial District of Hinds County, Mississippi.

(10) In addition to the reasons specified in subsection (1) of this section, the board shall be authorized to suspend the license of any licensee for being out of compliance with an order for support, as defined in Section 93-11-153. The procedure for suspension of a license for being out of compliance with an order for support, and the procedure for the reissuance or reinstatement of a license suspended for that purpose, and the payment of any fees for the reissuance or reinstatement of a license suspended for that purpose, shall be governed by Section 93-11-157 or 93-11-163, as the case may be. If there is any conflict between any provision of Section 93-11-157 or 93-11-163 and any provision of this chapter, the provisions of Section 93-11-157 or 93-11-163, as the case may be, shall control.
§ 73-9-63. ACCUSATION FILED AGAINST DENTIST OR DENTAL HYGIENIST; REVOCATION OF LICENSE AFTER HEARING

Any accusation may be filed with the secretary of the board, by an investigator of the board or by any person charging any licensed dentist or dental hygienist with the commission of any of the offenses enumerated in the preceding section. Such accusation shall be in writing and signed by the accuser, or accusers. If upon review of the accusation, the board determines that there is not substantial justification to believe that the accused dentist or dental hygienist has committed any of the offenses enumerated in the preceding section, it may dismiss the complaint or may prepare a formal complaint proceeding against the licensee as hereinafter provided. In the event of a dismissal, the person filing the accusation and the accused dentist or dental hygienist shall be given written notice of the board’s determination. If the board determines there is reasonable cause to believe the accused has committed said offenses, the secretary of the board shall set a day for a hearing, and shall transmit to the accused a true copy of all papers filed with him, relating to such accusation and shall notify the accused that on the day fixed for hearing he may appear and show cause if any why his or her license to practice dentistry or dental hygiene in the state should not be revoked. For the purpose of such hearings the board, or its designee, is hereby empowered to require the attendance of witnesses, reimburse witnesses for necessary expenses and mileage incurred in attending such hearing, subpoena documents and records, employ and compensate expert witnesses, administer oaths and hear testimony, either oral or documentary, for and against the accused. Any such hearing shall be conducted by a majority of the members of the board. A record of the hearing shall be made which shall consist of a transcript of all testimony received and all documents and other material introduced. If after such hearing the board shall be satisfied that the accused has been guilty of the offense charged in the accusation, it shall thereupon, without further notice, order such disciplinary action as it deems proper.

§ 73-9-65. ACCUSED ENTITLED TO NOTICE, HEARING AND APPEAL; PRACTICE OF DENTISTRY OR DENTAL HYGIENE PENDING APPEAL

No action to revoke or suspend a license shall be taken until the accused has been furnished a statement of the charges against him and a notice of the time and place of hearing thereof. The accused may be present at the hearing in person, by counsel, or both. When a license is revoked or suspended the secretary shall certify the revocation or suspension to the clerk of the county or counties with whom the accused shall have filed his license, or certified copy thereof; the board may, for good cause shown, reinstate any license so revoked or suspended; and in case of reinstatement of the license, the secretary shall certify such reinstatement to said clerk. The procedure for the reinstatement of a license that is suspended for being out of compliance with an order for support, as defined in Section 93-11-153, shall be governed by Section 93-11-157 or 93-11-163, as the case may be. The right to appeal from the action of the board in revoking or suspending the license of any dentist or dental hygienist is hereby granted. Such appeal shall be to the chancery court of the county in which such dentist is practicing, and must be taken within thirty (30) days after notice of the action of the board in revoking or suspending such license. The appeal is perfected upon filing notice of appeal, together with bond in the sum of One Hundred Dollars ($100.00), with two (2) sureties, conditioned that if the action of the board in revoking or suspending the license be affirmed by the chancery court the dentist or dental hygienist will pay the costs of the appeal and the action in the chancery court. Such bonds shall be approved by the president of the board. In lieu of the bond, the dentist or dental hygienist may deposit One Hundred Dollars ($100.00) with the clerk of the chancery court. If there is an appeal, such appeal may, in the discretion of and on motion to the chancery court, act as a supersedeas. The chancery court shall dispose of the appeal and enter its decision promptly. The hearing on the appeal may, in the discretion of the chancellor, be tried in vacation. Appeals may be had to the Supreme Court of the State of Mississippi as provided by law from any final action of the chancery court. No such person shall be allowed to practice dentistry or dental hygiene or deliver health care services in violation of any action of the chancery court revoking or suspending his or her license while any such appeal to the Supreme Court is pending.
Actions taken by the board in suspending a license when required by Section 93-11-157 or 93-11-163 are not actions from which an appeal may be taken under this section. Any appeal of a license suspension that is required by Section 93-11-157 or 93-11-163 shall be taken in accordance with the appeal procedure specified in Section 93-11-157 or 93-11-163, as the case may be, rather than the procedure specified in this section.

§ 73-9-67. REPEAL OF § 73-9-1 THROUGH § 73-9-65

Sections 73-9-1 through 73-9-65, Mississippi Code of 1972, which create the Mississippi State Board of Dental Examiners and prescribe its duties and powers, shall stand repealed as of July 1, 1997.

§ 25-41-3. DEFINITIONS

For Purposes of this Chapter, the Following Words Shall Have the Meaning Ascribed Herein, to-wit:

(a) "Public Body" shall mean: (i) any executive or administrative board, commission, authority, council, department, agency, bureau or any other policymaking entity, or committee thereof, of the State of Mississippi, or any political subdivision or municipal corporation of the state, whether such entity be created by statute or executive order, which is supported wholly or in part by public funds or expends public funds, and (ii) any standing, interim or special committee of the Mississippi Legislature. There shall be exempted from the provisions of this chapter the judiciary, including all jury deliberations, public and private hospital staffs, public and private hospital boards and committees thereof, law enforcement officials, the military, the State Probation and Parole Board, the Workers’ Compensation Commission, legislative subcommittees and legislative conference committees, and license revocation, suspension and disciplinary proceedings held by the Mississippi State Board of Dental Examiners.

(b) "Meeting" shall mean an assemblage of members of a public body at which official acts may be taken upon a matter over which the public body has supervision, control, jurisdiction or advisory power.

REGULATIONS ADOPTED BY THE
MISSISSIPPI STATE BOARD OF DENTAL EXAMINERS

BOARD REGULATION NUMBER 1
CODE OF ETHICS

Pursuant to the provisions in Miss. Code Ann. § 73-9-61, the Mississippi State Board of Dental Examiners adopts the current Principles of Ethics and Code of Professional Conduct of the American Dental Association.

Regulation One adopted by the Mississippi State Board of Dental Examiners on March 28, 1974; amended September 25, 1992.

BOARD REGULATION NUMBER 3
REGULATION OF INDIVIDUALS WITH LESS THAN FULL LICENSURE

All students, interns, externs, residents, faculty, staff, or others who engage in the practice of dentistry or dental hygiene in colleges, universities, or institutions, and who may be privileged to practice with less than full regular licensure are subject to all other provisions of the acts regulating the practice of dentistry or dental hygiene in the State, including the rules and regulations promulgated by the Board.

Regulation Three adopted by the Mississippi State Board of Dental Examiners prior to 1975; amended September 25, 1992.

BOARD REGULATION NUMBER 5
REQUIREMENTS FOR TEACHING INSTITUTIONS

Pursuant to the provisions in Miss. Code Ann. § 73-9-13, as amended,

I. The clinical dental facility within institutions, schools, colleges, universities, and other agencies where less than fully licensed persons may be privileged to practice therein will be required to obtain recognized and approved status annually from the Board by the following procedure:
A. By written application to the Secretary of the Board at least three months prior to commencement or initial operations providing the following information:

1. Name of parent institution and authority for operations;
2. Location of principal clinical facility;
3. Locations of all satellite facilities;
4. Names and license numbers of regularly licensed teaching staff;
5. Names of licensed teachers or staff with provisional or teaching licenses;
6. Description of services to be rendered;
7. Number of clinical students anticipated and the expected clinical staff/student ratio;
8. Source of patients;
9. Submission of other such information that the Board may deem necessary.

B. A separate and similar description for each satellite clinical facility.

C. The Board shall be notified of any change in the previously stated plan sixty days prior to such change except staffing, which shall be reported within thirty days.

D. Application for such privilege in accordance with Section 73-9-13, Mississippi Code of 1972, Annotated, as amended shall be made on an annual basis for submitting a new application noting any change sixty days prior to a new year.

E. The Secretary of the Board shall be provided annually with a list of teaching staff, setting forth position held and license number and amount of time devoted to teaching. For those holding provisional or teaching licenses, it must be verified that they are full-time faculty and in good standing.

F. An annual declaration must be included regarding accreditation by the appropriate agency.

II. The Board or its representative may conduct inspection of any such clinical facility whenever deemed necessary.

III. The Board may withdraw approved status of any clinical dental facility if it deems such action shall be necessary or in the best interests of the people of this state.

Regulation Five adopted by the Mississippi State Board of Dental Examiners prior to 1975; amended June 7, 1984; amended September 25, 1992.

BOARD REGULATION NUMBER 7
PROVISIONAL LICENSURE

I. Pursuant to its authority under Miss. Code Ann. § 73-9-28 (Supp. 1983), the Board may, in its discretion, award the following types of licenses other than regular licenses to practice dentistry or dental hygiene in this State, to individuals selected for the faculty of any college of dentistry, college of dental hygiene, or other dental auxiliary program; and for participants in any Board-approved fellowship program:
A. Provisional License

1. A provisional license shall authorize the licensee to perform only the following:
   a. instruction,
   b. the performance of dentistry or dental hygiene adjunct to instruction, and,
   c. participation in intramural practice plans, subject to the limitations set forth in Section II of this Regulation.

2. A provisional license may be awarded by the Board if the applicant meets the following criteria:
   a. the applicant is a graduate of a fully accredited dental or dental hygiene school, and,
   b. certified by the National Board of Dental Examiners, and,
   c. licensed to practice in at least one state in the United States, and,
   d. the applicant has not failed the Mississippi dental or dental hygiene licensure exam, and,
   e. he is recommended for such licensure by the Dean of the institution at which he is to teach; or
   f. he has held what was known as a provisional license prior to August 1, 1984, and he is recommended by the Dean of the institution at which he is to teach for a provisional license under these amendments.

3. A provisional license shall be valid for one year and must be renewed annually by application to the Board.

4. Provisional licenses shall be awarded only to full-time faculty.

B. Teaching License

1. A teaching license shall authorize the licensee to perform only the following:
   a. instruction, and,
   b. performance of dentistry or dental hygiene adjunct to instruction, and,
   c. nonmechanical consultation with Federal or State Agencies, whether for a fee or not.

2. A teaching license may be awarded by the Board if the applicant meets the following criteria:
   a. the applicant is either a graduate of a fully accredited dental or dental hygiene school in the United States, or, the applicant is licensed to practice dentistry or dental hygiene in a foreign country, and, holds a faculty appointment in a dental or dental hygiene school in such foreign country, and,
   b. he is recommended for such licensure by the Dean of the institution at which he is to teach.

3. A teaching license shall be valid for a period of one year, and shall not be renewed unless the Board, in its discretion, determines otherwise.

4. A teaching license shall be awarded to either full-time faculty, or part-time faculty.

C. Provisional Fellowship License

1. A Provisional Fellowship License shall authorize the licensee to perform only dentistry or dental hygiene adjunct to that individual’s participation in any Board-approved fellowship program.
2. A Provisional Fellowship License does not entitle the individual to practice dentistry or dental hygiene in any manner whatsoever outside the scope and responsibilities of that individual’s participation in any Board-approved fellowship program, and any attempt to do so would be grounds for revocation of such license to practice dentistry or dental hygiene in the State of Mississippi.

3. A Provisional Fellowship License may be awarded by the Board if the individual meets the following criteria:
   a. the individual is a graduate of a fully accredited dental or dental hygiene school, and,
   b. certified by the National Board of Dental Examiners, and,
   c. licensed to practice dentistry or dental hygiene in at least one state in the United States, and,
   d. the individual has not failed the Mississippi dental or dental hygiene licensure exam, and,
   e. the individual is recommended for such licensure by the institution at which he/she is to participate in the Board-approved fellowship program, and,
   f. the individual accurately completes the appropriate application for licensure and submits to an interview before the Board for approval as a participant in any Board-approved fellowship program prior to the actual commencement of participation in the Board-approved fellowship program.

4. A Provisional Fellowship License shall be valid for one year and must be renewed annually by application to the Board.

5. Provisional Fellowship Licenses shall be awarded only to full-time participants in any Board-approved fellowship program.

II. The policy of the State of Mississippi, as enacted by the Legislature in the Mississippi Dental Practice Act is that only those persons who have taken and passed examinations administered and approved by this Board should be permitted to practice dentistry or dental hygiene in exchange for compensation from members of the public. Being bound by the enactment of the Legislature, the Board hereby adopts the following limitations on such practice, whether it be referred to as "intramural" or otherwise, by faculty of any college of dentistry, college of dental hygiene or other dental auxiliary program.

A. Persons who are under hire as members of the faculty of any of said institutions prior to August 1, 1984, may continue to participate in "intramural" practice programs at their respective institutions until December 31, 1985. From and after December 31, 1985, no intramural practice by such current faculty members shall be permitted unless such faculty member has duly applied for, taken and passed an examination for licensure in this state which is administered and approved by this Board.

B. Persons who are hired as members of the faculty of any of said institutions after August 1, 1984, shall be permitted to participate in intramural practice programs at their respective institutions only up to the date of the first examination for licensure administered and approved by this Board after the respective date of hire of such persons. From and after the date of such first examination, no faculty member hired after August 1, 1984, shall be permitted to engage in intramural practice unless such faculty member has applied for, taken and passed an examination in this state which is administered and approved by this Board.
BOARD REGULATION NUMBER 9
DEFINITION OF FULL-TIME FACULTY

Full-time faculty or full-time teaching is defined as those in full-time employment by a college, university, institution or organization which is recognized and approved by the Board for the purpose of teaching and by those who devote at least 32 hours per week to such endeavor.

Regulation Nine adopted by the Mississippi State Board of Dental Examiners prior to 1975; amended June 7, 1984; amended September 25, 1992.

BOARD REGULATION NUMBER 11
RESCINDED

Regulation Eleven adopted by the Mississippi State Board of Dental Examiners prior to 1975; rescinded in lieu of amendments to the Mississippi Dental Practice Act on July 9, 1983.

BOARD REGULATION NUMBER 13
PROCEDURES NOT DELEGATED TO AUXILIARY PERSONNEL

Purpose: Pursuant to the provisions of Miss. Code Ann. §§ 73-9-3 ¶ 9, 73-9-5, and 73-9-13, to further determine procedures which require the professional judgement and skill of a dentist and which, as such, may not be delegated to auxiliary personnel. Therefore, the following procedures may not be delegated to auxiliary personnel.

1. The taking of any impression of the human mouth or oral structure that will be used in the restoration, repair, or replacement of any natural or artificial teeth or for the fabrication or repair of any dental appliance. The Board has further determined that impressions for study models and opposing models, and the construction, adjustment, and cementation of temporary crowns (temporary means crowns placed while permanent restoration is being fabricated) do not require the professional judgement and skill of a dentist and may be delegated to competent dental auxiliary personnel in accordance with § 73-9-3.

2. The placement or cementation of inlays, permanent crowns, fixed bridges, removable bridges, partial dentures, or full dentures.

3. The equilibration or adjustment of occlusion on natural or artificial dentition, restoration, or sealants.

4. The activation or adjustment of orthodontic appliances.

5. Injections of drugs, medication, or anesthetics by those not authorized by Mississippi law to administer such agents.

6. Performing pulp capping, pulpotomy and other endodontic therapy.

8. Placement of any subgingival medicated cords.

BOARD REGULATION NUMBER 13-A
RESCINDED

Regulation Thirteen-A adopted by the Mississippi State Board of Dental Examiners November 3, 1995; rescinded in lieu of amended Regulation Thirteen on March 8, 1996.

BOARD REGULATION NUMBER 14
CANDIDATE PARTICIPATION IN LICENSURE EXAMINATION

Any candidate for licensure to practice dentistry or dental hygiene in the State of Mississippi will be allowed to take the State licensure examination twice. If the candidate fails the Board for the second time, then, in the case of a candidate for licensure to practice dentistry, the candidate must take and successfully complete one (1) academic year of clinical training in an approved dental school before being allowed to take the examination for the third time, and, in the case of a candidate for licensure to practice dental hygiene, the candidate must take and successfully complete six (6) months of clinical training in an approved dental hygiene school before being allowed to take the examination for the third time.

BOARD REGULATION NUMBER 16
RESCINDED

Regulation Sixteen adopted by the Mississippi State Board of Dental Examiners January 1, 1980; amended March 22, 1980; rescinded in lieu of amendments to the Mississippi Dental Practice Act on July 9, 1983.

BOARD REGULATION NUMBER 18
RESCINDED

Regulation Eighteen adopted by the Mississippi State Board of Dental Examiners prior to 1981; rescinded in lieu of amendments to the Mississippi Dental Practice Act on July 9, 1983.

BOARD REGULATION NUMBER 19
MAIL BALLOTS

Pursuant to the provisions in Miss. Code Ann. § 73-9-13(n) (Supp. 1983), the Board may transact business by mail, without the necessity of actual assembly, provided that a majority of the Board confirms such action in writing. The Board shall conduct no business by mail which by
1. Upon receipt by the Executive Secretary of any written motion made by a duly constituted Board member, the Executive Secretary shall forward, within two (2) days thereafter, a copy of the written motion and a mail ballot to each Board member for action thereon.

2. Each Board member's completed ballot shall be received by the Executive Secretary within fifteen (15) days after the date that the ballots were postmarked to the members of the Board, with any ballot received by the Executive Secretary after that time not to be considered in tabulating the final vote on the motion. The motion and the vote of each Board member by name shall be placed upon the minutes of the Board within twenty (20) days after the date that the ballots were postmarked to the members with the original written motion and individual ballots being separately preserved.

Regulation Nineteen adopted by the Mississippi State Board of Dental Examiners on June 7, 1984; amended September 25, 1992.

BOARD REGULATION NUMBER 21
RESCINDED

BOARD REGULATION NUMBER 23
LICENSE REINSTATEMENT

The reinstatement of licenses which have been stricken from the rolls for failure to pay registration fees for periods in excess of ninety (90) days shall be governed as follows:

I. Where the period of time for which the license has been stricken from the rolls is less than three (3) years, and the applicant has continuously during that time been fully licensed to practice and actually has practiced his profession or specialty in another state, or in the armed forces, reinstatement may be applied for and obtained by submitting the following to the Board:

A. A completed application form with attachments; and

B. Payment of the applicable annual registration fee for each year it has not been paid, plus payment for the year in which reinstatement is sought.

II. Where the period of time for which the licensee has been stricken from the rolls is less than three (3) years, but the applicant has not continuously during that time been fully licensed to practice and actually practicing his profession or specialty in another state, or in the armed forces, reinstatement may be applied for by:

A. Submitting the application and payment provided for in subsection "A" above; and,
B. Appearing personally before the Board to respond to such inquiries as the Board may deem appropriate in determining whether reinstatement is appropriate without subjecting the applicant to examination and other licensing requirements as an original applicant.

C. Where the period of time for which the license has been stricken from the rolls is more than three (3) years, but less than seven (7) years, and the applicant has continuously during that time been fully licensed to practice and actually has practiced his profession or specialty in another state or in the armed forces, reinstatement may be applied for according to the application procedure set forth in subsection "B" above.

D. In all cases other than those set forth above, reinstatement may only be obtained by taking the examination and completing other licensing requirements as an original applicant.

*Regulation Twenty-Three adopted by the Mississippi State Board of Dental Examiners on August 10, 1984; amended January 17, 1985; amended September 25, 1992.*

BOARD REGULATION NUMBER 25
RADIOLOGY PERMITS

I. Authority:

The 1985 Mississippi Dental Practice Act (Miss. Code Ann. §§ 73-9-1, et. seq., [Supp. 1985]) requires the Mississippi State Board of Dental Examiners (hereinafter, the Board), to carry out the purposes and provisions of the laws pertaining to the practice of dentistry and dental hygiene in Mississippi. Section 73-9-5 of the Dental Practice Act provides that the Board may prohibit any auxiliary personnel from rendering service that it feels is not in the best interest of public welfare.

II. Purpose:

It is the purpose of this Board regulation to:

A. Provide for the establishment of minimum standards for the issuance of permits to such persons who are found to be qualified to administer dental radiologic procedures; and

B. Insure that the administration of dental radiologic procedures by dental auxiliaries is consistent with the Board’s duty to protect the interest of public welfare.

III. General Provisions:

Anyone other than a licensed dentist who desires to use ionizing radiation procedures in dentistry must obtain a radiology permit from the Board or be exempt as provided below:

A. Dental hygienists who are currently licensed in the State of Mississippi are considered to have satisfied the requirements of this regulation and will not be required to obtain a radiology permit. Dental hygienists who have graduated from an accredited school of dental hygiene but are not licensed in this state will be required to apply for a radiology permit.

B. Dental assistants certified by the Dental Assisting National Board, Inc. and who also are graduates of accredited dental assisting programs accredited by the American Dental Association Commission on Dental Accreditation are considered to have satisfied the requirements of this regulation and will not be required to complete further study or testing to make application for a radiology permit.

C. Dental assistants who only are graduates of accredited dental assisting programs accredited by the American Dental Association Commission on Dental Accreditation shall, upon successful completion of any twelve (12) hours of a radiology continuing education seminar approved in advance by the Board and the Mississippi Medical Radiation Advisory Council, be eligible for a permit. (See Section III.F.)

D. Dental assistants not otherwise qualified for a radiology permit, pursuant to Sections III.B. and III.C., shall, upon successful completion of any twelve (12) hours of a radiology continuing education seminar approved in
advance by the Board and the Mississippi Medical Radiation Advisory Council, be eligible for a permit. (See Section III.F.)

E. Dental students, dental hygiene students, and dental assistant students actively enrolled in programs accredited by the American Dental Association Commission on Dental Accreditation and employed by a dentist or other entity lawfully authorized to provide dental services shall be entitled to receive a radiology permit upon proof of successful completion of twelve (12) hours of course work in radiology.

F. For a continuing education course to be approved by the Board and the Mississippi Medical Radiation Advisory Council, the course must include a test at the conclusion of the course which determines whether the attendee successfully retained the subject material presented. For all radiology courses taken after July 1, 1996, the dental assistant must submit proof of completion of such radiology course and the proper credentials as outlined in Section IV to the Board within ninety (90) days following completion of the radiology course. If the dental assistant does not submit such proof on a timely basis, the assistant shall be required to receive a passing grade on a radiology test administered by the Board or attend and successfully complete another radiology course and afterwards submit the proper credentials within ninety (90) days as outlined in Section IV.

IV. Issuance of Radiology Permits:

Applicants must submit the following to the Board:

A. Application for a radiology permit;

B. Certified check or money order to cover the application fee; and

C. Proof of completion of the requirements set forth in Sections III.B., III.C., III.D., and III.E.

V. Re-issuance of Expired Permits:

A person who previously has held a permit to administer radiographs in this state but has not kept the permit current will be required to complete all requirements as set out herein for original applicants.

VI. Annual Renewal of Radiology Permits:

A. The State Board of Dental Examiners shall maintain a compiled list of names and post office addresses for all persons who have applied for and been issued a radiology permit. Every person holding a radiology permit shall promptly keep the Board advised of any change of mailing address.

B. Every person who holds a radiology permit shall, together with the required information and specified renewal fee, apply within the period of sixty (60) days prior to September 1 each year for annual renewal of permits. Any person who shall be delinquent in payment of renewal fees for a period as long as ninety (90) days shall be voided for failure to register his/her radiology permit.
C. If the payment of the annual renewal fee is not received by the Board on or before August 31 each year, the Board may enact and enforce a penalty for the delinquent payment of the annual renewal fee. As stated in Section VI.B. above, the penalty phase will run for ninety (90) days. Accordingly, on December 1 each year any radiology permit that has not been renewed will be voided for a failure to re-register.

D. Refer to Board Regulation 37 for the current fee schedule for applications for radiology permits, annual renewal of radiology permits, and penalties for delinquent renewal of radiology permits.

VII. Enforcement:

Licensed dentists who allow dental auxiliaries to expose radiographs without complying with this regulation shall be considered in violation of Sections 73-9-61 and 41-58-5, Mississippi Code of 1972, Annotated, and may at the Board’s discretion, be subject to license revocation, suspension, or other action thereon.

BOARD REGULATION NUMBER 27
EXAMINATION REVIEW PROCEDURES

1. Each individual who takes the practical examination for licensure as a dentist or dental hygienist and does not pass the examination shall be provided with copies of his/her individual "overall grade sheet" upon notification of his/her failure of the examination. In addition, the failing candidate shall be provided with a copy of this regulation so that he/she will be fully advised of the review procedure.

2. If the failing candidate desires to see his/her failing criteria, he/she may make a written request for such information from the Board office.

3. If a failing candidate desires to request a review by this Board of his/her examination results, he/she must file a written request for review within forty-five (45) days of the date of the notice of the failure of examination. The request must be in writing, sent by certified mail, return receipt requested, and must be received in the Board office at Suite 100, 600 East Amite Street, Jackson, Mississippi 39201-2801, on or before 5:00 o'clock p.m. on the 45th day.

4. The written request for review by the Board must state with sufficient clarity the reasons why the applicant feels the results of the examination should be changed. If the Board determines that the request for review does not adequately state the reasons for review, the Board may either dismiss the review or request additional information from the candidate, and the Board may extend the forty-five (45) day deadline mentioned above in order to permit elaboration by the candidate.

5. Upon receipt of the written request for review, the Board may conduct a review of the examination results and the written request for review in a closed session. This closed session review by the Board may be conducted at a time and place to be determined by the Board in its complete discretion.
6. If the candidate requests, an informal conference will be scheduled by the Board. The informal conference may occur in closed session at a regularly scheduled Board meeting and may be attended by the individual board members attending the meeting, the Board’s legal counsel or a representative of the Attorney General’s office, and the candidate. The candidate may choose to be represented by counsel, however, counsel for the candidate will not be permitted to engage in discussions with the Board. Counsel for the candidate may advise the candidate, but any questions propounded by the Board to the candidate are to be answered by the candidate. The candidate will be afforded the opportunity to discuss his or her examination results with the Board, but the board will not be required to answer any questions propounded by the candidate.

7. The burden will be on the candidate to show substantial cause why the results should be changed. The board will consider the following to be adequate reasons for modification of examination results:

a. A showing of significant procedural error in the examination process;
b. Evidence of bias, prejudice, or discrimination in the examination process;
c. Other significant errors which result in substantial disadvantage to the candidate.

8. After the Board has reviewed the examination results and the application for review, or after an informal conference with the candidate, the Board may retire to render its decision in closed session or it may decide that it wants to investigate further. Thereafter, the Executive Secretary of the Board shall communicate the Board’s decision to the candidate. Unless the Board decides to investigate further, any decision of the Board will be final.

Regulation Twenty-Seven adopted by the Mississippi State Board of Dental Examiners on June 4, 1987; amended September 25, 1992; amended September 20, 1996.

BOARD REGULATION NUMBER 29
ADMINISTRATION OF ANESTHESIA

I. DEFINITIONS

A. LOCAL ANESTHESIA. The elimination of sensations, especially pain in one part of the body, by topical application or regional injection of a drug.

B. GENERAL ANESTHESIA. A controlled state of unconsciousness, accompanied by a partial or complete loss of protective reflexes, including inability to independently maintain an airway and respond purposefully to physical stimulation or verbal command, produced by a pharmacologic method.

C. INTRAVENOUS OR PARENTERAL CONSCIOUS SEDATION. A depressed level of consciousness that retains the patient’s ability to independently and continuously maintain an airway and respond appropriately to physical stimulation or verbal command, produced by a pharmacologic method.

II. Any person licensed to practice dentistry in the State of Mississippi shall be authorized to use anesthesia in accordance with the provisions of this section.
III. LOCAL ANESTHESIA. All licensed dentists are authorized to use local anesthesia.

IV. GENERAL ANESTHESIA. No dentist shall use general anesthesia in his office on an out-patient basis for dental patients, unless such dentist possesses a permit of authorization issued by the Board.

A. In order to receive such permit, the dentist must apply on a prescribed application form to the Board, submit specified application fee, and produce evidence showing that he or she:

1. Has completed a minimum of one year of advanced training in anesthesiology and related academic subjects (or its equivalent) beyond the undergraduate dental school level in a training program as described in Part II of the American Dental Association's "Guidelines for Teaching the Comprehensive Control of Pain and Anxiety in Dentistry;" or

2. Is a diplomat of the American Board of Oral and Maxillofacial Surgery, or is eligible for examination by the American Board of Oral and Maxillofacial Surgery, or is a member of the American Association of Oral and Maxillofacial Surgeons; or

3. Employs or works in conjunction with a qualified anesthesiologist or certified nurse anesthetist who is a member of the anesthesiology staff in an accredited hospital, provided that such anesthesiologist or nurse anesthetist must remain on the premises of the dental facility until any patient given a general anesthetic regains consciousness and is discharged; and

4. Has a properly equipped facility for the administration of general anesthesia staffed with a supervised team of auxiliary personnel capable of reasonably assisting the dentist with procedures, problems and emergencies incident thereto. Adequacy of the facility and competence of the anesthesia team shall be determined by the Board as outlined below.

5. Holds an Advanced Cardiac Life Support (ACLS) certificate, or a certificate from a Board-approved course. Those holding a general anesthesia permit at the time of the enactment of this regulation must be ACLS certified beginning with the 1994 registration.

B. Facilities

1. The Board adopts the standards regarding the equipment within a facility as set forth by the American Association of Oral and Maxillofacial Surgeons in the Office Anesthesia Evaluation Manual, latest edition, as the standards by which each dentist administering general or IV anesthesia must meet. Certification of offices by the American Association of Oral and Maxillofacial Surgeons as meeting the standards adopted constitutes a prima facie showing that the dentist meets the standards.

2. In addition to complying with the standards adopted in subsection 1 of this section, the dentist shall be required to show that the facility
is staffed with a team of personnel capable of handling procedures, problems and emergencies incident to the administration of general anesthesia.

4. Any dentist administering general or IV anesthesia at a facility other than his own office or facility must insure that the proper equipment and personnel as required in subsections one (1) and two (2) of this section are present.

C. Prior to the issuance of such permit the Board shall conduct an on-site inspection of the facility, equipment and personnel to determine if, in fact, the aforementioned requirements have been met. This evaluation shall be carried out in a manner prescribed by the Board and the cost thereof shall be included in the general anesthesia permit fee.

If the results of the initial evaluation are deemed unsatisfactory, the applicant may request another review.

D. Renewal

1. Any dentist holding a permit of authorization issued by the Board shall be subject to review and such permit must be renewed annually.

2. The Board shall, in accordance with its laws and rules and regulations, together with appropriate and required information and renewal fee, renew the general anesthesia permit annually unless the holder is informed in writing that a reevaluation of his credentials and/or facilities is to be required. In determining whether such reevaluation is necessary, the Board shall consider such factors as it deems pertinent including, but not limited to, patient complaints and reports of adverse occurrences.

E. Advanced Cardiac Life Support and CPR

Any dentist using general anesthesia shall be ACLS certified or hold a certificate from a Board-approved course, and his auxiliary personnel must meet the requirements set forth in Board Regulation 45.

V. INTRAVENOUS OR PARENTERAL SEDATION

The issuance of a permit for general anesthesia shall include the privileges of administering intravenous or parenteral sedation in accordance with the provisions of this section.

A. No dentist shall use intravenous or parenteral sedation on an outpatient basis for dental patients unless such dentist possesses a permit of authorization issued by the Board.
B. Each dentist who is licensed to practice dentistry in the state who desires to use intravenous or parenteral sedation must apply on a prescribed form to the Board and submit specified application fee.

C. A dentist may employ or use intravenous or parenteral sedation on an outpatient basis for dental patients provided he:

1. Has received formal training in the use of intravenous or parenteral sedation; and

2. Is certified by the institution where the training was received to be competent in the administration of intravenous or parenteral sedation.

Such certification shall specify the type, the number of hours and the length of training; the minimum number of didactic hours shall be forty (40); the minimum number of patient contact hours shall be twenty (20); the preceding is necessary for recognition of the formal training program.

This formal training program shall be sponsored by or affiliated with a university, teaching hospital or other facility approved by the Board or part of the undergraduate curriculum of an accredited dental school; and

3. Is competent to handle all emergencies relating to intravenous or parenteral sedation.

4. Holds an Advanced Cardiac Life Support (ACLS) certificate, or a certificate from a Board-approved course. Those holding an intravenous or parenteral sedation permit at the time of the enactment of this regulation must be ACLS certified beginning with the 1994 registration.

D. Facilities

A dentist utilizing intravenous or parenteral sedation shall do so in a properly equipped facility for the administration of intravenous or parenteral sedation, staffed with supervised auxiliary personnel, capable of reasonably handling procedures, problem, and emergencies incident thereto.

1. The Board adopts the standards regarding the equipment within a facility as set forth by the American Association of Oral and Maxillofacial Surgeons in the Office Anesthesia Evaluation Manual, latest edition, as the standards by which each dentist administering general or IV anesthesia must meet. Certification of offices by the American Association of Oral and Maxillofacial Surgeons as meeting the standards adopted constitutes a prima facie showing that the dentist meets the standards.

E. Prior to the issuance of such permit the Board, at its discretion, shall conduct an on-site inspection of the facility, equipment and personnel to determine if, in fact, the aforementioned requirements have been met. This evaluation shall be carried out in a manner prescribed by the Board.
If the results of the initial evaluation are deemed unsatisfactory, the applicant may request another review.

F. Advanced Cardiac Life Support and CPR

Any dentist utilizing intravenous or parenteral sedation shall be ACLS certified or hold a certificate from a Board-approved course, and his auxiliary personnel must meet the requirements set forth in Board Regulation 45.

G. Dentists qualified to administer intravenous or parenteral sedation may administer Nitrous-Oxide inhalation conscious sedation.

H. Renewal

The Board shall, in accordance with its laws and rules and regulations, together with appropriate and required information and renewal fee, renew the intravenous permit annually unless the holder is informed in writing that a reevaluation of his credentials and/or facilities is to be required. In determining whether such reevaluation is necessary, the Board shall consider such factors as it deems pertinent including, but not limited to, patient complaints and reports of adverse occurrences.

VI. NITROUS-OXIDE INHALATION CONSCIOUS SEDATION

A. A dentist may employ or use Nitrous-Oxide inhalation conscious sedation on an outpatient basis for dental patients provided he:

1. Has completed no less than a two-day course of training as described in the American Dental Association’s "Guidelines for Teaching and Comprehensive Control of Pain and Anxiety in Dentistry" or its equivalent; or

2. Has training equivalent to that described above while a student in an undergraduate dental school program; and

3. Has adequate equipment with fail-safe features and a 25% minimum oxygen flow.

B. Cardiopulmonary Resuscitation

A dentist utilizing nitrous-oxide inhalation conscious sedation and his auxiliary personnel must meet the requirements set forth in Board Regulation 45.

VII. PENALTY

Violations of any provisions of this act shall subject the dentist to disciplinary action after a hearing as provided by the Mississippi Laws Pertaining to the Practice of Dentistry.

BOARD REGULATION NUMBER 31
REPORT OF MORBIDITY OR MORTALITY

All dentists in the State of Mississippi must submit a complete report within a period of thirty (30) days to the Mississippi State Board of Dental Examiners of any mortality or other incident occurring in the outpatient facilities of such dentists which results in permanent physical or mental injury to a patient during, or as a direct result of dental procedures or anesthesia or sedation.

Regulation Thirty-One adopted by the Mississippi State Board of Dental Examiners on June 4, 1987; amended September 25, 1992.

BOARD REGULATION NUMBER 33
PUBLIC RECORDS ACCESS

It shall be the stated policy of the State Board of Dental Examiners that the terms, conditions, and mandates contained in the Mississippi Public Records Act of 1983, Miss. Code Ann. § 25-61-1 et. seq., shall be strictly observed.

The following procedures shall be implemented and complied with by any individual exercising his or her right to inspect, copy or mechanically reproduce or obtain a reproduction of any public record held and controlled by the Mississippi State Board of Dental Examiners, to-wit (except where prohibited by the Federal Privacy Act):

1. A person requesting any public record held or controlled by the State Board of Dental Examiners may do so either in writing or in person. The request shall be clear and concise and shall include only one subject matter.

2. The request shall be addressed to the Mississippi State Board of Dental Examiners, Suite 100, 600 East Amite Street, Jackson, Mississippi 39201-2801.

3. Any such request for records or the reproduction of records shall be acted upon within fourteen (14) working days computed from the date of receipt of the request. Denial shall contain the specific reason for the denial. Copies of all denials shall be maintained on file by the Board for not less than three (3) years from the date denial is made.

4. Access to non-exempt records will be allowed during regular business hours.

5. If any public record which is held to be exempt from disclosure contains material which is not exempt, the Board shall separate the exempt material and make the non-exempt material available for examination and/or copying.

6. When fees are appropriate, the fees must be paid prior to the Board’s compliance with the request. Only cash, money orders and cashier’s checks will be accepted in payment for fees.

7. Records furnished to the Board by third parties, which are not public bodies, as defined in the Public Records Access Act, will not be released until notice to the third parties has been given. The record shall be released in fourteen (14) days unless the third party obtains a court order protecting the records as confidential.

8. The Executive Director of the State Board of Dental Examiners or his/her designee has the authority to specify the mode, manner, time and place of access.
9. Costs:

   a. Any person who desires copies of public record as defined herein but does not officially represent a public body shall be charged twenty-five cents ($ .25) per mechanically reproduced copy. Copies of pages printed on both sides (front and back) shall be considered as two pages. This fee is for the cost of searching, reviewing and duplicating the public record. However, if the searching, reviewing or duplicating of documents or the separating of non-exempt material from documents, etc. containing exempt material requires more than one quarter hour of work, then the requesting party shall be charged for the work time above one quarter hour, in addition to a mechanical reproduction charge of twenty-five cents ($ .25) per page for any copies desired. The charge for the hour shall be based upon the hourly salary of the person at the Board, qualified and available to do the job.

   b. In the event the public record is available in computer files and can be obtained through computer use, then the requesting party may pay the charge for the computer including programming time and actual computer time, as well as any other costs incurred. This charge will be determined by the Board.

   c. Mailing costs calculated at the applicable United States Postal Service rates shall be charged where appropriate. The cost of mailing a notice to third parties via certified mail, return receipt requested, shall be charged to persons requesting the public records.

Regulation Thirty-Three adopted by the Mississippi State Board of Dental Examiners on August 18, 1989; amended September 25, 1992; amended September 20, 1996.

BOARD REGULATION NUMBER 35
MAINTENANCE OF CONTROLLED SUBSTANCES, RECORDS, AND INVENTORY

I. Authority:

The 1983 Mississippi Dental Practice Act, Miss. Code Ann., § 73-9-1, et. seq. (Supp. 1983), requires the Mississippi State Board of Dental Examiners (hereinafter the "Board") to carry out the purposes and provisions of the laws pertaining to the practice of dentistry in Mississippi. Pursuant to Miss. Code Ann. § 73-9-53 (Supp. 1983), legally licensed and registered dentists may write prescriptions for any drugs to be used in the practice of dentistry. Where dentists administer, dispense or prescribe a narcotic drug, or other drug having addiction-forming or addiction-sustaining liability other than in the course of legitimate professional practice, Miss. Code Ann. § 73-9-61 (Supp. 1983) provides for revocation or suspension of a license or a monetary penalty.

The responsibility for regulating the legitimate drug traffic among dentists has been placed upon the Mississippi Board of Dental Examiners by Miss. Code Ann. § 41-29-159 (Supp. 1990); and, in order to fulfill this duty, the Board must adopt rules and regulations providing for the reasonable regulation of drug inventories by dentists.

II. Construction and Purpose:
The abuse of drugs, which is a problem in every aspect of our lives in today's world, has also made its impact in the dental profession. The Board is cognizant of the increase in prescriptions, dispensation, and administration of narcotic drugs outside the course of legitimate professional practice.

The Board feels the burden of providing for the health, safety, and welfare of the public. The Board also recognizes that it is legally responsible for the regulation of the legitimate drug traffic among dentists. To carry out this duty, the Board is compelled to impose reasonable restrictions regarding the physical handling of controlled substances.

III. Definitions:

A. Controlled Substances. Controlled substances shall be the controlled substances in Schedule I, II, III, IV and V which are found at Mississippi Code Annotated Sections 41-29-113, 41-29-115, 41-29-117, 41-29-119, and 41-29-121, respectively. The definition of controlled substances shall include any amendments hereafter made to these sections.

B. Dispensing Record. A dispensing record shall be a bound volume or volumes containing only the information required in Part IV, Section B of this Regulation.

IV. General Provisions:

Beginning December 1, 1991, every dentist licensed by the Mississippi State Board of Dental Examiners shall be required to maintain an accurate inventory and separate dispensing record of all controlled substances dispensed in their offices. The inventory shall account for all controlled substances obtained or received by the dentist's office or the dentist regardless of whether the said controlled substances were purchased or obtained at no cost.

A. The receipt of inventory shall reflect in every case the following information:

1. the date of receipt of the controlled substance;
2. the name and address of the person or business from whom the controlled substance was received;
3. the name of the controlled substance received;
4. the strength of the controlled substance received;
5. the quantity of the controlled substance received.

B. The dispensing records shall contain the following information.

1. the name of the controlled substance dispensed or administered;
2. the date the controlled substance was dispensed or administered;
3. the method by which the controlled substance was dispensed (i.e., administered in office or released to patient);
4. the strength of the controlled substance dispensed or administered;
5. the quantity of the controlled substance dispensed or administered;
6. the name of the patient to whom the controlled substance was dispensed;
7. the address of the patient to whom the controlled substance was dispensed;
8. the identity of staff member who dispensed or administered the controlled substance to said patient.

C. Patient medication records shall include a reference to the corresponding entry made in the dispensing records.

D. If breakage or wastage of a controlled substance occurs, the amount of the wastage must be recorded and the disposal of the wastage shall be witnessed by at least two (2) staff members.

E. The inventory and separate dispensing record required by this rule shall be kept in the office of the dentist for a period of five (5) years from the date the controlled substances are dispensed and shall be made available for inspection by agents of the Mississippi State Board of Dental Examiners or any law enforcement agency.

F. Failure to maintain and make available the inventory and separate dispensing record required by this rule shall be considered a failure to maintain effective control against diversion of controlled substances into other than legitimate dental channels.

G. Whenever any dentist desires or is required to dispose of any controlled substances located in his office; he shall do so in accordance with the procedure for the disposing of controlled substances established by the United States Department of Justice Drug Enforcement Administration or pursuant to any rules or regulations promulgated by that agency.

BOARD REGULATION NUMBER 37

FEE SCHEDULE

Pursuant to the provisions in Miss. Code Ann. § 73-9-43, the Secretary shall collect in advance all fees as provided for in this Regulation and as currently established by the Board:

Application for dental license ................................ $300.00
Application for dental license through credentials ................. $2,000.00
Application for dental specialty license ................................ $200.00
Application for dental institutional, teaching, or provisional license ........ $25.00
Application for dental hygiene license ................................ $150.00
Application for dental hygiene license through credentials .............. $500.00
Application for dental hygiene institutional, teaching, or provisional license .... $25.00
Application for general anesthesia permit ................................ $200.00
Application for IV sedation permit ....................................... $200.00
Application for radiology permit ........................................... $40.00
Annual dental license renewal ............................................ $100.00
Annual dental specialty license renewal ............................... $50.00
Annual dental institutional, teaching, or provisional license renewal .... $100.00
Annual dental hygiene license renewal ................................. $50.00
Annual dental hygiene institutional, teaching, or provisional license renewal $50.00
Annual general anesthesia permit renewal ......................... $50.00
Annual IV sedation permit renewal ..................................... $50.00
Annual radiology permit renewal ....................................... $20.00
Penalty for delinquent renewal of dental licenses; dental specialty licenses; and dental institutional, teaching, and provisional licenses

- September 1 - September 30 (plus annual renewal fee) ............... $50.00
- October 1 - October 31 (plus annual renewal fee) ..................... $100.00
- November 1 - November 30 (plus annual renewal fee) .............. $150.00
Penalty for delinquent renewal of dental hygiene licenses and dental hygiene institutional, teaching, and provisional licenses

*Board Regulation Thirty-Seven adopted by the Mississippi State Board of Dental Examiners on September 25, 1992; amended December 8, 1995; amended October 4, 1996.*

**BOARD REGULATION NUMBER 39
INFECTION CONTROL**

**Purpose:** To provide standards and policies for infection control within the clinical facilities and for preventing the transmission of Human Immunodeficiency Virus and Hepatitis B Virus to patients.

In accordance with Miss. Code Ann. § 41-34-3, the Mississippi State Board of Dental Examiners hereby establishes the following regulations for protecting the public from the transmission of Hepatitis B Virus (HBV) and Human Immunodeficiency Virus (HIV) in the practice of dentistry.

All professionals licensed by the Mississippi State Board of Dental Examiners must meet or exceed the current Recommended Infection-Control Practices for Dentistry as published by the federal Centers for Disease Control and Prevention. It is the responsibility of all licensed dentists to ensure that their auxiliary staff who may be exposed to blood and other body fluids are familiar with and adhere to the aforementioned recommendations.

*Regulation Thirty-Nine adopted by the Mississippi State Board of Dental Examiners on September 25, 1992; amended August 27, 1993; amended February 9, 1996.*
BOARD REGULATION NUMBER 41
CONTINUING EDUCATION

Purpose: To Establish Continuing Education Requirements of Dentists and Dental Hygienists.

1. Continuing Dental Education (CDE) requirements will be effective on July 1, 1993 immediately following adoption of this regulation by the Mississippi State Board of Dental Examiners and reporting will be incorporated with the annual registration to be submitted one year following the effective date of this regulation, which period shall be from September 1 through August 31 of each year.

2. With the initial reporting ending August 31, 1995, every licensed dentist shall be required to have forty (40) hours documented, approved continuing education. Every year thereafter, each licensed dentist shall have forty (40) hours of continuing education for the previous two (2) consecutive years. Approved CDE shall consist of courses approved by the American Dental Association (ADA), Academy of General Dentistry (AGD), Mississippi Dental Association (MDA), Mississippi Dental Society (MDS), National Dental Association (NDA), or other courses or activities specifically approved by the Board for CDE credit. No more than four (4) hours per year on the subject of CPR (Cardiopulmonary Resuscitation) shall be allowed toward the two-year, forty-hour requirement, and dentists successfully completing an eight-hour, two-year CPR certification course are allowed to use four (4) hours each year, of the total eight (8) hours, toward fulfilling the two-year, forty-hour CDE requirement. Furthermore, licensees successfully completing a 16-hour Advanced Cardiac Life Support (ACLS) course may use eight (8) hours each year, of the total sixteen (16) hours, toward fulfilling the two-year, forty-hour CDE requirement. Finally, dentists may attend courses offered and approved by any of the additional organizations listed in Section 3 of this Regulation and use such attendance as a means of fulfilling continuing education requirements.

3. With the initial reporting ending August 31, 1995, every licensed dental hygienist shall be required to have twenty (20) hours documented, approved continuing education. Every year thereafter, each licensed dental hygienist shall have twenty (20) hours of continuing education for the previous two (2) consecutive years. Approved CDE for dental hygienists shall consist of courses approved by the Mississippi Dental Hygienists' Association (MDHA), American Dental Hygienists' Association (ADHA), MDA, MDS, AGD, ADA, NDA, or other courses or activities specifically approved by the Board for CDE credit. No more than four (4) hours per year on the subject of CPR (Cardiopulmonary Resuscitation) shall be allowed toward the two-year, twenty-hour requirement, and dental hygienists successfully completing an eight-hour, two-year CPR certification course are allowed to use four (4) hours each year, of the total eight (8) hours, toward fulfilling the two-year, twenty-hour CDE requirement. Furthermore, licensees successfully completing a 16-hour Advanced Cardiac Life Support (ACLS) course may use eight (8) hours each year, of the total sixteen (16) hours, toward fulfilling the two-year, twenty-hour CDE requirement. Finally, dentists may attend courses offered and approved by any of the additional organizations listed in Section 3 of this Regulation and use such attendance as a means of fulfilling continuing education requirements.

4. In addition to the providers listed in Sections 2 and 3 above, ADA-accredited dental, dental hygiene, and dental assisting teaching institutions may offer programs, seminars, or courses for dentists and dental hygienists as a means of fulfilling continuing education
requirements. Prior to offering dental and dental hygiene continuing education programs, seminars, or courses, these institutions must request approval or sponsorship from the providers listed in Sections 2 and 3 above, or from the Board on a course-by-course basis. Approval or sponsorship of these programs, seminars, or courses must be clearly noted on seminar, program, or course brochures and all certificates of completion.

5. Continuing Education credit will not be given for video courses (unless viewed while attending approved study club meetings, continuing education courses, or through group satellite uplinks as part of approved courses), audio courses, reading, or correspondence courses. However, provided the course directly relates to the practices of dentistry or dental hygiene, attendance at approved Continuing Medical Education (CME) courses may be used to satisfy the minimum continuing education requirements of Sections 2 and 3 above.

6. Instructors of Continuing Education Courses only shall receive one-time credit for a course, and shall receive the same credit for the course as participants.

7. Unless otherwise ordered by the Board, continuing education hours required by disciplinary order shall not be used to satisfy the continuing education requirements for license renewal.

8. A record of courses taken, the date, location, number of hours for such course, and certificates of attendance shall be kept by the dentist or hygienist for a minimum of three (3) years from the date of attendance and shall be made available for review at any time by any member of the Board or by any designated agent of the Board. Further, when a Board member or any designated agent thereof shall conduct any authorized investigation, any and all continuing education records will be reviewed and/or audited by such Board member or authorized agent during the course of the investigation. Finally, when any licensee is noticed to appear before the Board to show cause why that licensee’s dental or dental hygiene license should not be suspended, revoked, or have other action taken against it, that licensee is required to present proof of compliance with this Regulation.

9. Each dentist or dental hygienist shall certify on the annual renewal form his or her compliance with the continuing education requirements stipulated herein.

10. False certification of the number of hours completed, or the failure to attend and complete the required amount of CDE shall subject the dentist or hygienist to disciplinary action, including revocation of license.

11. The following disciplinary actions will be taken against dentists not meeting the requirements set forth in item number 10 above:

   **First Offense**: Five Hundred and No/100 Dollars ($500.00) fine.

   **Second Offense**: One Thousand Five Hundred and No/100 Dollars ($1,500.00) fine plus a thirty (30) day suspension of license.

   **Third Offense**: Five Thousand and No/100 Dollars ($5,000.00) fine plus a six (6) month suspension of license.

12. The following disciplinary actions will be taken against dental hygienists not meeting the requirements set forth in item number 10 above:
First Offense: Two Hundred Fifty and No/100 Dollars ($250.00) fine.

Second Offense: Seven Hundred Fifty and No/100 Dollars ($750.00) fine plus a thirty (30) day suspension of license.

Third Offense: Two Thousand Five Hundred and No/100 Dollars ($2,500.00) fine plus a six (6) month suspension of license.

13. Any dentist or dental hygienist requesting a change from inactive to active status is not required to meet the continuing education or cardiopulmonary resuscitation requirements for the reporting period during which that dentist or dental hygienist was inactive. However, any dentist or dental hygienist requesting active status must, within the previous twelve (12) months prior to requesting active status, be current in cardiopulmonary resuscitation and have acquired twenty (20) and ten (10) hours of continuing education, respectively.

14. The continuing education requirements outlined herein do not pertain to radiology courses/seminars or the mandatory radiologic safety courses and continuing education as required by Miss. Code Ann. §§ 41-58-1, 41-58-3, and 41-58-5, and all radiology course offerings require such prior approval as that delineated in Board Regulation 25.

BOARD REGULATION NUMBER 43
ADVERTISING

Purpose: To regulate advertising in order to protect consumers and maintain standards among licensed professionals, and to carry out this duty the Board must necessarily impose reasonable restrictions.

I. Name of Dental Facility. Since the name under which a dentist conducts his or her practice may be a factor in the selection process of the patient, and use of a trade name or an assumed name that is false or misleading in any material respect is unethical, a dentist may practice in a dental facility which uses any of the following names:

A. The name of the dentist as it appears on his or her license and renewal certificate; or

B. The name of a dentist who employs him or her and practices in the same facility; or

C. A partnership name composed of the name(s) of one or more dentists practicing in the same facility; or

D. A corporate name composed of the name(s) of one or more of the dentists practicing as employees of the corporation in the same facility; or

E. A fictitious name, if the conditions set forth in subsection II of this Regulation are fulfilled.
II. **Fictitious Name.** Dentists licensed in the State of Mississippi who practice as individuals, partnerships, professional corporations, associations, or other group practices may use a fictitious or corporate name for the facility in which they conduct their practice if the following conditions are met:

A. Each fictitious or corporate name shall be registered with the Board by any licensed dentist(s), who must be associated with the dental facility and who shall assume responsibility for compliance with the section. Each fictitious or corporate name must be approved by the Board prior to the use of the name. Names which in the judgment of the Board are false, misleading, or deceptive will be prohibited.

B. Each fictitious name must list the family name(s) of the applying and responsible dentist(s).

C. It is the obligation of each licensed dentist who works in a facility that utilizes a fictitious or corporate name to notify the Board in writing of the same.

D. All advertisements including, but not limited to, signage, printed advertisements, and letterheads shall contain the name, as it appears on his or her license and renewal certificate, degree (D.M.D. or D.D.S.), and, if qualified, a specialty recognized by the American Dental Association of at least one licensed dentist who is associated with the dental facility and who shall, in conjunction with the licensed dentist referred to in subsection A., assume responsibility for the advertisement.

E. In the entrance or reception area of the dental office, a chart or directory listing the names of all dentists practicing at that particular location shall be kept at all times prominently and conspicuously displayed.

F. The names of all dentists who practice under the fictitious or corporate name shall be maintained in the records of the dental facility for five (5) years following the departure of any individual from the practice.

G. Fictitious names previously approved and registered with the Board will be considered as being in compliance with these Rules and Regulations.

H. A dentist may practice in a predominantly medical facility that uses a fictitious name.

III. **Name of Record.** Subsequent to the administration of dental service, the dentist of record shall place his or her name in the record of the patient following a description of the service rendered. If the treatment is rendered by a dentist other than the dentist of record or by a dental hygienist, the name of that person shall be placed in the record of the patient. For advertising purposes only, use of the name of a dentist no longer actively associated with the practice may be continued for a period not to exceed one (1) year. However, subsequent to the administration of dental service, it is not necessary for a dentist of record who is a sole practitioner to place his or her name in the record of the patient following a description of the service rendered.

IV. **Approval or Rejection of a Corporate Name/Trade Name.**

A. The Mississippi State Board of Dental Examiners shall notify the party submitting a proposed corporate name/trade name within sixty (60) days after submission as to the approval or rejection of the proposed name.
B. If the proposed name is rejected, the party submitting the name shall have fifteen (15) days from receipt of the notice of the rejection to request an appearance before the Board for reconsideration of the Board’s rejection. The Board shall notify the party seeking reconsideration of a rejected corporate name/trade name of its decision within thirty (30) days after the party’s appearance before the Board.

V. **Specialties.** The only recognized specialties of dental practice in Mississippi as defined by the Mississippi State Board of Dental Examiners are as follows:

A. **Dental Public Health.** Dental public health is the science and art of preventing and controlling dental diseases and promoting dental health through organized community efforts. It is that form of dental practice which serves the community as a patient rather than the individual. It is concerned with dental health education of the public, with applied dental research, and with the administration of group dental care programs as well as the prevention and control of dental diseases on a community basis. (Adopted May 1976, American Dental Association.)

B. **Endodontics.** Endodontics is the branch of dentistry which is concerned with the morphology, physiology, and pathology of the human dental pulp and periradicular tissues. Its study and practice encompass the basic and clinical sciences including biology of the normal pulp, the etiology, diagnosis, prevention, and treatment of diseases and injuries of the pulp, and associated periradicular conditions. (Adopted December 1983, American Dental Association.)

C. **Oral Pathology.** Oral pathology is the specialty of dentistry and discipline of pathology that deals with the nature, identification, and management of diseases affecting the oral and maxillofacial regions. It is a science that investigates the causes, processes, and effects of these diseases. The practice of oral pathology includes research and diagnosis of diseases using clinical, radiographic, microscopic, biochemical, or other examinations. (Adopted May 1991, American Dental Association.)

D. **Oral and Maxillofacial Surgery.** Oral and maxillofacial surgery is the specialty of dentistry which includes the diagnosis, surgical, and adjunctive treatment of diseases, injuries, and defects involving both the functional and aesthetic aspects of the hard and soft tissues of the oral and maxillofacial region. (Adopted October 1990, American Dental Association.)

E. **Orthodontics and Dentofacial Orthopedics.** Orthodontics is that area of dentistry concerned with the supervision, guidance, and correction of the growing or mature dentofacial structures, including those conditions that require movement of teeth or correction of malrelationships and malformations of their related structures and the adjustment of relationships between and among teeth and facial bones by the application of forces and/or the stimulation and redirection of functional forces within the craniofacial complex. Major responsibilities of orthodontic practice include the diagnosis, prevention, interception, and treatment of all forms of malocclusion of the teeth and associated alterations in their surrounding structures; the design, application, and control of functional and corrective appliances; and the guidance of the dentition and its supporting structures to attain and maintain optimum occlusal relations in physiologic and aesthetic harmony among facial and cranial structures. (Definition adopted December 1980 and Designation adopted October 1994, American Dental Association.)

F. **Pediatric Dentistry.** Pediatric dentistry is an age-defined specialty that provides both primary and comprehensive preventive and therapeutic oral health care for
infants and children through adolescence, including those with special health care needs. (Adopted 1995, American Dental Association.)

G. **Periodontics.** Periodontics is that specialty of dentistry which encompasses the prevention, diagnosis, and treatment of diseases of the supporting and surrounding tissues of the teeth or their substitutes and the maintenance of the health, function, and aesthetics of these structures and tissues. (Adopted December 1992, American Dental Association.)

H. **Prosthodontics.** Prosthodontics is that branch of dentistry pertaining to the restoration and maintenance of oral functions, comfort, appearance, and health of the patient by the restoration of natural teeth and/or the replacement of missing teeth and contiguous oral and maxillofacial tissues with artificial substitutes. (Adopted May 1976, American Dental Association.)

VI. **Fraudulent, Misleading, or Deceptive Advertising.**

A. For purposes of Miss. Code Ann. § 73-9-61, "advertising" shall include any information communicated in a manner designated to attract public attention to the practice of the licensee.

B. A dentist may provide information regarding himself or herself, his or her practice, and fixed fees associated with routine dental services in various forms of public communications. These communications include, but are not limited to, the following:

1. Newspapers;
2. Magazines;
3. Yellow Page directories;
4. Consumer directories;
5. Outdoor advertising;
6. Radio advertising;
7. Television advertising;
8. Electronic bulletin board systems; or
9. Comparable written publications or broadcast advertising.

The dentist shall have the ultimate responsibility for all advertisements which are approved by that dentist and his or her agents or associates.

C. A dentist must disclose the fact of giving compensation or anything of value to representatives of the press, radio, television, or other communicative medium in anticipation of or in return for any advertisement (e.g., a newspaper article) unless the nature, format, or medium of such advertisement make the fact of compensation apparent.

D. Advertising may include, but is not limited to, the following information:

1. The dentist's title or degree or designation of any special area of dental practice recognized by the American Dental Association in which the dentist has met the existing educational requirements or standards for that recognized specialty;
2. Office and telephone answering hours, office location, office telephone number, residence address, and residence telephone number; and
3. Fees for a specific, routine service which, for purposes of this rule, may be characterized as a "routine dental service" if it is performed frequently in the dentist's practice, is usually provided at a specific fee to substantially all patients receiving the service, and is provided with little or no variance in technique or materials.

E. The following requirements shall be met when advertising a routine dental service:

1. If a range of fee is advertised (including the use of words such as "from," "as low as," or "starting at"), the minimum and maximum fees shall be fully disclosed.

2. Consultation, treatment planning, or treatment for any routine dental service advertised for a specific fee must be made available for a minimum of sixty (60) days following the last day of publication or broadcast of that fee or for any shorter period of time if clearly specified in the advertisement.

3. When a routine dental service is advertised as "free," "no charge," "without charge," or the like, such service must be made available at no cost for a minimum of sixty (60) days following the date of the last publication or broadcast of such free service or for any shorter period of time if clearly specified in the advertisement.

4. When a patient accepts the treatment plan for a routine dental service which was advertised by the dentist, any subsequent dental service which is reasonably and foreseeably related to the advertised routine service must be provided without additional charge, unless the advertisement for the routine dental service includes the following statement: "Additional charges may be incurred for related services which may be required in individual cases." This disclaimer must have the same size lettering as the price listed. If this form of advertisement is through a television broadcast, the disclaimer must be run throughout the entire broadcast. Furthermore, if this form of advertisement is through a radio broadcast, the disclaimer must be clearly audible.

5. No advertisement concerning a dentist's routine dental services shall be published or broadcast unless it contains in legible and/or audible language the following: "No representation is made about the quality of the dental services to be performed or the expertise of the dentist performing such services." This disclaimer must have the same size lettering as the price listed. If this form of advertisement is through a television broadcast, the disclaimer must be run throughout the entire broadcast. Furthermore, if this form of advertisement is through a radio broadcast, the disclaimer must be clearly audible.

F. The following statements in advertising shall be deemed to be misleading to the public for purposes of this rule:

1. Statements claiming superiority of a particular method of treatment, material, drug, or appliance.

2. Statements that a certain dentist is a specialist or specializes in any branch of dentistry, unless that specialty is recognized by the American Dental Association and the Mississippi State Board of Dental Examiners and the dentist has met the existing educational requirements and standards for that
recognized specialty. This includes membership in an organization that has not been recognized by the American Dental Association. If there is any question regarding this rule, the dentist should seek prior approval from the Mississippi State Board of Dental Examiners.

3. Statements such as "quality dentistry," "quality work," "staff of skilled dentists," "skilled employees," or reference to uncertified or unlicensed persons performing functions requiring a license under Miss. Code Ann. § 73-9-1, et al.

4. Statements of superior facilities at a certain office; statements that an office is "scientifically equipped" and/or has the "latest modern equipment"; references to "modern offices," "modern methods," or "modern devices"; and other similar expressions.

5. Statements that a dental operation or treatment can be performed without causing any pain.

6. Advertisements that contain the words "General Dentistry" and "Family Dentistry" in the same advertisement.

G. General dentists who list any services performed must place a disclaimer. The public communication must include immediately after the listing of services the following statement: "Listing of these previously mentioned area(s) of practice does not indicate any certification of expertise therein." The point size of the disclaimer for any written communication or advertisement must be the same point size as the majority of the letters in such written communication or advertisement, and the point size of the disclaimer for any videotaped or television communication or advertisement must be no smaller than 13 point. Any public communication through an electronic medium (e.g., radio communications) shall contain such statement at a time and in a tone and manner so as clearly to convey the required information to the listener or viewer.

H. Specialists may list only specialties for which they are licensed in the State of Mississippi. Specialists may list services performed but not that an individual specializes in such services.

I. In-person and telephone solicitations of dental patients by a dentist or his agent poses an inherent danger to the public because such advertising cannot be supervised, may exert pressure on the prospective patient, and often demands an immediate response without affording the prospective patient an opportunity for comparison or reflection. Unlike an advertisement appearing in print or through a broadcast medium (e.g., television or radio), in-person and telephone solicitations do not simply provide information and leave the recipient free to act or not, but is ripe with the potential for overbearing persuasion. Accordingly, in-person and telephone solicitations of dental services by a dentist or his agent is strictly prohibited.

BOARD REGULATION NUMBER 45
CARDIOPULMONARY RESUSCITATION

Purpose: To establish Cardiopulmonary Resuscitation requirements for dentists, dental hygienists, and all other dental auxiliary personnel.

1. Cardiopulmonary Resuscitation (CPR) requirements will be effective on July 1, 1994, and reporting will be incorporated with the annual registration to be submitted July 1, 1995. Refer to Board Regulation #41 concerning reporting requirements.

2. All dentists and dental hygienists licensed by the State of Mississippi and holding active licenses shall be currently certified in Cardiopulmonary Resuscitation. Further, all auxiliary personnel involved in direct patient care must be certified in Cardiopulmonary Resuscitation. All auxiliaries must be certified in CPR within one hundred eighty (180) days of employment or, if currently employed, within one hundred eighty (180) days of the date of amendment of this Regulation.

3. Proof of certification shall be maintained by the dentist or dental hygienist for the time period specified in Board Regulation 41 and shall be made available for review at any time by any member of the Board or by any designated agent of the Board. When a Board member or any designated agent thereof shall conduct any authorized investigation, any and all proof of certification in cardiopulmonary resuscitation will be reviewed and/or audited by such Board member or authorized agent during the course of the investigation. Finally, when any licensee is noticed to appear before the Board to show cause why that licensee's dental or dental hygiene license should not be suspended, revoked, or have other action taken against it, that licensee is required to present proof of compliance with this Regulation.

4. False certification of CPR courses or failure to comply with this regulation shall subject the dentist or dental hygienist to disciplinary action, including revocation of license. Fines will be assessed for failure to comply with this Regulation. Fines assessed herein will correspond to those fines enumerated in Board Regulation #41 for non-compliance with continuing education requirements.

5. Participation in approved Advanced Cardiac Life Support (ACLS), American Heart Association, or American Red Cross courses may be used to fulfill the requirements of this Regulation.

6. Any dentist or dental hygienist requesting a change from inactive to active status is not required to meet the CPR requirements for the reporting period during which that dentist or dental hygienist was inactive. However, any dentist or dental hygienist requesting active status must, within the previous twelve (12) months prior to requesting active status, be certified in cardiopulmonary resuscitation.

BOARD REGULATION NUMBER 47
LICENSURE BY CREDENTIALS

1. Any candidate for licensure to practice dentistry on the basis of credentials who graduated from dental school after 1960 will be required to have taken and successfully completed the Joint Commission of National Dental Examinations National Board. Candidates for licensure by credentials graduating before 1960 are exempt from this requirement, as the National Boards were not universally mandatory and available prior to this time.

2. Any candidate for licensure to practice dental hygiene on the basis of credentials who graduated from dental hygiene school after 1960 will be required to have taken and successfully completed the National Board Dental Hygiene Examination. Candidates for licensure by credentials graduating before 1960 are exempt from this requirement, as the National Boards were not available prior to this time.

3. The Mississippi State Board of Dental Examiners has determined there is no "equivalent examination" to the Joint Commission on National Dental Examinations or the National Board Dental Hygiene Examination.

4. The Mississippi State Board of Dental Examiners has determined that a dentist or dental hygienist must practice a minimum of ninety (90) days per year from the date the application for licensure by credentials is received by the Board to be considered as actively practicing for the past five (5) years, pursuant to Miss. Code Ann. § 73-9-24(1)(a).

5. The Mississippi State Board of Dental Examiners has determined that a candidate's years of participation in an approved residency program may be used to fulfill the minimum five-year, active practice requirement stipulated by Miss. Code Ann. § 73-9-24(1)(a). Accordingly, a candidate may count up to two (2) years of that candidate's participation in an approved residency program toward fulfilling the minimum five-year, active practice requirement for credentialing purposes.

6. The Board may, at its discretion, charge a fee for all applications for licensure by credentials. Refer to Board Regulation 37 for the current fees charged for licensure by credentials.

7. All application fees for licensure by credentials must be paid by certified check or money order, and are non-refundable.

BOARD REGULATION NUMBER 49
ACTIVE STATUS

Purpose: To define what constitutes actively practicing three (3) months in the State of Mississippi pursuant to Miss. Code Ann. § 73-9-19 ¶ 4.

1. Miss. Code Ann. § 73-9-19 ¶ 4 stipulates that dentists and dental hygienists must actively practice their respective professions for at least three (3) months of the immediately preceding license renewal period to be considered in active practice.

2. The Mississippi State Board of Dental Examiners has defined three (3) months to mean that a dentist or dental hygienist must actively practice dentistry or dental hygiene in the State of Mississippi a minimum of one (1) day per month for any three (3) months during the preceding license renewal period to remain on active status with the Board. Otherwise, dentists and dental hygienists will be listed as inactive.

3. As noted in Miss. Code Ann. § 73-9-19 ¶ 3, dentists and dental hygienists actively practicing in another state at a veterans hospital, federal government facility, or residency graduate school program at the time of renewal shall be listed as active.

Regulation Forty-Nine adopted by the Mississippi State Board of Dental Examiners on March 8, 1996.

BOARD REGULATION NUMBER 51
PRESCRIPTION GUIDELINES

Purpose: To determine appropriate prescribing practices for licensed dentists.

The Mississippi State Board of Dental Examiners has determined that licensed dentists may not prescribe, dispense, or administer drugs or medications of any kind or nature outside the legitimate, professional scope of the practice of dentistry.

Regulation Fifty-One adopted by the Mississippi State Board of Dental Examiners March 8, 1996.

BOARD REGULATION NUMBER 53
PATIENT RECORDS

Purpose: To determine appropriate patient recordkeeping guidelines for licensed dentists.

Licensed dentists shall be required to maintain for a minimum of seven (7) years from the date of last treatment, a copy, or retrievable copy, of patient records including, at a minimum, the date(s) and type(s) of treatment; health history; any and all medications prescribed, dispensed, and/or administered; any and all radiographs administered; and/or other laboratory results. The inability and/or failure to produce such records when so requested by the Mississippi State Board of Dental Examiners shall be considered a violation of this Regulation, and the licensee may be subject to formal disciplinary action by the Board. Furthermore, patients who request copies of their records shall be provided such copies at no cost to the patient or, at a maximum, only the cost the dentist incurs in reproducing these records for the patient.

Regulation Fifty-Three adopted by the Mississippi State Board of Dental Examiners March 8, 1996.
BOARD REGULATION NUMBER 55
CORPORATE PRACTICE

Purpose: To establish a policy as to the corporate practice of dentistry in Mississippi.

Due to the increased interest in the area of managed care and integrated health care systems, the Mississippi State Board of Dental Examiners has considered its policy as to the corporate practice of dentistry. After due consideration, it is the policy of this Board not to concern itself with the form or type of business arrangements entered into by a licensee, provided certain prerequisites are met, to-wit:

1. The dentist employed or associated with the entity is licensed by this Board.

2. The method and manner of patient treatment and the means by which patients are treated are left to the sole and absolute discretion of the licensed dentist. The provision of dental services and the exercise of sound dental judgment at all times shall be exercised solely at the discretion of the licensed dentist, and he/she shall not be subject to any influence, direct or indirect, to the contrary.

3. The manner of billing and the amount of fees and expenses charged a patient for dental services rendered shall be left solely to the discretion of the licensed dentist.

4. At no time shall a dentist enter into any agreement or arrangement whereby consideration or compensation is received as an inducement for the referral of patients or for the referral of dental services or supplies.

5. Licensed dentists shall have the sole responsibility for approval of any and all public communications or advertisements, and these communications and/or advertisements must be in full compliance at all times with the requirements set forth in Board Regulation 43.

6. Pursuant to Miss. Code Ann. §79-10-31, shareholders of a professional corporation which renders dental services shall only be licensed dentists.

Regulation Fifty-Five adopted by the Mississippi State Board of Dental Examiners March 8, 1996.

BOARD REGULATION NUMBER 57
CONSULTATIVE OR OPERATIVE TREATMENT BY DENTISTS NOT LICENSED IN MISSISSIPPI

Purpose: To define a licensed Mississippi dentist's responsibilities when, pursuant to Miss. Code Ann. § 73-9-3(5), a licensed dentist from outside the State of Mississippi is called into Mississippi for consultative or operative purposes.

1. Whenever a licensed Mississippi dentist determines it necessary to secure the services of a dentist not licensed by this State who must enter Mississippi to provide consultative or operative treatment, the Mississippi dentist must submit a written request for Board approval. Approval of such requests will be determined on a case-by-case basis and according to the required documentation provided to the Board.

2. Such request must denote the reasons for the consultative or operative treatment; the name, license number, and brief practice history of the dentist licensed outside the State of Mississippi; a certificate of good standing from the state wherein the dentist licensed outside the State of Mississippi is currently practicing; evidence from the insurance carrier of malpractice insurance coverage while practicing in Mississippi; and the maximum
amount of time the dentist licensed outside the State of Mississippi will be providing consultative or operative services for the benefit of the licensed Mississippi dentist.

3. The licensed Mississippi dentist must assume full and complete responsibility for any and all patient care and treatment provided by the dentist licensed outside the State of Mississippi while such dentist is treating the patient(s) of the licensed Mississippi dentist, and a sworn affidavit to this effect must accompany the request for Board approval.

4. If during the course of patient care and treatment it is determined that an extension of time is required for the dentist licensed outside the State of Mississippi, a written request must be submitted forthwith to the Board stating the reasons for such an extension of time. However, unless prior Board approval has been received, at no time shall the dentist licensed outside the State of Mississippi provide patient care and treatment beyond the maximum amount of time initially requested by the licensed Mississippi dentist; otherwise, the licensed Mississippi dentist may be subject to disciplinary action by the Board.

5. The Board shall set a period of time for which permission for the consultative or operative treatment shall be in effect.

*Regulation Fifty-Seven adopted by the Mississippi State Board of Dental Examiners March 8, 1996.*
1. **Preamble**

As dental hygienists, we are a community of professionals devoted to the prevention of disease and the promotion and improvement of the public’s health. We are preventive oral health professionals who provide educational, clinical, and therapeutic services to the public. We strive to live meaningful, productive, satisfying lives that simultaneously serve us, our profession, our society, and the world. Our actions, behaviors, and attitudes are consistent with our commitment to public service. We endorse and incorporate the Code into our daily lives.

2. **Purpose**

The purpose of a professional code of ethics is to achieve high levels of ethical consciousness, decision making, and practice by the members of the profession. Specific objectives of the Dental Hygiene Code of Ethics are

- to increase our professional and ethical consciousness and sense of ethical responsibility.
- to lead us to recognize ethical issues and choices and to guide us in making more informed ethical decisions.
- to establish a standard for professional judgement and conduct.
- to provide a statement of the ethical behavior the public can expect from us.

The Dental Hygiene Code of Ethics is meant to influence us throughout our careers. It stimulates our continuing study of ethical issues and challenges us to explore our ethical responsibilities. The Code establishes concise standards of behavior to guide the public's expectations of our profession and supports existing dental hygiene practice, laws and regulations. By holding ourselves accountable to meeting the standards stated in the Code, we enhance the public’s trust on which our professional privilege and status are founded.

3. **Key Concepts**

Our beliefs, principles, values and ethics are concepts reflected in the Code. They are the essential elements of our comprehensive and definitive code of ethics, and are interrelated and mutually dependent.

4. **Basic Beliefs**

We recognize the importance of the following beliefs that guide our, practice and provide context for our ethics:
The services we provide contribute to the health and well being of society.

Our education and licensure qualify us to serve the public by preventing and treating oral disease and helping individuals achieve and maintain optimal health.

Individuals have intrinsic worth, are responsible for their own health, and are entitled to make choices regarding their health.

Dental hygiene care is an essential component of overall health care and we function interdependently with other health care providers.

All people should have access to health care, including oral health care.

We are individually responsible for our actions and the quality of care we provide.

5. Fundamental Principles

These fundamental principles, universal concepts and general laws of conduct provide the foundation for our ethics.

Universality

The principle of universality assumes that, if one individual judges an action to be right or wrong in a given situation, other people considering the same action in the same situation would make the same judgement.

Complementarity

The principle of complementarity assumes the existence of an obligation to justice and basic human rights. It requires us to act toward others in the same way they would act toward us if roles were reversed. In all relationships, it means considering the values and perspective of others before making decisions or taking actions affecting them.

Ethics

Ethics are the general standards of right and wrong that guide behavior within society. As generally accepted actions, they can be judged by determining the extent to which they promote good and minimize harm. Ethics compel us to engage in health promotion/disease prevention activities.

Community

This principle expresses our concern for the bond between individuals, the community, and society in general. It leads us to preserve natural resources and inspires us to show concern for the global environment.

Responsibility

Responsibility is central to our ethics. We recognize that there are guidelines for making ethical choices and accept responsibility for knowing and applying them. We accept the consequences of our actions or the failure to act and are willing to make ethical choices and publicly affirm them.
6. Core Values

We acknowledge these values as general for our choices and actions.

**Individual autonomy and respect for human beings**

People have the right to be treated with respect. They have the right to informed consent prior to treatment, and they have the right to full disclosure of all relevant information so that they can make informed choices about their care.

**Confidentiality**

We respect the confidentiality of client information and relationships as a demonstration of the value we place on individual autonomy. We acknowledge our obligation to justify any violation of a confidence.

**Societal Trust**

We value client trust and understand that public trust in our profession is based on our actions and behavior.

**Nonmaleficence**

We accept our fundamental obligation to provide services in a manner that protects all clients and minimizes harm to them and others involved in their treatment.

**Beneficence**

We have a primary role in promoting the well being of individuals and the public by engaging in health promotion/disease prevention activities.

**Justice and Fairness**

We value justice and support the fair and equitable distribution of health care resources. We believe all people should have access to high-quality, affordable oral healthcare.

**Veracity**

We accept our obligation to tell the truth and assume that others will do the same. We value self-knowledge and seek truth and honesty in all relationships.

7. Standards of Professional Responsibility

We are obligated to practice our profession in a manner that supports our purpose, beliefs, and values in accordance with the fundamental principles that support our ethics. We acknowledge the following responsibilities:

**To Ourselves as Individuals...**

- Avoid self-deception, and continually strive for knowledge and personal growth.
- Establish and maintain a lifestyle that supports optimal health.
- Create a safe work environment.
- Assert our own interests in ways that are fair and equitable.
- Seek the advice and counsel of others when challenged with ethical dilemmas.
• Have realistic expectations of ourselves and recognize our limitations.

To Ourselves as Professionals…

• Enhance professional competencies through continuous learning in order to practice according to high standards of care.
• Support dental hygiene peer-review systems and quality-assurance measures.
• Develop collaborative professional relationships and exchange knowledge to enhance our own lifelong professional development.

To Family and Friends…

• Support the efforts of others to establish and maintain healthy lifestyles and respect the rights of friends and family.

To Clients…

• Provide oral health care utilizing high levels of professional knowledge, judgement, and skill.
• Maintain a work environment that minimizes the risk of harm.
• Serve all clients without discrimination and avoid action toward any individual or group that may be interpreted as discriminatory.
• Hold professional client relationships confidential.
• Communicate with clients in a respectful manner.
• Promote ethical behavior and high standards of care by all dental hygienists.
• Serve as an advocate for the welfare of clients.
• Provide clients with the information necessary to make informed decisions about their oral health and encourage their full participation in treatment decisions and goals.
• Refer clients to other healthcare providers when their needs are beyond our ability or scope of practice.
• Educate clients about high-quality oral health care.

To Colleagues…

• Conduct professional activities and programs, and develop relationships in ways that are honest, responsible, and appropriately open and candid.
• Encourage a work environment that promotes individual professional growth and development.
• Collaborate with others to create a work environment that minimizes risk to the personal health and safety of our colleagues.
• Manage conflicts constructively.
• Support the efforts of other dental hygienists to communicate the dental hygiene philosophy and preventive oral care.
•Inform other health care professionals about the relationship between general and oral health.
• Promote human relationships that are mutually beneficial, including those with other health care professionals.

To Employees and Employers…

• Conduct professional activities and programs, and develop relationships in ways that are honest, responsible, open, and candid.
• Manage conflicts constructively.
Support the right of our employees and employers to work in an environment that promotes wellness.
Respect the employment rights of our employers and employees.

To the Dental Hygiene Profession...
- Participate in the development and advancement of our profession.
- Avoid conflicts of interest and declare them when they occur.
- Seek opportunities to increase public awareness and understanding of oral health practices.
- Act in ways that bring credit to our profession while demonstrating appropriate respect for colleagues in other professions.
- Contribute time, talent, and financial resources to support and promote our profession.
- Promote a positive image for our profession.
- Promote a framework for professional education that develops dental hygiene competencies to meet the oral and overall health needs of the public.

To the Community and Society...
- Recognize and uphold the laws and regulations governing our profession.
- Document and report inappropriate, inadequate, or substandard care and/or illegal activities by an health care provider, to the responsible authorities.
- Use peer review as a mechanism for identifying inappropriate, inadequate, or substandard care provided by dental hygienists.
- Comply with local, state, and federal statutes that promote public health and safety.
- Develop support systems and quality-assurance programs in the workplace to assist dental hygienist in providing the appropriate standard of care.
- Promote access to dental hygiene services for all, supporting justice and fairness in the distribution of healthcare resources.
- Act consistently with the ethics of the global scientific community of which our profession is a part.
- Create a healthful workplace ecosystem to support a healthy environment.
- Recognize and uphold our obligation to provide pro bono service.

To Scientific Investigation...
We accept responsibility for conducting research according to the fundamental principles underlying our ethical beliefs in compliance with universal codes, governmental standards, and professional guidelines for the care and management of experimental subjects. We acknowledge our ethical obligations to the scientific community:
- Conduct research that contributes knowledge that is valid and useful to our clients and society.
- Use research methods that meet accepted scientific standards.
- Use research resources appropriately.
- Systematically review and justify research in progress to insure the most favorable benefit-to-risk ratio to research subjects.
- Submit all proposals involving human subjects to an appropriate human subject review committee.
- Secure appropriate institutional committee approval for the conduct of research involving animals.
- Obtain informed consent from human subjects participating in research that is based on specification published in Title 21 Code of Federal Regulations Part 46.
- Respect the confidentiality and privacy of data.
- Seek opportunities to advance dental hygiene knowledge through research by providing financial, human, and technical resources whenever possible.
• Report research results in a timely manner.
• Report research findings completely and honestly, drawing only those conclusions that are supported by the data presented.
• Report the names of investigators fairly and accurately.
• Interpret the research and the research of others accurately and objectively, drawing conclusions that are supported by the data presented and seeking clarity when uncertain.
• Critically evaluate research methods and results before applying new theory and technology in practice.
• Be knowledgeable concerning currently accepted preventive and therapeutic methods, products, and technology and their application to our practice.
