- 1 (WHEREUPON, THE PROCEEDINGS WERE HELD AS FOLLOWS:)
- 2 BOARD PRESIDENT WILLIAMS: Good morning. I
- 3 have 8:30. I'd like to welcome everyone to this meeting
- 4 of the Mississippi State Board of Dental Examiners.
- 5 My name is Mark Williams and I call the meeting to
- 6 order. I'd like to begin with an opening prayer. If
- 7 y'all would indulge me and offer -- it's a personal
- 8 privilege to pray.
- 9 (Prayer.)
- 10 BOARD PRESIDENT WILLIAMS: Thank you, all.
- 11 I'd like to begin with the introduction of guests. And
- 12 it's always interesting, but since I -- Ms. Ashley.
- 13 We'll just start on the back row today. Will you start
- 14 by introducing yourself.
- MS. CASEY: Yes. I'm Ashley Casey with
- 16 Smiles to Go.
- 17 BOARD PRESIDENT WILLIAMS: Thank you.
- MR. MURPHY: I'm Mike Murphy with Mobile
- 19 Health Solutions.
- 20 MS. RISHU: I'm Laura Rishu with MDHA.
- 21 MR. FELSHER: Kevin Felsher, House of
- 22 Representatives, District 117. I chair -- vice chair
- 23 of public health and chair a peer committee.
- MR. SCARBOROUGH: Roddy Scarborough.
- 25 MR. BOSWELL: Peter Boswell with the MDA.

- 1 MS. SHERMAN: (Inaudible) Sherman with the
- 2 MDA.
- 3 DR. GRIFFIN: Chris Griffin, dentist.
- 4 DR. SMITH: John Smith, dentist from
- 5 Greenwood.
- 6 MS. ZAKKAK: Linda Zakkak, MDHA.
- 7 DR. CREWS: I'm Karen Crews and I live in
- 8 Gulfport, Mississippi.
- 9 MS. FUNDERBURG: Whitney Funderburg, MDHA.
- 10 MS. McMURPHY: Janet McMurphy, MDHA and a
- 11 Board member.
- 12 MS.: Elizabeth (inaudible), University of
- 13 Mississippi Medical Center, School of Dentistry,
- 14 Department of Dental Hygiene.
- 15 DR. FILZEN: Dr. Angela Filzen, dentist,
- 16 consultant with the Mississippi State Department of
- 17 Health.
- 18 MS. GATES: Yolanda Gates, Mississippi State
- 19 Department of Health.
- DR. LEACH: Jason Leach, general dentist.
- 21 MR. NOSEF: Joe Nosef, lawyer. I'm here
- 22 to represent my client.
- 23 MR. MORGAN: I'm Noel Morgan with Simmons
- 24 Consulting.
- MS. EKLUND: Anita Eklund. I'm the public

- 1 policy advocate for Mississippi Academy of Pediatric
- 2 Dentistry.
- 3 BOARD PRESIDENT WILLIAMS: Okay. Welcome
- 4 to you all. Thank you for being here. Mr. Hydrick,
- 5 do we have a quorum?
- 6 EXECUTIVE DIRECTOR HYDRICK: We do. I will
- 7 note that Dr. Carton is present by Zoom, so we have
- 8 eight members present, all eight members are here.
- 9 BOARD PRESIDENT WILLIAMS: Okay. So we
- 10 have a quorum. Thank you. And we have an agenda that
- 11 has been submitted, and I would like to get a motion
- 12 to approve the agenda as submitted.
- 13 BOARD MEMBER LAMPKIN: So moved.
- 14 BOARD MEMBER BIRMINGHAM: I would like to
- 15 make a motion to amend the agenda.
- 16 BOARD MEMBER CURTIS: I second the motion
- 17 first to --
- 18 BOARD PRESIDENT WILLIAMS: Yes. Can we get
- 19 a second to approve? All right. So we have a motion
- 20 to approve the agenda and a second. Is there any
- 21 discussion on the agenda?
- 22 BOARD MEMBER BIRMINGHAM: So I would like to
- 23 make a motion to amend the agenda and move Item Number
- 24 14 up to Number 3.
- 25 BOARD PRESIDENT WILLIAMS: Okay. So we

- 1 went into -- we have a friendly amendment to your
- 2 motion, and so we can either withdraw the motion to
- 3 approve the agenda and accept the new one or accept
- 4 this amendment.
- 5 BOARD MEMBER GRUBBS: (Inaudible.)
- 6 BOARD PRESIDENT WILLIAMS: We have to get
- 7 this motion seconded before we can discuss. All right?
- 8 So we have a new motion, a friendly amendment to her
- 9 motion to accept the agenda. Can I get a second to
- 10 that?
- 11 BOARD MEMBER CURTIS: Second.
- 12 BOARD PRESIDENT WILLIAMS: All right. So
- 13 I'd like to discuss the motion from Ms. Birmingham to
- 14 move Agenda Item Number 14 to 3. Any discussion?
- 15 BOARD MEMBER GRUBBS: Why are we moving it?
- 16 BOARD PRESIDENT WILLIAMS: Ms. Birmingham
- 17 made a request.
- 18 BOARD MEMBER GRUBBS: Well, that's good
- 19 enough for me, then.
- 20 BOARD PRESIDENT WILLIAMS: Okay, then.
- 21 BOARD MEMBER BIRMINGHAM: There you go.
- 22 BOARD PRESIDENT WILLIAMS: All right. Any
- 23 other discussion? All in favor of the motion to move
- 24 Agenda Item 14 to 3, say "aye."
- 25 DENTAL BOARD: "Aye."

- 1 BOARD PRESIDENT WILLIAMS: Okay. So that
- 2 motion has now passed, and we will consider that a
- 3 friendly amendment to the motion to approve the agenda
- 4 item as submitted. Any discussion on the new agenda?
- 5 Westley, is it also fair to say that this
- 6 new agenda includes the oral proceedings that's on the
- 7 back of this as well and we have accepted this as
- 8 presented as well?
- 9 MR. MUTZIGER: Yes, sir.
- 10 BOARD PRESIDENT WILLIAMS: And you will
- 11 discuss that in your opening remarks?
- 12 MR. MUTZIGER: Yes, sir.
- 13 BOARD PRESIDENT WILLIAMS: Very good. Any
- 14 other discussion about the agenda? All in favor, say
- 15 "aye."
- 16 DENTAL BOARD: "Aye."
- 17 BOARD PRESIDENT WILLIAMS: Any opposed, say
- 18 "nay."
- 19 (No response.)
- 20 BOARD PRESIDENT WILLIAMS: All right. Motion
- 21 passes.
- We will now proceed to Item Number 14 which
- 23 we are considering Item Number 3 on the agenda, and
- 24 the public hearing and proceeding for the amendment to
- 25 Regulation 13. As you all know, Regulation 13 was

- 1 amended in June. The rules and reg committee met on
- 2 the 12th and we approved this on the 13th of June and
- 3 was submitted accordingly.
- 4 I would like to turn the floor over to
- 5 Mr. Mutziger for some opening remarks about the Board's
- 6 procedural issues with developing Regulation 13.
- 7 MR. MUTZIGER: Yes, sir. Thank you, Dr.
- 8 Williams. Welcome everyone. Thank you for being
- 9 present today. As Dr. Williams stated, the Board
- 10 enacted a temporary rule, Board Regulation 13, to be
- 11 effective July 1 commensurate with House Bill 1062
- 12 which amended Mississippi Code Annotated Section 7395
- 13 that defines the scope of practice for dental hygiene.
- 14 Ultimately, the Dental Practice Act was
- 15 changed. Dental hygienists with the Dental Practice
- 16 Act are now permitted to perform their duties under the
- 17 general supervision of licensed dentists. Given the
- 18 truncated timetable associated with the implementation
- 19 of that law, notably July 1, the Board moved swiftly
- 20 to implement changes to Board Regulation 13. The
- 21 temporary rule remains in effect.
- The Board has received greater than ten
- 23 requests for a public proceeding. Under the
- 24 Administrative Procedures Act in Mississippi, that
- 25 necessitates a public proceeding. So the public

- 1 proceeding is today regarding Regulation 13 regarding
- 2 those temporary changes that have been imposed by this
- 3 Board.
- 4 Within the Administrative Procedures Act the
- 5 Board is authorized to issue rules or guidelines
- 6 regarding this proceeding and they have done so. They
- 7 have done so at the July 25th meeting of the Board.
- 8 Those requirements included speaker request submissions
- 9 of which the Board has received today four, and those
- 10 are found in the Order of Presentations, Number 3
- 11 through 6.
- The proceeding today will go in such an order.
- 13 I will provide a very brief overview of Regulation 13
- 14 and some additional supplemental information regarding
- 15 regulations in general. Following that we will have
- 16 the presentations, 1 through 4, Dr. Filzen, Dr. Smith,
- 17 Dr. Crews, and Ms. Zakkak. After each individual
- 18 presentation, which will be limited to ten minutes --
- 19 and I would ask have we identified a timekeeper? Denny,
- 20 I know that we spoke about that. Have we identified a
- 21 timekeeper?
- 22 EXECUTIVE DIRECTOR HYDRICK: Yes.
- 23 MR. MUTZIGER: Okay. Excellent. All right.
- 24 So ten minutes will be afforded each presenter of which
- 25 the opportunity has also been afforded to provide

- 1 supplemental information which the Board has received.
- 2 Following each presentation, the Board will be afforded
- 3 the opportunity to ask questions.
- 4 During this time the head of the proceeding
- 5 will be the chair, which will be Dr. Williams, president
- 6 of the Board. After each presentation is concluded it
- 7 will be at the Board president's discretion whether to
- 8 entertain additional discussion regarding Board
- 9 Regulation 13 whether to recognize additional speakers
- 10 if there are any that should request to be heard.
- 11 So without further ado, I move into my brief
- 12 presentation regarding the regulation. So you'll see
- 13 on the board under TBs before you just a reminder about
- 14 the Board's role in regulating the practice of dentistry,
- 15 and I'm going to talk just a little bit about the
- 16 difference between the law and the regulation. This is
- 17 just to give a solid foundation, a solid understanding
- 18 of this Board's authority and how we are acting in
- 19 this in promulgating Board Regulation 13 as amended.
- 20 On the screen you will find a couple of
- 21 provisions of law. I apologize for just reading, which
- 22 you can read yourselves, but for the purposes of making
- 23 a record I will do so. The Board's Duties and Powers.
- 24 The Mississippi State Board of Dental Examiners is
- 25 charged to regulate the practice of dentistry and dental

- 1 hygiene and charged to promulgate reasonable regulations
- 2 as are necessary or convenient for protection of the
- 3 public. We're all familiar with this, the Board's role.
- 4 The shorthand version is -- what? -- to
- 5 protect the public; however, the Board shall not adopt
- 6 any rule or regulation or impose any requirement
- 7 regarding the licensing of dentists that conflicts with
- 8 the prohibitions in 73493.
- 9 Additionally, section -- subsection D, the
- 10 Board is charged to provide for the enforcement of and
- 11 to enforce the laws of the state of Mississippi and
- 12 the rules and regulations of the State Board of Dental
- 13 Examiners.
- 14 Stated in a different section, 73917, the
- 15 Board is authorized to prescribe and enforce regulations
- 16 and to perform those acts compatible with and authorized
- 17 by either directly or by implication the laws of the
- 18 state of Mississippi for the purposes of implementing
- 19 the provisions of this chapter.
- 20 In layman's terms, the Board is charged by
- 21 the Mississippi Dental Practice Act, that which is
- 22 written by the legislature.
- And Denny, let's go ahead and move to the
- 24 next slide, please. It is charged to implement the law.
- 25 We are not the writers of the law. We are the enforcers

- 1 of the law. We are given authority that is governed
- 2 by the law. We can only do those things within the
- 3 four corners of what the law has authorized us to do.
- 4 What you see before you is just a general
- 5 breakdown comparing the law versus our authority as
- 6 a Board to promulgate regulations. You'll see on the
- 7 left the Dental Practice Act. As I stated, it's
- 8 written by the legislature. It can only be changed by
- 9 the legislature. It typically is changed less frequently
- 10 than regulations. It tends to be broad and delivers
- 11 the main points. It authorizes the Board to promulgate
- 12 regulations.
- As you can imagine, the legislature is not
- 14 equipped to manage or prescribe every specific point
- 15 or detail regarding the many areas which the state is
- 16 regulated. In such cases, it defers to specific
- 17 agencies to develop regulations to deliver the specific
- 18 points that are necessary for implementation of the law
- 19 and enforcement of the law.
- Now, notably, the law as well as the
- 21 administrative code, the rules and regulations, today
- 22 talking about Board Regulation 13, they are equally
- 23 applicable to all licensees. The law of regulation,
- 24 it applies the licensees the same force and effect.
- 25 As I stated, Board Regulation 13 or the Board's

- 1 regulations, in general, seem to be more specific and
- 2 the Board utilizes its expertise. Right? We are a
- 3 Board made up of market participants made up of dentists.
- 4 Naturally, the Board mainly put dentists -- and forgive
- 5 me, Ms. Birmingham, also dental hygienists. The Board's
- 6 expertise in these matters of dentistry and of dental
- 7 hygiene is naturally going to be well-equipped to
- 8 address these more specific issues regarding
- 9 implementation of the law as provided by the
- 10 legislature.
- 11 Moving on to the next slide, Denny, I will
- 12 just note the provisions of the Mississippi
- 13 Administrative Procedures Act that got us here today
- 14 regarding public participation as well as the authority
- 15 for temporary rules.
- Then I will ask to proceed to the next page.
- 17 We have just a simple breakdown. I will not belabor
- 18 the point in an effort of efficiency. What we have
- 19 here on the left is ultimately the Practice Act, and
- 20 the principle that I want to be seen today or taken
- 21 from this presentation is that on the left -- and,
- 22 Denny, if you'll just do just a quick pan just showing
- 23 the scope. There are highlighted sections here.
- 24 Everything on the right is the Board's regulation. It
- 25 all derives from the authority given to it by the

- 1 legislature, which is the law, the change of law that
- 2 occurred via House Bill 1062 effective July 1st. It
- 3 all derives from that authority on the left.
- 4 For example, Section 7395 requires or sets
- 5 the qualifications for a dental hygienist that is to
- 6 perform dental hygiene under general supervision.
- 7 Notably, you'll see under section -- subsection 3,
- 8 subsection A, the dental hygienist has practiced dental
- 9 hygiene in the state of Mississippi for a minimum of
- 10 five years, such period determined to be equivalent
- 11 to 6000 hours. That is a requirement prescribed by
- 12 the legislature by which Board Regulation 13 seeks to
- 13 put into effect by way of Administrative Code Board
- 14 Regulation 13, subsection B, A dental hygienist may
- 15 only practice under general supervision after obtaining
- 16 a registration to practice. One of the requirements
- 17 for the registration is just that, a requirement that
- 18 there be five years' experience and equivalent of 6000
- 19 hours.
- 20 Again, in the matter of being efficient,
- 21 I won't go through each of these but just illustrating
- 22 how the Board arrives at these principles within the
- 23 Board regulation all stems from the law. It's
- 24 implementing the law. So with these things in mind,
- 25 I know that there are several areas that we will get to,

- 1 specific talking points that have been submitted to
- 2 the Board either via a public comment or via request to
- 3 be a speaker today. We will certainly address those
- 4 and engage in discussion as necessary today to determine
- 5 whether the Board's temporary regulation should be
- 6 amended as a result of today's public proceeding.
- 7 So with that being said, I now would defer
- 8 to the chair of this oral proceeding, Dr. Williams,
- 9 and recognizing Dr. Filzen, our first speaker.
- 10 BOARD PRESIDENT WILLIAMS: Is it appropriate
- 11 to also mention that there -- because the July 1st
- 12 deadline occurred, what was written in the law that
- 13 there were aspects of 13 that were in direct conflict
- 14 with that which mandated within about a 60-day window
- 15 this Board take action.
- 16 MR. MUTZIGER: Absolutely, Dr. Williams.
- 17 This Board effectuated a temporary regulation because
- 18 of that. Board Regulation 13, as it existed -- as it
- 19 exists in its permanent form, not the temporary form,
- 20 absolutely conflicts with the law. It does not -- in
- 21 fact, it prohibits the practice of dental hygiene under
- 22 general supervision. So in order to effectuate the law
- 23 becoming effective July 1st, that is why the Board
- 24 engaged in that temporary action is to remove the
- 25 conflicting provisions and to provide authority for

- 1 general supervision to be effective July 1st.
- 2 BOARD PRESIDENT WILLIAMS: Okay. Thank
- 3 you. All right. Hearing that, I'd like to recognize
- 4 Dr. Angela Filzen as our first speaker. Thank you for
- 5 being here.
- 6 DR. FILZEN: Good morning, everyone.
- 7 BOARD PRESIDENT WILLIAMS: Good morning.
- 8 DR. FILZEN: I have prepared an oral
- 9 statement I'd like to read for the essence of time.
- 10 Thank you again for the Board opportunity -- this
- 11 opportunity to provide an official statement regarding
- 12 the updated guidelines for Regulation 13 in alignment
- 13 with Mississippi House Bill 1062.
- 14 We are deeply grateful for the unwaivering
- 15 support you, the Board, have provided the Mississippi
- 16 State Department of Health over the years. Your past
- 17 support has been instrumental in our work.
- As you are aware, the recent enactment of
- 19 Mississippi House Bill 1062 has brought about
- 20 significant alterations in the operational framework
- 21 for dental hygienists under general supervision. These
- 22 changes, particularly the removal of a limited scope
- 23 of practice for dental hygienists employed by the
- 24 Mississippi State Department of Health, carry profound
- 25 implications for Mississippi State Oral Health Program.

- 1 They are especially critical in our mission to enhance
- 2 access to care and utilization of preventive dental
- 3 care in underserved areas across all age groups.
- 4 The Mississippi State Department of Health
- 5 has had limited general supervision privileges in
- 6 Regulation 13 for decades. These provisions, which
- 7 were excluded from House Bill 1062, are crucial for
- 8 the effective operation of our oral health program and
- 9 the expansion of access of preventive dental care in
- 10 underserved areas.
- 11 I won't go through the entirety of those
- 12 provisions that were removed, but I'll just say some
- 13 of them include screening across all ages via general
- 14 supervision with our dental public hygienists, public
- 15 demonstrations, fluoride varnish application and the
- 16 like.
- 17 A recognized dental specialty by the
- 18 American Dental Association and this Board, dental
- 19 public health is the science and art of preventing and
- 20 controlling dental diseases and promoting dental health
- 21 through organized community efforts. It is a form of
- 22 practice that serves the community as a patient rather
- 23 than the individual. It is concerned with the dental
- 24 health education of the public with applied dental
- 25 research and with the administration of group dental

- 1 care programs, as well as the prevention and control of
- 2 dental diseases on a community basis.
- 3 Given the language of Mississippi House Bill
- 4 1062, it is evident that there is a limited provision
- 5 for the Board of Health or State Department of Health
- 6 to uphold its core competencies and responsibilities
- 7 as a nationally recognized state oral health program.
- 8 Your support is this matter is not just crucial but
- 9 also invaluable to our continuous success. We deeply
- 10 value your role in this and understand that without
- 11 your support maintaining our core competencies would
- 12 be a significant challenge.
- To provide an overview of the role of state
- 14 oral health programs, I would like to share the
- 15 following information from the guidelines for state and
- 16 territorial oral health programs and competencies for
- 17 oral health programs produced by the Association of
- 18 State and Territorial Dental Directors, ASTDD. The
- 19 2021 addition of the guidelines of the State and
- 20 Territorial Oral Health programs produced by ASTDD was
- 21 initially endorsed by more than 20 national organizations
- 22 and federal agencies guiding health agency officials
- 23 and public health administrators in the development
- 24 and operation of strong oral health programs at the
- 25 state level.

- 1 A companion document, ASTDD Competencies
- 2 for State Oral Health Programs describes 78
- 3 competencies and seven domains that represent skill
- 4 sets needed for a successful state oral health program
- 5 whether they are present in the oral health program
- 6 stat or obtained from other programs or outside
- 7 resources. A state oral program with access to
- 8 expertise reflected in the competencies is better
- 9 positioned to carry out roles outlined in the
- 10 guidelines, the core public health functions of
- 11 assessment, policy development, and assurance identified
- 12 in the 1988 Institute of Medicine Report. The future
- 13 of public health and the ten essential public health
- 14 services were initially discussed in 1944, a public
- 15 health document. They were updated in 2020.
- 16 Additionally, ASTDD developed core
- 17 competencies again around state oral health programs
- 18 that speak to domains around building support, planning
- 19 and evaluating programs, influencing policies and
- 20 system changes, managing people, managing programs and
- 21 resources, using public health science and leading
- 22 strategically.
- 23 The document also lists eight guiding
- 24 principles that should be integrated throughout the
- 25 program rather than devoting to one competency

- 1 integrating oral health and general health, programming
- 2 of all life stages, the lifespan approach, recognizing
- 3 and reducing oral health disparities, identifying
- 4 leveraging and using resources, social responsibility
- 5 to advocate for and to serve underserved communities,
- 6 demonstrating and understanding respect for other
- 7 professions, their goals and roles, respecting
- 8 diversity, obtaining cultural competence, dedication
- 9 to lifelong learning and quality improvement.
- 10 Over the years, ASTDD has remained a
- 11 critical and collaborative partner to Mississippi's
- 12 oral health program. Their assistance in assessing
- 13 our oral health program along national standards,
- 14 providing technical support when needed, mentoring new
- 15 state dental directors and supporting teams serves as
- 16 a significant resource to our statewide efforts.
- 17 Oral health in America advances and
- 18 challenges took a comprehensive look at the nation's
- 19 oral health over the last 20 years. It examines
- 20 scientific advances and challenges like unequal access
- 21 to dental care that affected the oral health of people
- 22 in the United States. While the oral health of
- 23 Americans has improved significantly over the last 60
- 24 years, substantial oral health disparities still persist.
- 25 For the essence of time, I'll just share

- 1 a little bit more concerning state oral health programs.
- 2 There was an article by Dr. Louis Lambiase in "Oral
- 3 Health Infrastructure," the "Value of State Oral Health
- 4 Programs" that spoke to state oral health programs
- 5 serving as the go-to place and focal point for policy
- 6 development where multiple state agencies are
- 7 addressing dental and oral health issues.
- 8 For over 20 years, Mississippi's model for
- 9 community engagement and statewide dental care for a
- 10 nation has utilized public health dental hygienists,
- 11 also known as ROCHs or regional oral health consultants.
- 12 The ROCHs are a vital part of our oral health program
- 13 in promoting oral health and preventing disease at the
- 14 community level. Their work extends beyond clinical
- 15 care to encompass education, advocacy, and the
- 16 development of public health programs.
- 17 Some of the core responsibilities include
- 18 oral health assessment in which they assist with
- 19 conducting screenings and assessment -- assessing
- 20 treatment urgency needs. In this role, they are not
- 21 detecting cavities or other dental issues from a
- 22 disease diagnosis perspective. Utilizing the basic
- 23 screening survey tool, a standardized method developed
- 24 and maintained by ASTDD, they collect oral health
- 25 indicators around untreated decay, treated decay,

- 1 sealants and treatment urgency, preventive care. They
- 2 also provided treatments like fluoride treatments,
- 3 sealants and cleanings under the direct supervision
- 4 of dentists when we have those opportunities.
- 5 Routinely, the fluoride varnish is done
- 6 like in school-based clinics or Head Starts, and when
- 7 we have the opportunity to partner with community
- 8 faith-based entities where we have other local dentists
- 9 come in. There are times when they assist with X rays
- 10 and cleanings and other things under direct supervision.
- They also assist with education, teaching
- 12 individuals and communities about proper oral hygiene
- 13 practices, nutrition, the link between oral health and
- 14 overall health. They assist with community outreach
- 15 by working in schools, senior centers in underserved
- 16 areas to deliver care and education, and also they
- 17 assist with data collection and analysis by helping to
- 18 monitor oral health trends in the community to inform
- 19 public health strategies.
- 20 Oral health has been at the forefront of
- 21 interdisciplinary practice. We work across departments
- 22 within the health department training social workers,
- 23 community health workers, health educators, breast
- 24 coordinators and the like on the importance of oral
- 25 health and its role in overall health and well-being.

- 1 As such, those patients are generally within the health
- 2 department referred to the office of oral health to help
- 3 them find a dental home. In that, public health dental
- 4 hygienists are essential in reducing health disparities,
- 5 improving access to care, increasing the utilization
- 6 of dental services, promoting lifelong oral health
- 7 habits, and supporting vulnerable populations.
- 8 It's also important to note that our state
- 9 health program is not funded or supported by any
- 10 specified state budget. We rely heavily on federal
- 11 funding to staff and carry out the tenets of the state
- 12 oral health program. Without dedicated funding annually
- 13 we cannot employ multiple dentists and support staff
- 14 to conduct oral health surveillance activities
- 15 throughout the state.
- 16 The provision of the Mississippi State
- 17 Department of Health for general supervision of general
- 18 hygienists enables us to continue our mission to ensure
- 19 that we are addressing the needs of our community.
- 20 While we understand the Board's limitation
- 21 based on House Bill 1062 to restore general supervision
- 22 for Mississippi State Department of Health dental
- 23 hygienists, we solicit the Board's support.
- 24 BOARD PRESIDENT WILLIAMS: Perfect timing.
- 25 Thank you. So will you -- would you be willing to

- 1 provide that --
- 2 DR. FILZEN: Sure.
- 3 BOARD PRESIDENT WILLIAMS: -- document to us?
- 4 DR. FILZEN: Okay.
- 5 BOARD PRESIDENT WILLIAMS: All right. Thank
- 6 you.
- 7 DR. FILZEN: Thank you.
- 8 BOARD PRESIDENT WILLIAMS: Any questions
- 9 from any Board member? I would like to state, Dr.
- 10 Filzen, we would like that document.
- 11 DR. FILZEN: Yes, sir, I'll send it to you.
- 12 BOARD PRESIDENT WILLIAMS: And you were here
- 13 in July at the Board meeting --
- 14 DR. FILZEN: Yes, sir.
- 15 BOARD PRESIDENT WILLIAMS: -- and presented
- 16 some of this same information, along with Dr. Eklund;
- 17 and we -- the Board did not remove that special --
- DR. FILZEN: Sure. We understand.
- 19 BOARD PRESIDENT WILLIAMS: -- general
- 20 supervision issue from the language, and we feel as
- 21 though our hands are tied with existing 1062, that we
- 22 cannot supercede that to --
- 23 DR. FILZEN: Sure.
- 24 BOARD PRESIDENT WILLIAMS: -- grant that.
- 25 Okay. So I just want to make sure you and your office

- 1 knows that we -- we feel like our hands are tied.
- 2 DR. FILZEN: Right. And we understand.
- 3 BOARD PRESIDENT WILLIAMS: Okay.
- 4 DR. FILZEN: That last statement was to that
- 5 point.
- 6 BOARD PRESIDENT WILLIAMS: Yes.
- 7 DR. FILZEN: Thank you for your support, and,
- 8 you know, any support in the future to regain that will
- 9 be helpful.
- 10 BOARD PRESIDENT WILLIAMS: Okay. Thank you.
- 11 I would like -- I would like your -- if you don't mind.
- DR. FILZEN: Yeah, that's fine. If I need
- 13 to leave it here, that's fine, I can.
- 14 BOARD PRESIDENT WILLIAMS: I'd like to have
- 15 it right now just for reference on a couple of other
- 16 things --
- 17 DR. FILZEN: All right.
- 18 BOARD PRESIDENT WILLIAMS: -- during some
- 19 of these other --
- DR. FILZEN: I'll get a copy before I leave
- 21 and then that would be fine.
- 22 BOARD PRESIDENT WILLIAMS: Ma'am?
- 23 DR. FILZEN: I will get a quick copy or have
- 24 someone get me a copy of it. That's fine.
- 25 BOARD PRESIDENT WILLIAMS: Can we do that

- 1 right now because I may need to reference some of what
- 2 she said in a few minutes.
- 3 DR. FILZEN: Sure.
- 4 BOARD PRESIDENT WILLIAMS: Thank you.
- 5 DR. FILZEN: No problem.
- 6 BOARD PRESIDENT WILLIAMS: All right. Any
- 7 other questions? All right. Thank you, Dr. Filzen.
- 8 I would like to recognize Dr. John Smith.
- 9 DR. SMITH: Good morning.
- 10 BOARD PRESIDENT WILLIAMS: Good morning.
- 11 Thank you for being here.
- 12 DR. SMITH: Yes. So I'd like to thank the
- 13 Board for their service. I realize this is a
- 14 challenging job that involves a lot of hours and not a
- 15 lot of compensation, and I really wouldn't seek that
- 16 out but I'm thankful for what you do and appreciate it
- 17 greatly.
- 18 I'm here primarily to offer a perspective
- 19 as a solo practitioner for 36 years in the Mississippi
- 20 Delta and also as an instructor at Mississippi Delta
- 21 Community College in the hygiene department. So I was
- 22 very pleased with the -- with the House Bill 1062. It
- 23 was -- it was a Godsend, but it was a little late for
- 24 me. I could have used it 25 years ago.
- 25 Management companies taught me early on in

- 1 my practice that dental hygiene was going to be my
- 2 ticket. I mean, if I could build up my hygiene
- 3 department I would have a successful practice, and I
- 4 started from scratch. So that was something I focused
- 5 on, and I ended up having two hygienists that were very
- 6 busy and I was thankful for that, tremendous ladies
- 7 that worked for me, but it made it difficult for me to
- 8 take off because that was such a production generator
- 9 in the office. I couldn't take off. It would -- I
- 10 would have to lay -- you know, they would have to be
- 11 out of an income and I would lose quite a bit of income,
- 12 so I just didn't take off.
- 13 I actually took my name off the voter rolls
- 14 back in the '90s, I guess, so I wouldn't have jury duty
- 15 because it would have been so expensive for me. So I
- 16 was very dependent on the hygienists and what they
- 17 produced. I was in the military. I went into the Navy
- 18 out of dental school and then came back to Mississippi
- 19 and joined the National Guard. I retired from the
- 20 Guard as a lieutenant colonel back in the '90s, so that
- 21 was my vacation, Camp Shelby, the Navy base, you know,
- 22 Norfolk. I mean, wherever -- wherever I went for two
- 23 weeks, that was it because I couldn't afford taking
- 24 off. So House Bill 1062 would have been wonderful for
- 25 me.

- 1 So I was excited, but I did -- I was a
- 2 little concerned about the restrictions, and I was
- 3 frustrated a little bit by what we were going to have
- 4 to go through to make this work. I understand this is
- 5 a big change to the Practice Act, and we have to be
- 6 careful and cautious as we move into new things because
- 7 this is new, but I know a lot of other states -- most
- 8 other states have done this without any consequences,
- 9 so I feel like we're safe there.
- The solo dentist in the delta has probably,
- 11 one, maybe two front desk people, administrative people,
- 12 and they're busy primarily with insurance. It is very
- 13 frustrating and it's getting worse every year the time
- 14 they spend on insurance, and that's what I'm concerned
- 15 about is the burden of additional administrative things
- 16 that they have to go through, and this is what I see in
- 17 the regulations that we're headed. It was actually the
- 18 bill.
- 19 I know you can't have anything -- any
- 20 changes to the bill, but one of the things I see is the
- 21 difficulty with making appointments. The one day -- I
- 22 talked to several receptionists about this. The
- 23 receptionist is the one who makes these dental
- 24 appointments for the hygienist. So how the receptionist
- 25 is going to determine the ASA classification of a

- 1 patient, I don't know how that's going to work. I know
- 2 it's important, but I just don't know how they're going
- 3 to -- I guess the doctor is going to have to go in and
- 4 classify each patient even beforehand or whatever, but
- 5 that's not something y'all have any control over, I
- 6 understand.
- 7 Having to have extra CPR requirements to
- 8 the Board seems like an extra burden. I don't know
- 9 if that's a good word. And let's see. Taking extra
- 10 CPR -- not CPR but emergency training, I think that was
- 11 part of your regulation was to have three hours of
- 12 training in emergency medicine. That, I think you
- 13 ought to make the dentists take it also, I mean, to be
- 14 fair. I worked with some young dentists and it's kind
- 15 of scared me what they -- how little they know about
- 16 emergency medicine. And nothing against the dental
- 17 school, but I've had some incidents in my office and
- 18 I've thought it just didn't seem like they really had
- 19 a good command of that information.
- Switching over to the hygiene education,
- 21 that's been amazing to me to see how much the strenuous
- 22 training that they go through, and part of it is in
- 23 emergency medicine. I -- as a clinic instructor, we
- 24 go over possible medical emergencies every morning in
- 25 the clinic. I have one student talk about a certain

- 1 medical emergency. They're taught it in their hygiene
- 2 classes, and I teach pharmacology, so it comes up in
- 3 pharmacology quite a bit. So I just feel like, you
- 4 know, if you're going to require the hygienist to do
- 5 it let's require the dentist to do it. I wouldn't have
- 6 a problem with that.
- 7 And another thing I think would be important
- 8 as a regulation would be to have another person in the
- 9 office with this hygienist. A person in the office by
- 10 themselves, if a medical emergency comes up, that's
- 11 going to be a challenge. This dentist or hygienist is
- 12 going to be busy taking care of the person. Somebody's
- 13 got to call 911. And I think, you know, that would be
- 14 a rule that I would put in there is just to have another
- 15 person in the office when the hygienist is working under
- 16 general supervision. It's just my opinion.
- 17 And to end this, finalize it, I would say
- 18 that the quality of education that our hygienists are
- 19 getting is just incredible; and it's been overwhelming
- 20 to me to see what they go through and how much they
- 21 know about dentistry in general and how -- and the
- 22 quality that they -- the quality of graduates that
- 23 we're producing is very high, and I would just like for
- 24 the Board to be sure and consider that when they make
- 25 these decisions about the hygienists. So anyway, that's

- 1 about it. I appreciate your attention and thank you
- 2 for that.
- 3 I'm -- I've had quite a bit of experience
- 4 in my career in different areas of dentistry, and it's
- 5 been quite a blessing, but I'm in my later years. I'm
- 6 72 years old now and I had to come -- the stress of all
- 7 of that practice in the Delta, I ended up with a
- 8 pituitary tumor and I had to quit. That's why I sold
- 9 my practice. But that stress -- and a lot of it's
- 10 because I didn't take any time off, you know. So I
- 11 think this is an important bill and I'm real happy
- 12 about it, and I just appreciate your efforts. That's
- 13 all I have.
- 14 BOARD PRESIDENT WILLIAMS: Thank you for
- 15 your presentation. Any questions for Dr. Smith from
- 16 the Board? Thank you for your presentation.
- 17 I'd like to call on Dr. Karen Crews, please.
- 18 DR. CREWS: Good morning.
- 19 BOARD PRESIDENT WILLIAMS: Good morning.
- 20 Welcome.
- 21 DR. CREWS: I feel like I know everybody
- 22 here. I had this all written out, and I think I can
- 23 just talk to y'all.
- 24 BOARD PRESIDENT WILLIAMS: That's fine.
- DR. CREWS: I am Karen Crews, and in this

- 1 phase of my life I'm a private practicing dentist in
- 2 Gulfport, Mississippi. I am here today just really
- 3 representing myself and the three other younger dentists
- 4 who signed the letter that we sent, Logan Malone, Eli
- 5 Lowery, and Scarlet Johnson; and they -- I said I'll
- 6 help you write the letter but y'all have to go to
- 7 Jackson, and here I am.
- 8 Before I begin, I do appreciate y'all
- 9 allowing me to present my thoughts, and that's what
- 10 they are, they're thoughts, but I also have some
- 11 suggestions. I want to thank y'all for the work that
- 12 you do. I know what goes into it, and having been at
- 13 the dental school for so many years and working in
- 14 public health, working with tobacco, most of you know
- 15 that I spent the first 25 years of my career teaching
- 16 at the school of dentistry. I loved every minute of
- 17 it. I wouldn't trade it for the world, but I was deeply
- 18 involved in tobacco treatment, research, and education.
- 19 And at that time the Board made such an insightful
- 20 decision that had a tremendous impact on me and my
- 21 career, but also for Mississippians in that they allowed
- 22 for dentists to write prescriptions for tobacco
- 23 dependence medications.
- Now, this came with a lot of push-back, what
- 25 if's, and stay in your own lane from our medical and

- 1 pharmacy colleagues, but the Board supported that
- 2 decision which was great for dentistry and thousands
- 3 of Mississippians received care via the dental office
- 4 and dental teams for treating tobacco dependents; and
- 5 to this day, dentistry in Mississippi has contributed
- 6 to the overall decrease in the prevalence of tobacco
- 7 use in our state, and I just think that's wonderful
- 8 and I thank y'all for that.
- 9 When the House Bill 1062 was passed, I was
- 10 really excited because I had been hearing about general
- 11 supervision since I got out of dental school, and I do
- 12 believe sincerely that when Representative Kevin Felsher
- 13 introduced the bill and Governor Tate Reeves, who I'm
- 14 related to, signed the bill, I think he signed it
- 15 because of me, the intention was really to increase
- 16 access to care for Mississippi's public; and that's
- 17 what you're here to do is to protect our public, and,
- 18 hopefully, we as dentists are one of the things that,
- 19 you know, we seek when we become dentists is we want
- 20 to help people. So, you know, what you're -- you have
- 21 to help us to help those people, and I understand that
- 22 there has to be structure around that.
- 23 But I do think this bill provides a good
- 24 framework for dentists to work with their dental teams
- 25 to provide these services to patients, specifically

- 1 dental hygienists, which I agree with Dr. Smith. I
- 2 have learned from being in private practice for the
- 3 past ten years and working with three hygienists that
- 4 they truly are the backbone to our practice. They are
- 5 the directors of my prevention program. They build up
- 6 and help me to be successful and by caring for our
- 7 patients in our practice, and I do see this as a team
- 8 effort. I don't -- you know, I stand on their shoulders.
- 9 We know that general supervision is not new
- 10 to Mississippi. Well, it's new to Mississippi but it's
- 11 not new to dentistry. General supervision has been in
- 12 effect for -- what? -- over 40 years, and all under the
- 13 guise of bringing access to care for people in
- 14 underserved areas and such. And I do believe that when
- 15 Representative Felsher -- whom I have not met. I heard
- 16 that he's in this room. I'll have to introduce myself
- 17 -- worked with our colleagues in the Mississippi Dental
- 18 Association and the Mississippi Dental Hygiene
- 19 Association to design this bill. So I place a lot of
- 20 trust and a lot of value in the guidelines that are put
- 21 about.
- Now, in terms of public health, I think, yes,
- 23 the access to care is a tremendous issue for Mississippi.
- 24 We have a dental shortage. We have many underserved
- 25 areas and having the ability to have our dental

- 1 hygienists participate in oral health activities is
- 2 tremendous for the state. And there are numerous
- 3 publications in scientific journals and reports by HRSA,
- 4 the Human Resources and Service Administration, that
- 5 have shown evidence that dental hygienists working
- 6 under general supervision actually improve the quality
- 7 of healthcare of our citizens, and this, in turn,
- 8 overall improves the health of the public.
- 9 However, today I want to talk about the
- 10 things that I saw in Regulation 13 that to me maybe
- 11 are not necessary in the daily running of our offices,
- 12 and these are just my thoughts. So Regulation 13 calls
- 13 for dentists and dental hygienists to separately
- 14 register and pay fees to participate under the new law.
- 15 They require a 24-hour notice for a dental hygienist to
- 16 treat a patient under general supervision, and in the
- 17 period of time that a dental hygienist sees a patient
- 18 is equal to about one day of treatment.
- 19 So we have 24 days a year, I believe, that
- 20 we may practice -- our hygienists, our team members
- 21 practicing under general supervision and ten days
- 22 consecutively. That's my understanding. I feel that
- 23 the additional registration and fees will be
- 24 administratively cumbersome in the busy private office,
- 25 and this is my experience from having been in one for

- 1 the last ten years. A 24 advanced notice is going to
- 2 affect a dentist who might call the office and say I've
- 3 had a family emergency. I have a medical emergency.
- 4 I can't be there until 10 o'clock or I've been in a
- 5 car wreck, which has happened to me, and everything has
- 6 to stop because we don't have a 24-hour notice. So
- 7 those patients will have to be canceled. Patients like
- 8 flexibility in their scheduling, and I think this kind
- 9 of defeats the purpose of having general supervision.
- Finally, the period of time, regardless if
- 11 it's 10 minutes that a hygienist might be seeing the
- 12 patient, if I walk into the office 15 minutes late but
- 13 she goes ahead and initiates care, but I'm there for
- 14 the rest of the day, is equivalent to one full day, and
- 15 I just feel like that also defeats the purpose of having
- 16 general supervision.
- 17 So those are my concerns, and I have some
- 18 suggestions. I feel that the current method that the
- 19 Board uses that dentists attest to having their
- 20 continuing education, we attest to having our CPR, why
- 21 can't we attest to having our protocols in writing and
- 22 in place in our office for having general supervision
- 23 at our office. Why can't we attest to that. Like,
- 24 that seems to be a successful way to do it, and we
- 25 could attest to that rather than going through

- 1 additional registrations and all of that stuff that
- 2 could be administratively cumbersome.
- Now, I understand that y'all have to have
- 4 a way to monitor our offices, monitor the profession
- 5 when a law is being enacted so that if there is a legal
- 6 issue, and let's say a patient files a complaint, you
- 7 have to have a way to say, you know, to measure that
- 8 and to see what really happened. So what about an
- 9 informed consent? Why can't every patient -- the Board
- 10 could design -- tell us what we need on those informed
- 11 consents. I would say that ASA, the patient's name,
- 12 date of birth, their health history, then a consent to
- 13 say they understand they're receiving care from the
- 14 dental hygienist and the dentist is not present. They
- 15 sign it and the patient signs it. And the hygienist
- 16 signs it. And really, if you think about it, they can
- 17 actually sign that, an initial consent, when they walk
- 18 in saying they understand that the dentist is not in
- 19 the office and then when they go back into the room
- 20 the hygienist -- if the Board wants, the hygienist
- 21 could then have that consent to care.
- So now we have two forms of documentation.
- 23 This could then be scanned into the record. It's there
- 24 forever. Or if the office is not electronic, which I
- 25 think there are very few now, but they could keep it

- 1 in the patient file. And then when the Board needs to
- 2 audit us because of a particular issue that's happened
- 3 with an office they have that documentation of every
- 4 hour of every day that a dental hygienist has seen
- 5 someone. That's just a suggestion.
- 6 So I didn't come to you with just problems.
- 7 I came with some suggestions as well, and I hope you'll
- 8 take that into consideration. And I can't take credit
- 9 for that suggestion. I will tell you that my research
- 10 led me to calling several colleagues in and around and
- 11 neighboring states. Kentucky has this as part of their
- 12 law, and it seems to be working well for them.
- 13 In summary, I do feel that House Bill 1062
- 14 should be enacted as it stands with maybe some additional
- 15 documentation for the Board because, you know, we want
- 16 you to be able to do what you do so that we can do what
- 17 we do. So thank you for your time. I appreciate it.
- 18 BOARD PRESIDENT WILLIAMS: Before you leave,
- 19 does --
- DR. CREWS: Oh, I have to answer questions
- 21 now.
- 22 BOARD PRESIDENT WILLIAMS: -- anybody have
- 23 any questions for her?
- BOARD MEMBER CURTIS: Karen, I just have one question.
- 25 First of all, I think your idea of having an informed

- 1 consent in lieu of a 24-hour notice, that's certainly
- 2 something that I think is probably worth consideration,
- 3 and we will take that into consideration.
- 4 The other thing that you mentioned, however,
- 5 that's going to be cumbersome is the quarter of a day,
- 6 half a day, three-quarters of a day, how will we beep
- 7 up with that and who keeps up with it, and do have a
- 8 special log that every dentist has to have and do we
- 9 have -- are we going to have to add additional staff
- 10 here at the Board to keep up with that? That was the
- 11 part that led us to say a day is a day. There are no
- 12 half days or there's no quarter days because it just --
- 13 it's a matter of how do you keep up with all of that.
- DR. CREWS: Well, if you're signing a
- 15 consent, so if two consents are signed on -- you know,
- 16 I don't -- I just feel like you'll have a documentation
- 17 of the patients that they were seen under general
- 18 supervision. And I think some of this -- you know, it
- 19 goes back to there is some responsibility on the dentist.
- 20 At the end of the day this is on me. I have to take
- 21 responsibility for my behavior, and if -- I understand
- 22 where you're coming from. I guess for me it's, you
- 23 know, my mother always said it's hard to think someone
- 24 is capable of something you're not capable of doing,
- 25 so I would think some of this has to be under the moral

- 1 and ethics that we learn and should have within us,
- 2 that dentists should be able to be trusted. I mean --
- 3 BOARD PRESIDENT WILLIAMS: So I have a few
- 4 comments, Dr. Crews. First of all -- and Dr. Curtis,
- 5 the regulation does not say 24 hours. Okay? I would
- 6 like to clarify that because that was initially --
- 7 DR. CREWS: Oh, okay. I thought --
- 8 BOARD PRESIDENT WILLIAMS: It says not the
- 9 same day. So you could let a patient know at 5 p.m.
- 10 today on a confirmation call that the doctor will not
- 11 be in the office tomorrow and the hygienist could still
- 12 see them at 8 a.m. That would not be 24 hours. Okay?
- 13 So I just -- that's a point of clarity.
- 14 DR. CREWS: Okay. I appreciate that, yes.
- 15 BOARD PRESIDENT WILLIAMS: Thank you. All
- 16 right. Secondly, you just mentioned moral and ethical
- 17 issues of dentists, and I would submit to you that part
- 18 of the reason we have regulations is that everybody up
- 19 here has investigated complaints because a dentist did
- 20 not follow those things, and we need guidelines so that
- 21 when we go to investigate a complaint we can say you
- 22 violated this in this area right here. Sadly, those
- 23 things happen.
- 24 The third thing is --
- DR. CREWS: But is that the majority?

- 1 BOARD PRESIDENT WILLIAMS: Ma'am, I'm not
- 2 telling you that --
- 3 DR. CREWS: I guess I'm just curious --
- 4 BOARD PRESIDENT WILLIAMS: We don't --
- 5 DR. CREWS: -- that there's a history.
- 6 BOARD PRESIDENT WILLIAMS: I would submit
- 7 to you that we don't write laws in the states for the
- 8 majority. I mean, I don't -- I don't know anybody up
- 9 here that's ever killed someone, but we've got laws out
- 10 there --
- 11 DR. CREWS: Yeah.
- 12 BOARD PRESIDENT WILLIAMS: -- to put you in
- 13 jail if you kill someone.
- 14 Also, the attestation issue, sadly, we have
- 15 found recently that every year we have a CE audit and
- 16 we have violators of people who have not completed
- 17 their CE for a period of time that have not -- that
- 18 have not reported to the Board I didn't do my CE. So
- 19 we don't -- I'm not saying we're trying to catch people.
- 20 We just want to make sure we have a framework so that
- 21 there is some structure that if a violation occurs we
- 22 have something in writing to show that.
- Now, in terms of the 24 days and how that's
- 24 administered, you have said consent -- I think when he
- 25 asked you about that you said an informed consent should

- 1 take care of that, but the informed consent is just
- 2 consenting to the treatment. It didn't say anything
- 3 about how many of those you could have in a year, and
- 4 this bill says 24 days. That's not something the Board
- 5 said.
- 6 DR. CREWS: Exactly. I agree with you on
- 7 that, and that's 24 days, and so dentists are allowed
- 8 to do this for 24 days; and I guess if you consider a
- 9 business day, that would be 24 of them. Correct? But
- 10 if you -- if I worked -- what if I left at noon before
- 11 my vacation and came back at noon when I got back?
- 12 Can't that count as one day?
- 13 BOARD PRESIDENT WILLIAMS: So our
- 14 determination was 24 days. And really, relative to
- 15 your question, I mean, we've discussed that at length,
- 16 okay, about the 24 days. So I'm not -- I don't want
- 17 you thinking I'm being -- I just want to -- you brought
- 18 up some things, and I appreciate you doing that.
- And as a matter of fact, if you don't mind,
- 20 you just type out your consent form -- informed consent
- 21 that you would like to submit that. We would like --
- 22 DR. CREWS: Okay. I will.
- 23 BOARD PRESIDENT WILLIAMS: -- input. Okay?
- DR. CREWS: Yes.
- 25 BOARD PRESIDENT WILLIAMS: So whatever it is,

- 1 your ideas, please submit them to us.
- 2 DR. CREWS: Well, I was thinking of an
- 3 informed consent in terms of a way for the Board to
- 4 monitor.
- 5 BOARD PRESIDENT WILLIAMS: I agree. And I
- 6 have zero problem with informed consent. In fact, I
- 7 think that's important. Okay? Now --
- 8 DR. CREWS: But I still feel like telling
- 9 a patient when they walk in that the doctor is not
- 10 there and getting them to sign an informed consent is
- 11 not much different from the night before.
- 12 BOARD PRESIDENT WILLIAMS: Well, thank you
- 13 for that opinion.
- 14 BOARD MEMBER BISHOP: Dr. Crews, I mean,
- 15 with regard to an emergency arising, there are numerous
- 16 other areas of the law that define what patients are
- 17 eligible for general supervision. In addition to being
- 18 properly informed, they have to meet those also.
- 19 BOARD PRESIDENT WILLIAMS: Yes. Age.
- 20 BOARD MEMBER BISHOP: So it's difficult --
- 21 you know, it's difficult to see how this bill was
- 22 constructed to deal with emergencies as much as it is
- 23 seemed to be constructed to help a dentist plan, as
- 24 Dr. Smith said, to be out of the office for two weeks --
- DR. CREWS: Yeah, I understand.

- 1 BOARD MEMBER BISHOP: -- in addition to
- 2 covering their military obligations.
- 3 DR. CREWS: I understand. And remember, I
- 4 understand where you're coming from, and I'm just coming
- 5 from the person who's in the office -- and I know y'all
- 6 are in practice as well -- day in and day out. And
- 7 these younger dentists who said to me it seems like
- 8 there are so many barriers that have been put in place
- 9 now that it's just not worth it.
- 10 BOARD MEMBER BIRMINGHAM: I agree with you,
- 11 Dr. Crews. One of my patients showed up and they
- 12 expected to have their prophylaxis. That morning the
- 13 dentist had an emergency and then I had to tell them
- 14 I'm sorry, I'm here. I know you took off work, but I
- 15 still -- I can't see you. You know, they would be very
- 16 unhappy because, like you said, they like the
- 17 flexibility, and, I mean, they're coming to see me
- 18 anyway, you know.
- 19 DR. CREWS: Yeah. So it's just --
- 20 BOARD MEMBER GRUBBS: You wish.
- 21 BOARD PRESIDENT WILLIAMS: So just one other
- 22 question: You mentioned Kentucky does this.
- 23 DR. CREWS: Yes.
- 24 BOARD PRESIDENT WILLIAMS: Did you know
- 25 Kentucky has a registration? Did you know that?

- 1 DR. CREWS: A registration to participate?
- 2 BOARD PRESIDENT WILLIAMS: Yes.
- 3 DR. CREWS: No.
- 4 BOARD PRESIDENT WILLIAMS: Okay. I just --
- 5 we -- I looked at Kentucky.
- 6 DR. CREWS: Well, okay. So that's fine that
- 7 they have a registration.
- 8 BOARD PRESIDENT WILLIAMS: You know, I'm
- 9 just saying relatively speaking, so there's -- it's --
- 10 there's other -- other states regulate this differently
- 11 as well.
- 12 DR. CREWS: Yes.
- 13 BOARD PRESIDENT WILLIAMS: And that's okay,
- 14 but....
- DR. CREWS: Well, I just want to make one
- 16 comment to that.
- 17 BOARD PRESIDENT WILLIAMS: Sure.
- DR. CREWS: And that is that my suggestion
- 19 was to have it as an attestment rather than a
- 20 registration. That was it. And so whether they have
- 21 a registration or not, I think that's cumbersome for
- 22 Kentucky. I think that having the -- attesting to the
- 23 fact that we have the protocols in place and then
- 24 having those if you have to audit our office, if we
- 25 don't have those then that's on us.

- 1 BOARD PRESIDENT WILLIAMS: I agree.
- 2 DR. CREWS: So I'm putting --
- 3 BOARD MEMBER CURTIS: Karen, I'd just like
- 4 to say that I appreciate your comments today, and I
- 5 agree with most of them.
- 6 DR. CREWS: That's fine.
- 7 BOARD MEMBER CURTIS: Okay. I agree with
- 8 most of them.
- 9 DR. CREWS: I love having a public forum.
- 10 BOARD MEMBER CURTIS: I think where we get
- 11 hung up, you know, I love Haley to death, but she and
- 12 I still can't quite figure out how to come together on
- 13 these partial days.
- 14 DR. CREWS: Yeah.
- 15 BOARD MEMBER CURTIS: How we keep up with
- 16 them.
- 17 DR. CREWS: I understand.
- 18 BOARD MEMBER CURTIS: That's the difficult
- 19 part is how do you keep up with -- what is that one?
- 20 Was he gone a quarter of a day or just an hour or a
- 21 half day? I mean, because how do you come around, it's
- 22 21 days. So how did -- 24 days. So how do you -- how
- 23 do we figure --
- 24 DR. CREWS: Well, I understand what you're --
- 25 BOARD MEMBER CURTIS: -- out how long these

- 1 partial days. We've got to have a mechanism to do
- 2 that that's not burdensome, and so we'd like to hear
- 3 some ideas about that. I mean, that would be great and,
- 4 you know, we'd like to hear back from you because that
- 5 -- we talked about that at length. You can't imagine
- 6 how many hours we spent on that singular issue is how
- 7 do you figure out what a day is.
- 8 DR. CREWS: And, you know, I understand
- 9 after having the explanation by our attorney.
- 10 BOARD PRESIDENT WILLIAMS: Mr. Mutziger.
- DR. CREWS: When you showed the law and then
- 12 how to regulate, I get that. I understand that you
- 13 are there to protect the public. That's your role. I
- 14 was just making some suggestions, and I do understand,
- 15 but I just feel like it still seems -- that's just my
- 16 feeling, that I still -- that it still seems restrictive,
- 17 but that's -- you know, I accept your comments.
- 18 BOARD PRESIDENT WILLIAMS: Well, also, Dr.
- 19 Crews, there are offices that have a nurse, multiple
- 20 doctors.
- 21 DR. CREWS: Yes.
- 22 BOARD PRESIDENT WILLIAMS: And that's a
- 23 concern as well about where we get into 24 days of
- 24 multiple doctors, multiple hygienists, and all of that.
- 25 It's --

- 1 DR. CREWS: Well, honestly, in our office
- 2 we'd probably never have to even have general supervision
- 3 because somebody is always there.
- 4 BOARD PRESIDENT WILLIAMS: I understand.
- 5 BOARD MEMBER BIRMINGHAM: Somebody's always
- 6 there, yeah.
- 7 DR. CREWS: I was speaking --
- 8 BOARD PRESIDENT WILLIAMS: And what I'm
- 9 saying is that we -- right. So we have had a lot of
- 10 consideration about this. We do appreciate your input,
- 11 but I promise we were not trying to overly --
- 12 DR. CREWS: I don't think that.
- 13 BOARD PRESIDENT WILLIAMS: -- be overly
- 14 restrictive.
- DR. CREWS: I don't feel that way at all.
- 16 BOARD PRESIDENT WILLIAMS: Okay. Thank
- 17 you.
- 18 BOARD MEMBER GRUBBS: Nobody's said anything
- 19 about how the patient feels when they walk in your
- 20 office and you say, oh, gosh, the doctor's not here
- 21 today. And I'm sure everybody will want to see Ms.
- 22 Birmingham, there's no doubt about that, and not see
- 23 the doctor, but we do have a few patients that want to
- 24 see the doctor when they do come in.
- DR. CREWS: And you know what, I think they

- 1 have the right to --
- 2 BOARD MEMBER GRUBBS: So how much respect is
- 3 that -- how much respect is that showing them? I'm not
- 4 giving them any notice.
- 5 DR. CREWS: Well, but the thing is is that
- 6 you're having a medical emergency that morning. You
- 7 can't give them notice, and so you give the patient --
- 8 BOARD MEMBER GRUBBS: No, I'm not talking
- 9 about a medical emergency.
- 10 DR. CREWS: -- the option to stay and receive
- 11 care.
- 12 BOARD MEMBER GRUBBS: I'm just talking about
- 13 in general, yeah, just in general.
- 14 DR. CREWS: Well, I think in general we're
- 15 going to operate as we always do by letting patients --
- 16 BOARD MEMBER GRUBBS: Well, how many medical
- 17 emergencies have you had in your practice however long
- 18 it's been?
- 19 DR. CREWS: How many?
- 20 BOARD MEMBER GRUBBS: How many have you had?
- 21 How many medical emergencies have you had? So if you've
- 22 got 16 patients that day, you don't -- I mean, we
- 23 probably won't have a medical emergency. I'm just
- 24 talking about the patient. Okay? I think they're due
- 25 some respect to get notice, and that's what -- you

- 1 know, that's -- we have to look at both sides of it.
- 2 DR. CREWS: Well, I agree, but I think it is
- 3 respectful to respect their time. If they want to be
- 4 seen and we are not there, they should be allowed to
- 5 be seen under the rules.
- 6 BOARD MEMBER GRUBBS: I mean, just like the
- 7 flip side, they would probably have liked to have got
- 8 a phone call if they've got to come back to see the
- 9 dentist another day because he wasn't there that day.
- 10 Maybe they could go shopping or go somewhere else. I
- 11 mean, it's -- I got it. It's just both sides.
- 12 DR. CREWS: Okay. Good to see y'all.
- 13 BOARD PRESIDENT WILLIAMS: Thank you.
- 14 Ms. Linda Zakkak.
- 15 MS. ZAKKAK: How do I follow that? Good
- 16 morning.
- 17 BOARD PRESIDENT WILLIAMS: Good morning.
- 18 Thank you for being here.
- 19 MS. ZAKKAK: Thank you for letting me speak.
- 20 My name is Linda Zakkak. I am the MDHA president. I
- 21 am accompanied today by Whitney Funderburg,
- 22 president-elect; Laura Rishu, secretary; and Janet
- 23 McMurphy, our treasurer and legislative chair. As you
- 24 may already know, both Janet and Laura have served on
- 25 this Board, so we understand firsthand the weight and

- 1 responsibility that you carry in protecting the --
- 2 safeguarding the public.
- 3 I would like to start by acknowledging the
- 4 Board for -- and former Board what you do, and on
- 5 behalf of the Mississippi Dental Hygiene Association
- 6 I wish to express our sincere appreciation for your
- 7 dedication and service in protecting the public.
- 8 So this past legislation, as we heard,
- 9 Representative Kevin Felsher, who's here today,
- 10 introduced House Bill 1062 in collaboration with the
- 11 Mississippi Dental Association, the Mississippi Dental
- 12 Hygienist Association, and other stakeholders. This
- 13 historic bill was signed by Governor Tate Reeves on
- 14 April 17th, and it marks the employment advancement of
- 15 oral health access for the people of Mississippi.
- 16 Throughout the process, MDHA's goal was we
- 17 collaborated by studying other states structure for
- 18 similar legislation. So and the final language of
- 19 House Bill 62 was carefully crafted to balance
- 20 priorities we all share. We've heard them all today,
- 21 and that's public protection and access to care.
- So my purpose here today is to share the
- 23 MDHA's understanding of the legislative language and
- 24 intent and respectfully raise attention to areas where
- 25 Regulation 13 may have gone beyond the statute. So

- 1 the first area is the administrative barriers. You've
- 2 heard a lot about it. House Bill 62 set forth clear
- 3 safeguards. So dental hygienists wanting to practice
- 4 under general supervision -- she or he, we have men
- 5 dental hygienists, too, is required to have five years
- 6 or 6000 hours of Mississippi practice, current CPR
- 7 certification, comply with emergency protocols set
- 8 forth by the supervising dentist, and have written
- 9 treatment plan from their supervising dentist as well.
- 10 Regulation 13 added additional requirements,
- 11 additional documentation, completion of a Board-approved
- 12 CE in medical emergency in the prior 12 months and
- 13 mandatory Board registration, a \$25 one time fee. We
- 14 certainly understand these provisions; however, our
- 15 concern is that they create redundancy and unnecessary
- 16 administrative burden on both the hygienist and the
- 17 supervising dentists, and the Board for that matter.
- 18 So, for example, most of the requested documents require
- 19 for licensure renewal and maintenance.
- 20 The additional requirement of the eight-hour
- 21 CE goes beyond the statute. The existing safeguards
- 22 that were in the statute were intended to be sufficient
- 23 as we understand it.
- The one time registration fee and
- 25 registration, while modest, adds another barrier. The

- 1 statute was based on the same model the Board already
- 2 uses as Dr. Crews attested to for license renewal,
- 3 attestation verification and random audits, a system
- 4 that is proven to have protected the public without
- 5 requiring unnecessary paperwork and additional costs.
- The second area I'd like to bring attention
- 7 to is patient notification. So the House Bill states
- 8 the patient of record is notified in advance of the
- 9 appointment that supervising dentist will be absent
- 10 from the location. Regulation 13 adds that the advanced
- 11 notification cannot be the same day notification.
- 12 It's important to note that the statute
- 13 already places firm limits on who may be treated under
- 14 general supervision, as Dr. Wade said. The patient
- 15 must have been examined by the supervising dentist
- 16 within the seven -- the past seven months, must be 18
- 17 years of age, and classified as an A1 -- ASA1 or ASA2.
- 18 These provisions address clinical and patient safety.
- 19 They require the dentist to evaluate the patient's
- 20 health status and limit care to healthy adult patients.
- 21 The regulation does not go -- does not add any
- 22 additional safeguards in those areas, yet, when it comes
- 23 to patient notification, which is an administrative
- 24 matter rather than a clinical one, the regulation poses
- 25 a stricter rule than the statute by prohibiting same

- 1 day notification.
- 2 Finally, as mentioned earlier, MDHA
- 3 collaborated by studying other states, and you will
- 4 find Kentucky's statute contains nearly identical
- 5 wording. You will also find that Louisiana, Tennessee,
- 6 and Kentucky use quote, unquote, a business day, which
- 7 we've had lots of debate on, in the statutes as well
- 8 just like in House Bill 1062's language suggesting
- 9 similar intent.
- 10 In closing, this bill is a bill that was
- 11 built on trust of the Mississippi dental work force.
- 12 It was developed with input -- shared input from the
- 13 dentists and the dental hygienists with the common
- 14 purpose of safe, ethical, and accessible care for the
- 15 people of Mississippi. So we respectfully ask the
- 16 Board to thoughtfully consider how these additional
- 17 regulations extend beyond the scope of the statute and
- 18 keep the rules closely aligned with the plain language
- 19 and intent of House Bill 62.
- Thank for your careful attention that you've
- 21 given to this matter.
- 22 BOARD PRESIDENT WILLIAMS: Thank you. Does
- 23 anybody have any questions for Ms. Zakkak?
- DR. ZAKKAK: Thank you.
- 25 BOARD PRESIDENT WILLIAMS: All right. So

- 1 we have Board discussion, if desired. Anybody have any
- 2 comments they would like to make?
- 3 Mr. Mutziger, any comments?
- 4 MR. MUTZIGER: I'm just very happy with the
- 5 public taking the opportunity to provide input into the
- 6 process. You know, it's a vital part of developing
- 7 effective regulations that is getting feedback from
- 8 persons who are going to be truly affected by this.
- 9 I'm particularly -- I think there have been some
- 10 interesting suggestions. You know, I think the Board
- 11 will be wise to take into consideration the feedback
- 12 they've received today and at least consider utilization
- 13 of some of the ideas that have been put before the
- 14 Board.
- One that jumps out perhaps the most and the
- 16 one talked about the most is informed consent, but
- 17 other than that, you know, simply the Board, I would
- 18 say that they take this opportunity if you have
- 19 additional questions or wish to engage in additional
- 20 discussion, by all means take this opportunity to
- 21 address those issues.
- 22 BOARD PRESIDENT WILLIAMS: Any Board members
- 23 have a comment?
- 24 BOARD MEMBER JOE: I have a comment from
- 25 Dr. Robert Smith, former Board member. He sent me a

- 1 text this morning and wanted me to read it. Dr. Smith
- 2 says, Sorry, I can't be here and make a personal
- 3 appearance this morning. I'd like to make a statement.
- 4 His statement is, I like the wording of the bill as
- 5 signed by the governor. I oppose all the regulations
- 6 that the State Board wants to add on to control the
- 7 legislation as passed. I think we as dentists are
- 8 smart enough not to commit insurance fraud by signing
- 9 off on exams we did not do. I think our hygienists are
- 10 trained and responsible enough to know how to clean
- 11 teeth and not break the law.
- To summarize my feelings, after practicing
- 13 in Mississippi for 44 years and serving for 13 years
- 14 on the Board, let the doctors run their practices. This
- 15 bill was written to help them and accommodate their
- 16 patients.
- 17 BOARD PRESIDENT WILLIAMS: All right.
- 18 Dr. Joe, any other comments?
- 19 BOARD MEMBER JOE: No.
- 20 BOARD MEMBER CURTIS: I think we have taken
- 21 some pretty good notes. I've been watching you,
- 22 Dr. Williams.
- 23 BOARD PRESIDENT WILLIAMS: Yes.
- 24 BOARD MEMBER CURTIS: And we've got some
- 25 documents in writing. And as chair of rules and regs,

- 1 I certainly am open to us reentering this as a matter
- 2 of business in a follow-up meeting. I can't promise
- 3 when, but certainly we've got -- we've got a lot of
- 4 stuff on our plate, but we certainly -- or I am
- 5 certainly open to taking another look at this and
- 6 making additional modifications based on what we've
- 7 heard today.
- 8 BOARD PRESIDENT WILLIAMS: Any other
- 9 comments?
- 10 MR. MUTZIGER: Just for purposes of
- 11 facilitating discussion, I will offer, you know, it's
- 12 interesting this idea of advanced notice. So the
- 13 statute clearly prescribes that this -- that a
- 14 requirement is must be notified in advance. Okay.
- 15 What does that mean? You know, applied to its logical
- 16 extreme, I could -- an office manager could call five
- 17 minutes before the appointment and say, Hi, the dentist
- 18 cannot make it but the hygienist can see you.
- 19 So that would be the logical extreme. Is
- 20 that -- is that acceptable? Well, I think one must
- 21 consider what is the intent of the statute even
- 22 opposing the requirement that notification must be in
- 23 advance. Is it a safety requirement in and of itself
- 24 the statute requires notification in advance? To me,
- 25 you all are better equipped to answer that than I am.

- 1 Is that a safety -- does that pertain to safety? To
- 2 me, it strikes more of an administrative or a
- 3 convenience requirement for the patient.
- 4 Now, if that's the case, to me, it would
- 5 seem that the restriction of cannot be same day
- 6 notification is about as minimal as you can get when
- 7 it comes to imposing a restriction on for advanced
- 8 notice. So I think that that's something worth
- 9 considering.
- 10 Is there any comments or feedback about
- 11 that?
- 12 BOARD MEMBER CURTIS: I think your --
- 13 Westley, I mean, I see both sides of it, to be quite
- 14 honest with you, and, you know, I see Haley's side of
- 15 it perfectly well, but I also understand this side.
- 16 So if same day notification -- if a person has had to
- 17 take a day off of work and they fully wanted to talk
- 18 to the dentist because they had an issue they wanted
- 19 to discuss with the dentist, I don't think a 15-minute
- 20 notification suffices because now they've already taken
- 21 a day off work and they're not going to get to see the
- 22 dentist.
- And so that was our thinking on the committee
- 24 when we considered this is that maybe they need to do
- 25 it the night before or the afternoon before. I mean,

- 1 that was -- that was what that was all about. It really
- 2 didn't have anything to do with patient safety or -- I
- 3 mean, the hygienists are perfectly fine of taking good
- 4 care of their patients. I don't have a problem with
- 5 that. I mean, it had to do more of taking into account
- 6 of our patient is expecting to see the dentist this
- 7 day and took a day off work and they don't find out
- 8 they're not going to see the dentist until they get
- 9 there. Is that going to cause a problem?
- 10 Yes, ma'am?
- 11 MS. McMURPHY: Yes, sir. I would --
- 12 Representative Felsher is here, and I would love him
- 13 to have an opportunity to respond on any of this as
- 14 he was the author of the bill. But besides that, I'll
- 15 give you an example in my daughter-in-law's practice.
- 16 My granddaughter fell and broke her arm --
- 17 BOARD PRESIDENT WILLIAMS: Ma'am, we've
- 18 asked people to come to this center --
- 19 MS. McMURPHY: Oh, I'm sorry. Sure.
- 20 BOARD PRESIDENT WILLIAMS: -- for a
- 21 microphone so it can be recorded. We have a court
- 22 reporter and everything else.
- 23 MS. McMURPHY: Sure. I'm sorry.
- 24 BOARD PRESIDENT WILLIAMS: No, it's all
- 25 good. If you're going to speak, we need to have it in

- 1 an official -- thank you.
- 2 MS. McMURPHY: Yes. My name is Janet
- 3 McMurphy.
- 4 BOARD PRESIDENT WILLIAMS: Thank you.
- 5 MS. McMURPHY: I'm a hygienist. I'm a
- 6 former Board member. I used to sit on the other side
- 7 of this. This is an example -- a true example of what
- 8 happened. My daughter -- my granddaughter fell and
- 9 broke her arm at school. So my daughter-in-law is a
- 10 general dentist. She obviously had patients on her side
- 11 and the hygiene side. I picked up my granddaughter.
- 12 We made arrangements for her -- my granddaughter to
- 13 see the orthopedic surgeon, whatever, at 4:00 in the
- 14 afternoon. So it was going to require her to be gone
- 15 one hour out of the day. So whatever your definition.
- But my point is, is from the time my
- 17 granddaughter broke her arm, which was at around noon,
- 18 there was ample time to inform a patient that was
- 19 coming at 4 o'clock. I can understand walking in the
- 20 door and finding -- yes, I would be uncomfortable with
- 21 that, too, if you're taking off, you've got a
- 22 baby-sitter, it's your only day off, I understand. I
- 23 mean, I get all of that.
- 24 But there are examples of how if you have
- 25 enough notification to say the doctor cannot be here

- 1 today. She's had a family emergency. Would you -- do
- 2 you still want to come. Do you still want to come.
- 3 You have the opportunity to say no and to reschedule
- 4 at that point. I do understand, you know, what is --
- 5 I don't know that I would be real happy if I walked in
- 6 and -- I know I wouldn't. I would not do that. I
- 7 would not have done that to my patient. Let me put it
- 8 that way. In the 40-plus years that I worked, I would
- 9 not have allowed that to happen to a patient who was
- 10 coming in to think that they were not going to have
- 11 the opportunity to see the dentist. That's what --
- 12 BOARD MEMBER CURTIS: Yeah, I appreciate
- 13 your coming, and I think they really -- I think that
- 14 really defines the argument that we have to have amongst
- 15 ourselves is how much -- how much time is enough.
- 16 MS. McMURPHY: Right.
- 17 BOARD MEMBER CURTIS: That's going to be
- 18 what we've got to deal with.
- 19 BOARD PRESIDENT WILLIAMS: Also, the same
- 20 implication is for the dental procedures as well that
- 21 were scheduled that afternoon. Right? I'm not --
- 22 those patients had to be canceled. The dentist left.
- 23 The procedures that the dentist was responsible for
- 24 are not going to occur that afternoon.
- And then we, as a Board, get into this issue

- 1 of all of the other requirements associated with this
- 2 law.
- 3 MS. McMURPHY: Yes, sir.
- 4 BOARD PRESIDENT WILLIAMS: Are the patients
- 5 -- has the dentist in this emergency issue vetted these
- 6 patients to be ASA1 or ASA2? Have they made sure they
- 7 were of age?
- 8 MS. McMURPHY: Right. All the other,
- 9 absolutely.
- 10 BOARD PRESIDENT WILLIAMS: And so when a
- 11 patient comes in and says I had bypass six weeks ago,
- 12 does that affect the ASA1 statement?
- 13 MS. McMURPHY: Which happens.
- 14 BOARD PRESIDENT WILLIAMS: Correct. So
- 15 what I'm saying is that when advanced notification
- 16 occurs it's not just the dentist isn't going to be here.
- 17 It's have the other requirements been done.
- 18 MS. McMURPHY: Oh, yes, sir.
- 19 BOARD PRESIDENT WILLIAMS: And this bill
- 20 asks -- requires that the dentist has done due diligence
- 21 to verify that patients are eligible to be seen, and
- 22 that's part of our issue with trying to say that
- 23 advanced notification should be -- could be -- and the
- 24 way we've interpreted this, not the same day. So we
- 25 have considered your example, and we appreciate that.

- 1 MS. McMURPHY: Right.
- 2 BOARD PRESIDENT WILLIAMS: And you all have
- 3 suggested that we trust the dentist to attest that
- 4 they've done these things, and you said you've been on
- 5 this side of the --
- 6 MS. McMURPHY: I do and I understand.
- 7 BOARD PRESIDENT WILLIAMS: -- table and you
- 8 know there are still violators.
- 9 MS. McMURPHY: Yes, sir. And I --
- 10 BOARD PRESIDENT WILLIAMS: And so when we
- 11 create some of these regulations, we consider these to
- 12 be ways that can help us regulate the statute so that
- 13 if there is a violation there was clear-cut regulatory
- 14 guidelines that have been violated --
- MS. McMURPHY: Right.
- 16 BOARD PRESIDENT WILLIAMS: -- versus an
- 17 interpretation that says, well, I saw two hours' worth
- 18 of patients 96 times this year. That's administratively
- 19 very difficult for this Board, and if a dentist attests
- 20 to that and then if the dentist has three hygienists
- 21 it's -- we have had lots of challenges and we're not
- 22 discounting the fact that if a dentist has an emergency
- 23 that things change, and it's unfortunate and --
- 24 MS. McMURPHY: And I would think that even
- 25 if there was --

- 1 BOARD PRESIDENT WILLIAMS: -- for Dr.
- 2 Smith, I've practiced the same way. When I went on
- 3 vacation, my office shut down. It was zero income
- 4 because I was gone.
- 5 MS. McMURPHY: I had to arrange my
- 6 vacations around the dentist that I worked for, so, I
- 7 mean, yeah, I've been there. I've done it. But that
- 8 -- that was an example of --
- 9 BOARD PRESIDENT WILLIAMS: I understand.
- 10 MS. McMURPHY: -- what a real life. And
- 11 yes, I would have expected the dentist at that point
- 12 to look at who was on the schedule -- this was before
- 13 general supervision was allowed -- that they would have
- 14 gone through the same protocol with the patient if they
- 15 were going to leave the office that they would have
- 16 gone through in any other.
- 17 BOARD PRESIDENT WILLIAMS: I understand.
- 18 And so that's ultimately how we got to the 24.
- 19 BOARD MEMBER BIRMINGHAM: I still think we
- 20 need to go back to our main job is to protect the
- 21 public, and I don't see where the hour or -- I just
- 22 don't understand how that falls into protection of the
- 23 public.
- 24 BOARD PRESIDENT WILLIAMS: Okay.
- 25 BOARD MEMBER BIRMINGHAM: That's my comment.

- 1 BOARD PRESIDENT WILLIAMS: So....
- 2 MR. MUTZIGER: Again, you may need to shut
- 3 me up because discussion -- I could facilitate the
- 4 discussion all day. But it would it be interesting.
- 5 What would you propose, Dr. Crews, would be a reasonable
- 6 alternative because I think that Dr. Williams makes a
- 7 very good point that at least regarding that patient
- 8 safety, to a degree, is implicated and that ensuring --
- 9 ensuring there's adequate time for the practitioner
- 10 to ensure that all of the safety requirements are met?
- 11 So I would invite you to offer a reasonable alternative.
- 12 And I'm sorry, I said Dr. Crews. I apologize.
- 13 BOARD PRESIDENT WILLIAMS: Ms. McMurphy.
- MR. MUTZIGER: Ms. McMurphy, my apologies.
- DR. CREWS: (Inaudible.) I have one.
- MR. MUTZIGER: But I would ask you, and with
- 17 your permission --
- 18 BOARD PRESIDENT WILLIAMS: Sure.
- 19 MR. MUTZIGER: -- Dr. Williams, I would --
- 20 BOARD PRESIDENT WILLIAMS: Ms. Zakkak, would
- 21 you like to approach?
- MR. MUTZIGER: -- like to open it up to
- 23 whomever. What would be a reasonable alternative?
- 24 BOARD PRESIDENT WILLIAMS: Yes, please,
- 25 come to this because our court reporter is here and

- 1 she's recording. Thank you.
- 2 MS. ZAKKAK: So I did think about that when
- 3 Dr. Crews was saying -- the informed consent can have
- 4 the requirements, which is the patient has had their
- 5 exam for the last seven months with the date. The
- 6 informed consent can have that the patient is 18 years
- 7 of age and that the health records were reviewed to
- 8 make sure that they are ASA1 or 2.
- 9 And in that same consent form you can have
- 10 are you aware that the dentist is not going to be --
- 11 and the prior -- is absent, and they can sign it and
- 12 the hygienist can sign it and, therefore, you have a
- 13 record of -- and make sure that the patient has met
- 14 all the requirements as by the bill, and now -- and
- 15 they also are informed and they're signing an informed
- 16 consent that they know that the dentist is absent.
- MR. MUTZIGER: Does that -- does your
- 18 approach take into consideration -- I think that that
- 19 approach may miss an element which -- I don't think the
- 20 language of the bill gives clear -- it doesn't tell us
- 21 this is strictly for patient safety. It doesn't tell
- 22 us that this is specifically for patient convenience,
- 23 so we have to take all the way to interpret this based
- 24 off the language that we have, which is advanced
- 25 notice.

- 1 MS. ZAKKAK: Well, we have -- we have
- 2 Representative --
- 3 MR. MUTZIGER: So if -- I understand, but
- 4 we, as a Board, are left with the text of the bill, the
- 5 text of the law. That's what we have to interpret. By
- 6 all means, I'm not discounting that if Representative
- 7 Felsher wishes to address the Board, by all means, but
- 8 my point is in the alternative that you're offering
- 9 should there not be consideration to the patient for
- 10 advanced notification for that patient having at least
- 11 a minimum standard in place that hey, we're not going
- 12 to notify you 10 minutes before, 30 minutes before,
- 13 an hour before? For example, if that dentist -- the
- 14 emergency pops up the day before, should the Board
- 15 have a minimum standard, and if so what should that
- 16 minimum standard be of notification?
- 17 MS. ZAKKAK: But isn't it left to the
- 18 patient?
- 19 MR. MUTZIGER: An hour, one day?
- 20 BOARD PRESIDENT WILLIAMS: Also, this health
- 21 that they -- the qualification that the patient's ASA1
- 22 and ASA2 can change significantly.
- 23 MS. ZAKKAK: Correct.
- 24 BOARD PRESIDENT WILLIAMS: So are you
- 25 expecting the patient to know their ASA classification

- 1 when they sign this consent form?
- 2 MS. ZAKKAK: I'm expecting us to be able to
- 3 review and ask them.
- 4 BOARD PRESIDENT WILLIAMS: So the front desk
- 5 or the hygienist?
- 6 MS. ZAKKAK: The hygienist and the dentist.
- 7 BOARD PRESIDENT WILLIAMS: And the hygienist,
- 8 was that part of their training?
- 9 MS. CARR: Yes.
- 10 MS. ZAKKAK: Yes.
- 11 BOARD PRESIDENT WILLIAMS: So you know what
- 12 an ASA1 and ASA2 patient is?
- 13 BOARD MEMBER BIRMINGHAM: Yes.
- 14 MS. ZAKKAK: Yes. I mean, I'm a director
- 15 here --
- 16 BOARD PRESIDENT WILLIAMS: I understand.
- 17 Thank you, ma'am. So yes is good. So what I'm saying
- 18 is that -- so then you are responsible for the health
- 19 history review prior -- prior to signing the informed
- 20 consent or after?
- 21 MS. ZAKKAK: Prior. Of course, prior.
- 22 BOARD PRESIDENT WILLIAMS: Okay.
- 23 MS. McMURPHY: Representative Felsher is
- 24 here if you would like to ask.
- MR. FELSHER: I would just like to say I

- 1 intended really to be here at the pleasure of the Board
- 2 to talk to -- speak to any intent why the bill was
- 3 drafted, how it was drafted, and the intent behind
- 4 anything the best I could speak to. So if you'd like
- 5 me to speak to anything, I'm here and I can avail
- 6 myself to you.
- 7 BOARD MEMBER CURTIS: Representative, thank
- 8 you so much for being here, and, you know, I want to
- 9 hear from you and balance that off what our attorney
- 10 presents us with, and that is the letter of the law and
- 11 whatever the intent was. So when the law was drafted
- 12 and the language was put in there the patient should
- 13 receive prior notification, what does that mean?
- 14 That's what we're grappling with.
- MR. FELSHER: Well, first and foremost, we
- 16 should know that this bill was drafted in conjunction
- 17 with the Mississippi Dental Association which is made
- 18 up of your peers and the hygienist association and
- 19 others, and the intent of that language, I suppose, in
- 20 my mind was as soon as you know as a dentist or as a
- 21 dentist office that that patient would not be seeing
- 22 the dentist or have the opportunity to see the dentist,
- 23 that is when that notification should be made.
- 24 If the dentist happened to -- and, you know,
- 25 Dr. Grubbs made a great point, how many emergencies do

- 1 we have. Well, hopefully, none. Some people may have
- 2 three, four, five. I don't know. It doesn't matter.
- 3 The point is when they occur they occur, and that could
- 4 be a car accident, that could be you have the flu or
- 5 stomach virus, whatever it may be, you're stricken with
- 6 that at 8 a.m. in the morning. Your first cleaning and
- 7 consult is at 8:30. I as a patient would rather have
- 8 the opportunity to say I'm okay with just my cleaning.
- 9 I'd like to at least get that and not have to come
- 10 back, if possible. That's just me as a patient. I
- 11 think that's reasonable.
- However, to your point, if you knew 24 or
- 13 48 hours before and you did not notify the patient until
- 14 the morning of the appointment, that would be going
- 15 against the intent of the bill, in my opinion.
- 16 BOARD MEMBER CURTIS: Okay.
- MR. FELSHER: Does that address your
- 18 question?
- 19 BOARD MEMBER CURTIS: It helps us. I don't
- 20 know that it solves the problem, but it certainly helps
- 21 us. I just want everybody to know that that -- as far
- 22 as chair of rules and regs, that's -- that's the major
- 23 issue that we grapple with is what is the intent and
- 24 are we following the law the way that we're supposed to
- 25 follow the law. When we define what prior notification

- 1 is, we want to make sure that what we've put into our
- 2 regulation follows the intent of the law, and I think
- 3 that's what Westley is talking about is, you know, it
- 4 doesn't matter what we think is right or wrong. We've
- 5 got to follow what the law says.
- 6 MR. FELSHER: Well, and the strict reading
- 7 of the law, as I appreciate it, I don't have the bill
- 8 right in front of me --
- 9 BOARD MEMBER CURTIS: Yes, sir.
- 10 MR. FELSHER: -- but it's advanced notice.
- 11 And to your point, advance is advance, ahead of the
- 12 appointment. But so many of the regulations that you're
- 13 opposing are a lot more restrictive, to be honest with
- 14 you, than some other states; and I'm not saying that's
- 15 wrong or right, but I am just saying I think the spirit
- 16 of this bill was to allow -- we know that Mississippi,
- 17 unfortunately, is fairing in the worst in categories
- 18 in healthcare outcomes right now. We're pretty much
- 19 47, 48, 49. We're trying to improve upon that.
- Well, where does health start. From my
- 21 reading, it's oral health, and why would we not want the
- 22 most access to oral health that we could possibly have.
- 23 And we're not saying oral health without any rules or
- 24 regs, but common sense rules and regs. So let's just
- 25 ask ourselves is what we're doing patient centric or

- 1 is it more toward I hate to use the word "punitive."
- 2 Or to your point, I think there was a quote,
- 3 you know, If men were angels, there would be no need
- 4 for laws. Right? And I appreciate that. And you've
- 5 -- you've seen the flip side of this. I have not sat
- 6 where you sit, but I will say this: We had faith in
- 7 dentists when we drafted this bill and we had faith in
- 8 hygienists, and we have to have faith in our
- 9 professionals. Will there be bad actors? Always,
- 10 unfortunately, but we hope for the greater good of the
- 11 order that, you know, 99-point-something percent are
- 12 not.
- And so I respect at the end of the day your
- 14 job as rules and reg folks on that side, but I hope you
- 15 also will consider the intent of the bill.
- 16 BOARD MEMBER CURTIS: Thank you very much.
- 17 BOARD PRESIDENT WILLIAMS: So I'd appreciate
- 18 some clarification on that, but I will just tell you
- 19 that, unfortunately, we do see the bad actors, and if
- 20 you ask a highway patrolman or a police officer about
- 21 the public, you'd probably get a little different
- 22 opinion than, say, a 99.9 percent of the public. Even
- 23 getting here today, there's a fair chance that the
- 24 majority of the people in this room broke the speed
- 25 limit, but nobody attested to the fact that they wanted

- 1 to get a ticket. Right? I just -- it happens.
- 2 So without some structure or regulation,
- 3 when it comes time to discipline someone for violating
- 4 House Bill 1062, we need some structure with that. This
- 5 issue of registration being overly burdensome, you've
- 6 now suggested that we do informed consent, two of them,
- 7 prior to a patient being treated for a routine prophy.
- 8 We went through that with COVID, having to scan people's
- 9 temperatures and get -- I mean, I will tell you I have
- 10 -- we probably had a ream of paper of consents that were
- 11 signed so that we could see a patient during COVID.
- 12 You remember that, too. And we scanned them into our
- 13 computers and to prove that we had done informed consent
- 14 and checked temperatures. All of those things were
- 15 still just as good as a patient admitting to something
- 16 or the office saying I checked their temperature.
- 17 So informed consent is still burdensome.
- 18 It is still restrictive. And when I hear registering
- 19 one time is more restrictive -- it is also true, Ms.
- 20 Zakkak, that I think you said five years or 6000 hours.
- 21 That's not true. It's "and." So you could have been
- 22 a hygienist for five years, been on maternity leave
- 23 three times and not practiced for 6000 hours. We at
- 24 some point need to try to verify the fact that you as
- 25 a hygienist meet the criteria. That's an administrative

- 1 issue.
- 2 And the last thing that I would kind of
- 3 point out here or ask since you're here -- and we do
- 4 appreciate you being here.
- 5 MR. FELSHER: Sure.
- 6 BOARD PRESIDENT WILLIAMS: I would love
- 7 desperately -- I'd love for you -- on this and that's
- 8 to actually put you on the agenda. That would have
- 9 really helped from a chair standpoint. But we have
- 10 heard issues of the dentist is late and I want to start
- 11 seeing a patient, and then we have to balance that with
- 12 what's in the bill of saying there's 24 days that this
- 13 can be applied, this general supervision. The Board
- 14 didn't put those 24 days in there, but we're asked if
- 15 the dentist shows up 30 minutes into this hygiene visit
- 16 does that count now for one of the days. Well, they
- 17 started practicing under general supervision but the
- 18 dentist showed up late. We didn't look at this as a
- 19 get-out-of-jail-free card to say, well, you know, I
- 20 woke up late and I didn't -- I had -- dog -- I had to
- 21 kick my dog, whatever it was. You know, I don't know,
- 22 and trying to administer a day is a day is a day, I
- 23 mean, this is not like in your example where you knew
- 24 I'm going to be gone a half a day to take care of my
- 25 daughter's broken arm or I'm going to go on vacation,

- 1 Dr. Smith, and I'll be out of town for a week but I'm
- 2 going to let my hygiene department continue to work.
- 3 That's four or five days or 4 1/2, whatever it is in
- 4 your office, and that could be easily managed in terms
- 5 of attestation, or whatever it is, saying there's 24
- 6 days.
- 7 But relative to saying the doctor is going
- 8 to be late today, I'm going to start seeing patients,
- 9 that's not what this general supervision seems to be
- 10 promoting because we don't know that all of the criteria,
- 11 the written treatment plan, the qualification of the
- 12 health standard, the advanced notification, all of
- 13 those things were being met. So we have struggled with
- 14 this, and there's a lot of administrative things that
- 15 Denny and the rest of the staff try to do.
- We also see offices -- and in this state
- 17 corporate dentistry is becoming more and more prevalent
- 18 where a dental office may be owned by someone who is
- 19 not the dentist practicing and there may be multiple
- 20 doctors there. So does every doctor get 24 days in
- 21 that practice of doing this? Those are things that are
- 22 very real working issues that this Board must
- 23 administrate -- administer, and then we get into the
- 24 how many hygienists there are in each practice, up to
- 25 three at a certain time, but as Dr. Bishop has pointed

- 1 out there are practices who employ part-time hygienists.
- 2 A corporate dental office may have six or eight
- 3 hygienists.
- 4 So we have lots of things that go well
- 5 beyond a solo practitioner in a city and a state
- 6 working with a team. And I will tell you above -- one
- 7 of the things mentioned, I fully support a team
- 8 approach to dental care. I value my hygienists, I value
- 9 my assistants, and I value the people at the front desk.
- 10 Without those people we cannot function.
- 11 But when it comes time for this Board to
- 12 look at a complaint at some point in the future,
- 13 having some structure to the law gives us a way to
- 14 regulate things so that we can be more fair to the
- 15 people we're trying to protect, the public, and the
- 16 people we are trying to help regulate, dentists and
- 17 dental hygienists.
- 18 MR. FELSHER: So Dr. Williams, if I can
- 19 speak to that.
- 20 BOARD PRESIDENT WILLIAMS: Sure.
- 21 MR. FELSHER: I would just say this is
- 22 nothing new. General supervision -- Mississippi came
- 23 -- we're late to the party.
- 24 BOARD PRESIDENT WILLIAMS: Correct.
- 25 MR. FELSHER: Okay? It's happening, I

- 1 believe, in 47 other states. We were 48 or something
- 2 to that degree. There's other models to look at all
- 3 the way back 40 years ago, I believe, when Colorado did
- 4 it up until now. There's only two states that haven't
- 5 done it. Plenty of other folks you can talk to to see
- 6 hey, how are y'all handling this? This is our law.
- 7 These are what we think are some ambiguities or some
- 8 things that are open-ended and maybe a little
- 9 subjective. Do y'all have that? And maybe you've
- 10 done that. Maybe you've done that. But all I'm
- 11 saying is whatever you come up with, I hope that it's
- 12 patient centric and that it is common sense, and I'll
- 13 just leave it at that.
- 14 BOARD PRESIDENT WILLIAMS: Thank you.
- 15 And I do appreciate you saying that, and I will tell
- 16 you that we have had a lot of conversations about this,
- 17 and I do not want what I'm about to say to seem in any
- 18 way -- I don't want it misinterpreted, but we were not
- 19 consulted at all on this bill prior to it being signed
- 20 by the governor in April. The Board officially did not
- 21 have a position with this, and this -- you and others
- 22 have mentioned that the MDA, the MDHA and others, which
- 23 I hope was including the MDS, I don't know --
- MR. FELSHER: Is that the Mississippi Dental
- 25 Society?

- 1 BOARD PRESIDENT WILLIAMS: Yes.
- 2 MR. FELSHER: They did endorse the bill, from
- 3 my understanding --
- 4 BOARD PRESIDENT WILLIAMS: Yes, good.
- 5 MR. FELSHER: -- sometime in January or
- 6 February.
- 7 BOARD PRESIDENT WILLIAMS: Good. I would
- 8 hope so, because they're a valued member of the dental population
- 9 in the state.
- 10 But this was given to us at the end of April
- 11 with a hard start date of July 1 definitive. It was
- 12 outlined in the statue July 1, and there were aspects
- 13 of Reg 13 that were in direct conflict with the statute
- 14 that was going to be enacted on July 1. So we were --
- 15 we felt compelled to make these changes to Reg 13 and
- 16 did so with a lot of forethought despite the fact that
- 17 it may not be appreciated.
- MR. FELSHER: I'd really like to speak to
- 19 that, what you just said.
- 20 BOARD PRESIDENT WILLIAMS: Sure.
- 21 MR. FELSHER: Number 1, I did not know, and
- 22 I've just learned right now, that the Board can take
- 23 or have input in a position on a piece of legislation.
- 24 Is that what you said?
- 25 BOARD PRESIDENT WILLIAMS: I didn't say

- 1 that. I did not say that. I'm not --
- 2 MR. FELSHER: Well, what are you saying?
- 3 I want to be clear.
- 4 BOARD PRESIDENT WILLIAMS: No, no, I'm just
- 5 saying that we had very little time once this -- we
- 6 heard something may be happening, but in terms of seeing
- 7 the official law, we did not see that until the end of
- 8 April.
- 9 MR. FELSHER: So let me speak to that. The
- 10 bill was introduced in January. January, February,
- 11 March, April, anybody in the free world could have
- 12 looked at that bill and called me. I have an open line.
- 13 Could have called MDA or could have called a hygienist
- 14 or whoever, but I prefer they call me. I didn't receive
- 15 a call from anybody on this Board, but the bill was
- 16 (inaudible).
- 17 Number 2, it was passed, I think, around
- 18 April 1st, March 31st, April 1st. That is three months
- 19 until July. I didn't hear anything at that point
- 20 either. But three months is a decent amount of time
- 21 to look at something. It's not all the time in the
- 22 world, but it's a decent amount of time to look at
- 23 policies and rules and regs. So there was no pressure
- 24 cooker, in my opinion, and that's kind of what I'm
- 25 hearing, and I want you to clarify on that.

- 1 BOARD PRESIDENT WILLIAMS: Well, thank you
- 2 for pointing that out. Mr. Hydrick, when did we
- 3 receive the bill from the governor's office?
- 4 EXECUTIVE DIRECTOR HYDRICK: So it was weird.
- 5 The way it was reported to me through Mississippi State
- 6 Alliance is that it was signed on April the 22nd. That
- 7 is when it was reported to us, it came through.
- 8 And then the next entry on that was -- but
- 9 it was signed a week ago by the governor, which I'd
- 10 never seen that before. So I don't know how that works,
- 11 but we were in a Board meeting on that day in April
- 12 when I received the notification from State Watch that
- 13 it had been signed. Does that make sense?
- 14 MR. FELSHER: It does.
- 15 EXECUTIVE DIRECTOR HYDRICK: And I can pull
- 16 it up and show how it's in there. So we had a Board
- 17 meeting on April I think it was the 22nd, and we were
- 18 literally in a meeting when I saw it. And I didn't pay
- 19 attention to it until afterwards.
- 20 MR. FELSHER: Sure. Mr. Hydrick, let me
- 21 ask you this, or Dr. Williams: Does the Dental Board
- 22 have a legislative, so to speak, liaison or watchdog
- 23 that looks over all things dental for you? I would
- 24 hope that you might have such a thing.
- 25 EXECUTIVE DIRECTOR HYDRICK: We do not

- 1 employ a lobbyist, no.
- 2 MR. FELSHER: Not a lobbyist. I said a
- 3 liaison. There's a difference. And certainly, you're
- 4 welcome to the Capitol at any time to come talk about
- 5 dental legislation. And I'm not being coy here.
- 6 BOARD PRESIDENT WILLIAMS: No, no.
- 7 MR. FELSHER: Y'all are a part. You're
- 8 opinion matters to me. I would have welcomed anything
- 9 you had to say. I just didn't hear from you. And in
- 10 the legislative process these bills are available
- 11 online once they're filed 24/7 for anyone that wants
- 12 to go look on our legislative website. So I would say
- 13 in the future, if there's anything dental that I'm
- 14 working on that you have an opinion on, please call me.
- 15 I'm all ears.
- 16 BOARD PRESIDENT WILLIAMS: We understand
- 17 that there was -- it went back and forth and there was
- 18 some amendments.
- 19 MR. FELSHER: Back and forth? That's part
- 20 of the legislative process.
- 21 BOARD PRESIDENT WILLIAMS: I understand.
- 22 So once again, we hear one thing and then we heard
- 23 another. Until it was signed, we didn't know what we
- 24 were going to be dealing with.
- 25 MR. FELSHER: Sure.

- 1 BOARD PRESIDENT WILLIAMS: And I believe
- 2 that he said that we don't have a lobbyist, but I think
- 3 it's we cannot have a lobbyist.
- 4 MR. FELSHER: Okay. And I never used the
- 5 term "lobbyist." I think I said "liaison."
- 6 BOARD PRESIDENT WILLIAMS: Yes, I understand
- 7 that, but I'm just, relatively speaking, we -- yeah.
- 8 I'll just....
- 9 MR. MUTZIGER: If I may, again, we want to
- 10 thank you for being --
- 11 BOARD PRESIDENT WILLIAMS: Yeah, we
- 12 appreciate you being here today.
- MR. MUTZIGER: -- for being here today. And,
- 14 you know, as the Board, you know, our job is certainly
- 15 to enforce the law, and we thank you for helping us to
- 16 understand the intent because that's what we want to
- 17 do is to effectuate the intent of the law. And so I
- 18 think that that's valuable in us being able to evaluate
- 19 this notion of kind of bringing us back to the language
- 20 of advanced notice.
- You know, that's the true challenge here
- 22 -- right? -- is striking that balance between affording
- 23 that patient the opportunity to say hey, I still want
- 24 my hygiene. I still want my hygiene visit but while
- 25 also protecting an abuse because, you know, that's what

- 1 we're faced with, most times. When we write these
- 2 regulations, we do it for the 2 percent. We do it for
- 3 those people who, unfortunately, don't follow the law.
- 4 How do we prevent the abuse of that 2 percent from
- 5 waiting to the last minute and so, you know, that's
- 6 where our focus should be as a Board is being able to
- 7 draw that line, can we draw that line in regulation.
- 8 And it may be that, you know, given that
- 9 what we've heard today we just may need to go back to
- 10 the drawing board to truly exhaust all possibilities
- 11 to see if we can draw that line to protect the patient
- 12 from being called the same day and being taken advantage
- 13 of to a last minute notification while also preserving
- 14 their ability to say hey, look, I've already taken a
- 15 day off. Let me at least see the hygienist.
- And, you know, I think given that what we've
- 17 heard today I don't think it harms anyone for us just
- 18 to continue to try to exhaust all possibilities to try
- 19 to strike that balance. So I would advise the Board
- 20 that to engage in that endeavor. I'm not saying that
- 21 the solution will be found, but given what we've heard
- 22 today there's very passionate -- you know, I think
- 23 what's really -- what's really nice today is that
- 24 everybody is passionate about the patient, and I think
- 25 that's the right focus.

- 1 BOARD PRESIDENT WILLIAMS: Sure.
- 2 MR. MUTZIGER: Right? You know, whether it's
- 3 passion about protecting the patient's ability,
- 4 respecting the patient's time, or respecting the
- 5 patient's choice to still be seen and protecting the
- 6 patient's care they receive, I think the mission is the
- 7 same.
- 8 So, yeah, that being said, I just advise --
- 9 let's do exhaust that possibility, and we can do it.
- 10 We're happy to do it as staff and bring it back to the
- 11 Board. Some options are engaging further discussion,
- 12 whatever the Board's will may be, but we want to thank
- 13 you for helping us to understand what the legislature's
- 14 intent is because that's what we follow is what the
- 15 legislature prescribes. And we understand, absolutely,
- 16 the legislature is -- your goal is our goal: Protecting
- 17 patients and ensuring good care, so we certainly want
- 18 to do that.
- 19 MR. FELSHER: And Dr. Williams, before I --
- 20 BOARD PRESIDENT WILLIAMS: Yes, sir.
- 21 MR. FELSHER: -- if I may, I didn't gather
- 22 your name at first.
- 23 DR. FILZEN: Dr. Filzen, Angela Filzen.
- MR. FELSHER: Dr. Filzen, I think you were
- 25 speaking to some unintended consequence of the bill

- 1 that disallowed some oral hygiene in nonprofit maybe
- 2 settings.
- 3 DR. FILZEN: Yes, state government.
- 4 MR. FELSHER: State government. I have
- 5 been in contact with Dr. Edney. This is not something
- 6 that can be addressed administratively through the
- 7 Department of Health. We're going to go back and do
- 8 a surgical change legislatively.
- 9 BOARD PRESIDENT WILLIAMS: Good.
- 10 MR. FELSHER: We're going to -- we're going
- 11 to -- I want to speak to that. I have to leave and I
- 12 did not want that (inaudible).
- MS. EKLUND: I had raised my hand just to
- 14 go right back to that and to thank you, and I understand
- 15 the other worries that we have today, but Westley's
- 16 point about we can't change in reg what the law says,
- 17 so thank you so much for working with all of us in the
- 18 public health arena to, hopefully, correct that and
- 19 place that back in there. Thank you so much.
- MR. FELSHER: Thank y'all for your service.
- BOARD PRESIDENT WILLIAMS: Thank you so much.
- 22 We appreciate you.
- 23 BOARD MEMBER CURTIS: Westley, would it be
- 24 out of order for me to put a motion on the table?
- MR. MUTZIGER: To what effect?

- 1 BOARD MEMBER CURTIS: Well, to refer this
- 2 entire matter back to rules and regs for consideration.
- 3 MR. MUTZIGER: So whether it be to rules
- 4 and regs or to ask the staff, you know, just in
- 5 consideration perhaps of what is the -- what is the
- 6 intended method? I hate to bite down further with the
- 7 rules and regs committee with this, but if that's what
- 8 the Board's wish in addressing that, by all means.
- 9 BOARD MEMBER CURTIS: Okay.
- MR. MUTZIGER: Just perhaps in consideration
- 11 of how -- how to attack the issue.
- 12 BOARD PRESIDENT WILLIAMS: I mean, I don't
- 13 know that we can come up with a determination this
- 14 morning, so our determination should, I believe, be
- 15 whether a motion of some sort that we proactively --
- 16 we have a next --
- 17 BOARD MEMBER CURTIS: I think we can
- 18 probably have an administrative answer, but I still
- 19 think it needs to go back to rules and regs.
- 20 BOARD PRESIDENT WILLIAMS: Okay.
- 21 BOARD MEMBER CURTIS: Yeah.
- MR. MUTZIGER: So sure, a motion would be
- 23 appropriate to refer to rules and regs to explore
- 24 further to -- if you'd like, I will attempt to provide
- 25 you the language.

- 1 BOARD MEMBER CURTIS: Yes, absolutely.
- 2 MR. MUTZIGER: So what I understand, Dr.
- 3 Curtis, the motion that you all are intending to provide
- 4 is that Regulation 13, in its temporary form, be
- 5 referred back to the rules and regulations committee to
- 6 exhaust all possibilities of drawing that line regarding
- 7 advanced notification and trying to accommodate both
- 8 respect for the patient's time of advanced notification
- 9 as well as respecting the patient's right to choose or
- 10 election of hygiene treatment same day.
- 11 BOARD MEMBER CURTIS: That is the intent of
- 12 my motion.
- MR. MUTZIGER: So we have that for the
- 14 record.
- 15 BOARD PRESIDENT WILLIAMS: So is that a
- 16 motion you just made?
- 17 BOARD MEMBER CURTIS: That's a motion.
- 18 BOARD MEMBER LAMPKIN: I second.
- 19 BOARD PRESIDENT WILLIAMS: I'm sorry, Dr.
- 20 Carr. We have a motion on the floor and I now have
- 21 a second. Any discussion about this motion? All right.
- 22 BOARD MEMBER CURTIS: Okay. We have
- 23 somebody --
- 24 BOARD PRESIDENT WILLIAMS: I know she wants
- 25 to make a question here, but any other discussion about

- 1 the motion?
- 2 Ma'am, is what you want to say referring to
- 3 this motion that's on the floor now?
- 4 MS. CARR: Yes, sir.
- 5 BOARD PRESIDENT WILLIAMS: Okay. Thank you.
- 6 MS. CARR: Elizabeth Carr. I would like to
- 7 respectfully ask and then also ask an apology to Haley,
- 8 but I would like to respectfully ask that Haley be put
- 9 on that committee in some form since this directly
- 10 affects dental hygiene, so to have her input on that
- 11 committee -- I'm sorry, Haley, that committee.
- 12 BOARD MEMBER CURTIS: She is. She's on
- 13 that.
- 14 MS. CARR: She's on rules and regs
- 15 committee?
- 16 BOARD MEMBER BIRMINGHAM: I'm not a --
- 17 BOARD MEMBER CURTIS: No, she's --
- 18 BOARD MEMBER BIRMINGHAM: I'm not a
- 19 voting --
- 20 BOARD MEMBER CURTIS: She's asked to attend
- 21 those meetings.
- 22 MS. CARR: Okay. Good. Okay. Thank you
- 23 very much.
- 24 BOARD PRESIDENT WILLIAMS: Thank you. Thank
- 25 you for your time.

- 1 All right. So any other discussion about
- 2 Dr. Curtis' motion to have the rules and reg committee
- 3 take this back up and look particularly at these areas
- 4 of emphasis today? Any other discussion? Hearing
- 5 none, I'll call for the vote. All in favor, say "aye."
- 6 DENTAL BOARD: "Aye."
- 7 BOARD PRESIDENT WILLIAMS: Any opposed?
- 8 (No response.)
- 9 BOARD PRESIDENT WILLIAMS: All right. Motion
- 10 carries.
- 11 All right. Hearing that, we will consider
- 12 that as a Board determination, and that would conclude
- 13 Item Number 8 on our oral proceeding for Regulation 13.
- MR. MUTZIGER: I would bring one more matter
- 15 to the Board's attention, and that would be, as you
- 16 alluded to earlier, as we have received during the
- 17 public comment period the question has been raised this
- 18 notion of the restriction of three dental hygienists,
- 19 and so the law I would put to you, according to my
- 20 reading, can equally be interpreted that the limitation
- 21 apply to three hygienists at one time, meaning the
- 22 Board could apply the law in such a way that only three
- 23 hygienists could be approved as eligible for general
- 24 supervision.
- 25 Alternatively, the Board might consider

- 1 allowing more than three be approved by the dentist;
- 2 however, at one time during which general supervision
- 3 is occurring only a maximum of three actually be
- 4 practicing. That question has been raised. I can tell
- 5 you that in the initial formulation of the regulation
- 6 the intent was that only three be approved, and
- 7 because that's -- to be honest, that's the cleanest
- 8 way to effectuate the Board's regulations. If only
- 9 three are approved by the Board, well, that ensures
- 10 that no more than three at a time will be practicing.
- 11 It's very simple in terms of an
- 12 administrative standpoint of enforcing the law; however,
- 13 again, in the spirit of trying to determine the intent
- 14 of the law, it does present a scenario which a dentist
- 15 may employ, say, five hygienists and maybe that dentist
- 16 wants -- that dentist respects the rule of law and will
- 17 only have three hygienists working at any one time,
- 18 but if that hygienist -- if that dentist is not able
- 19 to approve more than three, he's limited to only
- 20 selecting three of his five.
- 21 And so that's an issue that has come up
- 22 before the Board, and I would ask for the Board to
- 23 consider that, whether to proceed in the current
- 24 position of only approving three or whether perhaps it
- 25 could approve more than three while keeping the

- 1 restriction of only three practicing at one time.
- 2 BOARD PRESIDENT WILLIAMS: Okay. I submit
- 3 to you that the rules and regs committee will take
- 4 that up.
- 5 MR. MUTZIGER: Okay.
- 6 BOARD PRESIDENT WILLIAMS: All right. That
- 7 will be a part of their determination in the future.
- 8 Are you good with that?
- 9 BOARD MEMBER CURTIS: Yes.
- 10 BOARD PRESIDENT WILLIAMS: All right.
- 11 Hearing no other discussion about that, I would just
- 12 tell you our -- the Board commits to reviewing this,
- 13 and we will proceed in the future as directed by the
- 14 rules and reg committee.
- Hearing that, I will close the oral
- 16 proceeding relative to Regulation 13, and I thank you
- 17 all for your attendance and your input. I look forward
- 18 to seeing you at a future Board meeting.
- 19 I will take the personal privilege to say
- 20 that we will now have a 10-minute break, and Board
- 21 members get first -- are first in line at the bathroom.
- 22 (OFF RECORD 10:28 A.M. TO 10:45 A.M.)
- 23 BOARD PRESIDENT WILLIAMS: We'd like to
- 24 reconvene after our break and continue with the Board
- 25 agenda item which was previously noticed as Number 3,

- 1 which is approval of the Board minutes from a previous
- 2 meeting. Could I get a motion to approve those?
- 3 BOARD MEMBER GRUBBS: Motion.
- 4 BOARD PRESIDENT WILLIAMS: And a second.
- 5 BOARD MEMBER JOE: Second.
- 6 BOARD PRESIDENT WILLIAMS: Motion and second.
- 7 Any changes, amendments, or discussions? All in favor
- 8 of approving the Board minutes from a previous meeting,
- 9 say "aye."
- 10 DENTAL BOARD: "Aye."
- 11 BOARD PRESIDENT WILLIAMS: Any opposed?
- 12 (No response.)
- 13 All right. We also have now some UROLA
- 14 license applications that we are being asked to approve.
- 15 Ms. Sims.
- 16 MS. SIMS: The first one is Brianna Bailey.
- 17 As you see on the back of each application, there are
- 18 notes explaining their application. Brianna Bailey is
- 19 applying by UROLA, of course. She's been licensed in
- 20 another state for more than a year. She is promising
- 21 -- promising employment from Dr. Edward Brown. No,
- 22 she's from Mississippi. She will also be applying for
- 23 a specialty license also, orthodontics.
- 24 BOARD PRESIDENT WILLIAMS: Can I get a
- 25 motion to approve? Are these one at a time or group?

- 1 We should do them one at a time?
- 2 MR. MUTZIGER: You can do them in a group.
- 3 Ms. Sims, if you would, continue on with the rest of
- 4 your UROLA applications.
- 5 MS. SIMS: Yes.
- 6 BOARD PRESIDENT WILLIAMS: All right, Dr.
- 7 Ford.
- 8 MS. SIMS: Okay. The next one is Dr. Ford.
- 9 She has promised employment at Mississippi Delta Health
- 10 Center, Mississippi Delta, and she has been licensed
- 11 in another state for -- since 1994, Michigan 2020.
- 12 BOARD PRESIDENT WILLIAMS: Any discussion
- 13 about Dr. Ford?
- MS. SIMS: Okay. So the next one is Dr.
- 15 Ibahim. He applied for a license by credentials but
- 16 was not eligible. So he is eligible for this license
- 17 because he has been licensed in another state for more
- 18 than a year, and he has residency in Mississippi.
- 19 BOARD PRESIDENT WILLIAMS: Any discussion
- 20 about Dr. Ibahim?
- 21 MS. SIMS: And the next one is Dr. Rhoads.
- 22 He has been licensed in another state for more than
- 23 a year. Promised employment at Aspen Dental in Olive
- 24 Branch, Mississippi.
- 25 BOARD PRESIDENT WILLIAMS: Any discussion

- 1 about Dr. Rhodes? Dr. Romero.
- 2 MS. SIMS: Dr. Romero also is applying by
- 3 UROLA. He has been licensed in a state more than a
- 4 year, and also he just did his residency at OMS in New
- 5 York, and he will be applying for a specialty license
- 6 also and he has promised employment at Aspen Dental.
- 7 BOARD PRESIDENT WILLIAMS: Any questions?
- 8 Any discussions? All right. Dr. Stanley.
- 9 MS. SIMS: The next one is Dr. Stanley. He
- 10 is UROLA also. He is military, but this will be
- 11 private. He will do private practice also, but mainly
- 12 military.
- 13 BOARD PRESIDENT WILLIAMS: And he's been
- 14 licensed in another state for more than a year?
- MS. SIMS: He's been licensed in another
- 16 state for more than a year, and he just completed an
- 17 OMS residency.
- 18 BOARD PRESIDENT WILLIAMS: So is he applying
- 19 with UROLA or the MFFA?
- 20 EXECUTIVE DIRECTOR HYDRICK: UROLA.
- 21 BOARD PRESIDENT WILLIAMS: Thank you. I
- 22 just wanted to confirm that. And it's my understanding
- 23 that with UROLA applications the Board is required to
- 24 grant these licenses within ten days. So these people
- 25 have a license already? We're just being asked to

- 1 approve them?
- 2 EXECUTIVE DIRECTOR HYDRICK: No. We have
- 3 not issued it.
- 4 BOARD PRESIDENT WILLIAMS: They have not
- 5 issued the license but will be at the result -- pending
- 6 our vote. So you've heard these applications for
- 7 licensure with UROLA. Could I get a motion to approve
- 8 these license applications?
- 9 BOARD MEMBER BISHOP: So moved.
- 10 BOARD PRESIDENT WILLIAMS: Could I get a
- 11 second?
- 12 BOARD MEMBER LAMPKIN: Second.
- 13 BOARD PRESIDENT WILLIAMS: Is there any
- 14 discussion about any of those collectively or
- 15 individually? All right. All in favor, say "aye."
- 16 DENTAL BOARD: "Aye."
- 17 BOARD PRESIDENT WILLIAMS: Any opposed?
- 18 (No response.)
- 19 BOARD PRESIDENT WILLIAMS: Thank you. The
- 20 motion carries. Ms. Sims.
- 21 MS. SIMS: Okay. So the next two will be
- 22 military. This is for Celina Prince. As you see the
- 23 documents that are in the application, she is the wife
- 24 of the Chad Wagner, and he is active duty at Keesler
- 25 Air Force base. So she is applying for the military

- 1 spouse dental license.
- 2 BOARD PRESIDENT WILLIAMS: And she's a
- 3 dentist who's practiced in another state for more than
- 4 a year?
- 5 MS. SIMS: Yes, California.
- 6 BOARD PRESIDENT WILLIAMS: Will she be
- 7 working on base or in private practice?
- 8 MS. SIMS: Private practice. And Chad
- 9 Wagner is next. This is the husband of Celina Prince.
- 10 He is active duty military at Keesler Air Force base,
- 11 and he has been licensed in the state for more than a
- 12 year. Actually, he's licensed in two states.
- 13 BOARD PRESIDENT WILLIAMS: Okay. Very good.
- 14 Could I get a motion to approve these two licenses
- 15 using the MFFA?
- 16 BOARD MEMBER LAMPKIN: So moved.
- 17 BOARD PRESIDENT WILLIAMS: We've got a
- 18 motion. How about a second?
- 19 BOARD MEMBER JOE: Second.
- 20 BOARD PRESIDENT WILLIAMS: A second. Any
- 21 discussion from the gallery?
- MR. SCARBOUGH: Roddy Scarborough. Question
- 23 on Ms. Prince. You have family --
- 24 BOARD PRESIDENT WILLIAMS: Doctor.
- 25 MR. SCARBOROUGH: Excuse me, Dr. Prince --

- 1 BOARD PRESIDENT WILLIAMS: Yes.
- 2 MR. SCARBOROUGH: -- the female. You have
- 3 Military Freedom Act listed for her, but you said under
- 4 UROLA, so which one is it?
- 5 BOARD PRESIDENT WILLIAMS: I'm sorry if I
- 6 said that, MFFA.
- 7 MS. SIMS: Yeah, the next two were military.
- 8 This is the husband and wife.
- 9 BOARD PRESIDENT WILLIAMS: These two -- we
- 10 put them under UROLAs. These two are MFFAs.
- 11 MR. SCARBOROUGH: So does that imply that
- 12 they are required to get a license by credentialling
- 13 or exam in the next year?
- 14 EXECUTIVE DIRECTOR HYDRICK: No. So this
- 15 is a full license.
- 16 MR. SCARBOROUGH: Okay. I just remember
- 17 back in '16 whenever I was sitting on the other side
- 18 of the table that that was -- that was a stipulation
- 19 from the family --
- 20 BOARD PRESIDENT WILLIAMS: In '20, there
- 21 was a significant change in the MFFA.
- 22 EXECUTIVE DIRECTOR HYDRICK: In 2022, I
- 23 think that law went into effect at the same time as
- 24 the universal licensing.
- 25 MR. SCARBOROUGH: They made it basically

- 1 the same?
- 2 EXECUTIVE DIRECTOR HYDRICK: Exactly. It's
- 3 very similar.
- 4 BOARD PRESIDENT WILLIAMS: It's very
- 5 similar.
- 6 EXECUTIVE DIRECTOR HYDRICK: It's the exact
- 7 same.
- 8 MR. SCARBOROUGH: Different lipstick on the
- 9 same pig.
- 10 EXECUTIVE DIRECTOR HYDRICK: It's the exact
- 11 same.
- 12 BOARD PRESIDENT WILLIAMS: All right. Or
- 13 the same lipstick on two pigs.
- 14 Any other comments or questions about these
- 15 two applications? All right. All in favor of approving
- 16 these, say "aye."
- 17 DENTAL BOARD: "Aye."
- 18 BOARD PRESIDENT WILLIAMS: Any opposed?
- 19 (No response.)
- 20 BOARD PRESIDENT WILLIAMS: Ms. Sims, we have
- 21 UROLAs for our hygienists.
- MS. SIMS: So the next two are hygienists,
- 23 UROLA, and they are residents of Mississippi. The
- 24 first one is Mary Butler. She has been licensed in
- 25 the state for more than a year, and she is a resident

- 1 of Mississippi as you see her driver's license and her
- 2 mortgage.
- 3 BOARD PRESIDENT WILLIAMS: Okay. And she
- 4 meets all qualifications. Correct?
- 5 MS. SIMS: Yes.
- 6 BOARD PRESIDENT WILLIAMS: From McCall Creek.
- 7 BOARD MEMBER BIRMINGHAM: She's from Texas,
- 8 I believe.
- 9 BOARD PRESIDENT WILLIAMS: I've never heard
- 10 of McCall Creek.
- 11 MS. SIMS: So Amanda Hedberg, she is a
- 12 resident of Mississippi. You should see her mortgage.
- 13 And these -- that was all that she had to offer at the
- 14 time due to not having a full statement of her mortgage
- 15 because it was not presently due.
- 16 BOARD MEMBER BIRMINGHAM: She had just
- 17 bought a house. Right?
- 18 MS. SIMS: Yes.
- 19 BOARD MEMBER BIRMINGHAM: Do we still need
- 20 her New York verification or has she completed
- 21 everything?
- MS. SIMS: So I uploaded a permit, so it's
- 23 verification because New York mails theirs. So I went
- 24 to the website and did the primary source of everything.
- 25 BOARD MEMBER BIRMINGHAM: Okay.

- 1 BOARD PRESIDENT WILLIAMS: So can I get a
- 2 motion to approve these two licenses?
- 3 BOARD MEMBER BIRMINGHAM: I'll make a motion
- 4 to approve these licenses.
- 5 BOARD PRESIDENT WILLIAMS: So we have a
- 6 motion. How about a second?
- 7 BOARD MEMBER JOE: Second.
- 8 BOARD PRESIDENT WILLIAMS: All right. Motion
- 9 and a second. Any discussion on these two hygienist
- 10 licenses? All in favor, say "aye."
- 11 BOARD MEMBERS: "Aye."
- 12 BOARD PRESIDENT WILLIAMS: Any opposed?
- 13 (No response.)
- 14 BOARD PRESIDENT WILLIAMS: Ms. Sims, the
- 15 specialty applications.
- 16 MS. SIMS: So specialty, the first one is
- 17 Dr. Battle. She just did a residency in endo '23 to '25
- 18 at LSU. She was issued a license, as you see, on the
- 19 application July 2025 by examination.
- 20 BOARD MEMBER GRUBBS: Where is she going to
- 21 practice? Where is she practicing?
- MS. SIMS: She did not give me a specific
- 23 location of where she will be practicing.
- 24 BOARD PRESIDENT WILLIAMS: Okay. Could I
- 25 get a motion to approve the endodontic specialty

- 1 license for Dr. Battle?
- 2 BOARD MEMBER JOE: So moved.
- 3 BOARD PRESIDENT WILLIAMS: Can I get a
- 4 second?
- 5 BOARD MEMBER BISHOP: Second.
- 6 BOARD PRESIDENT WILLIAMS: Thank you. Any
- 7 discussion? All in favor, say "aye."
- 8 BOARD MEMBERS: "Aye."
- 9 BOARD PRESIDENT WILLIAMS: Any opposed?
- 10 (No response.)
- 11 BOARD PRESIDENT WILLIAMS: All right.
- 12 Thank you.
- MS. SIMS: The next one is Jorge Romero.
- 14 You have just approved the application for UROLA. He
- 15 just graduated the residency program OMS in New York.
- 16 BOARD PRESIDENT WILLIAMS: Let's take these
- 17 oral surgery applications together.
- 18 MS. SIMS: Okay. Ross Stanley, he also
- 19 applied for a license by UROLA and graduated OMS in
- 20 2024.
- 21 BOARD PRESIDENT WILLIAMS: And that was with
- 22 the military. Right? San Antonio?
- 23 MS. SIMS: Yes.
- 24 BOARD PRESIDENT WILLIAMS: And Dr. Wagner.
- 25 MS. SIMS: Chad Wagner, he just applied for

- 1 a license by UROLA also.
- 2 BOARD PRESIDENT WILLIAMS: MFFA.
- 3 MS. SIMS: Yeah, for the military. He just
- 4 graduated OMS, June 2025.
- 5 BOARD PRESIDENT WILLIAMS: All right. So
- 6 we have three applications for oral maxillary facial
- 7 surgery by specialty licenses for Dr. Romero, Dr.
- 8 Stanley, and Dr. Wagner. Could I get a motion to
- 9 approve these?
- 10 BOARD MEMBER JOE: So moved.
- 11 BOARD PRESIDENT WILLIAMS: Could I get a
- 12 second?
- 13 BOARD MEMBER BISHOP: Second.
- 14 BOARD PRESIDENT WILLIAMS: A motion and a
- 15 second. Any discussion on approving the oral OMS
- 16 specialty licenses for these three? All in favor, say
- 17 "aye."
- 18 DENTAL BOARD: "Aye."
- 19 BOARD PRESIDENT WILLIAMS: Any opposed?
- 20 (No response.)
- 21 BOARD PRESIDENT WILLIAMS: All right.
- 22 Motion carries.
- 23 MS. SIMS: So the next two are ortho. The
- 24 first one is on Brianna Bailey. She just graduated
- 25 June 2025 from the University of Louisville.

- 1 BOARD PRESIDENT WILLIAMS: It says she's a
- 2 recent graduate of the ortho department in --
- 3 MS. SIMS: Yes, 2025. And she applied for
- 4 a license by UROLA also.
- 5 The next one is Dr. Schuchert. He was just
- 6 issued a license on August 20th. He applied by
- 7 credentials.
- 8 BOARD PRESIDENT WILLIAMS: All right. Could
- 9 I get a motion to approve the orthodontic specialty
- 10 license for Dr. Bailey and Dr. Schuchert?
- 11 BOARD MEMBER GRUBBS: Motion.
- 12 BOARD PRESIDENT WILLIAMS: Second?
- 13 BOARD MEMBER JOE: Second.
- 14 BOARD PRESIDENT WILLIAMS: Motion and second.
- 15 Any discussion? All right. All in favor, say "aye."
- 16 BOARD MEMBERS: "Aye."
- 17 BOARD PRESIDENT WILLIAMS: Any opposed?
- 18 (No response.)
- 19 BOARD PRESIDENT WILLIAMS: The motion
- 20 carries. Ms. Sims.
- 21 MS. SIMS: The next two will be pediatrics.
- 22 The first one is Dr. Andrade. She was just issued a
- 23 license in July by examination, and she also just
- 24 graduated from pediatric residency June 2025. And as
- 25 you see on all of these applications, the code

- 1 accreditation is -- they're also attached.
- 2 The next one is Dr. Hreish. She graduated
- 3 from UMC in 2025, pediatric.
- 4 BOARD PRESIDENT WILLIAMS: Could I get a
- 5 motion to approve these two licenses for pediatric
- 6 specialists?
- 7 BOARD MEMBER LAMPKIN: So moved.
- 8 BOARD PRESIDENT WILLIAMS: I've got a motion.
- 9 How about a second?
- 10 BOARD MEMBER BIRMINGHAM: Second.
- 11 BOARD PRESIDENT WILLIAMS: A motion and a
- 12 second. Any discussion? All in favor, say "aye."
- 13 BOARD MEMBERS: "Aye."
- 14 BOARD PRESIDENT WILLIAMS: Any opposed?
- 15 (No response.)
- 16 BOARD PRESIDENT WILLIAMS: All right.
- 17 Motion carries.
- Thank you, Ms. Sims, on the licenses. And
- 19 you are also responsible for some permits for
- 20 anesthesia?
- 21 MS. SIMS: Yes.
- 22 BOARD PRESIDENT WILLIAMS: Are you prepared
- 23 to proceed?
- MS. SIMS: Yes. The next two will be Class
- 25 II sedation permits. The first one is on Dr. Daniel

- 1 Gamache. As you see, he did do the DOTS program June
- 2 2025, and it was approved by the AAP.
- 3 BOARD PRESIDENT WILLIAMS: All right. Next.
- 4 MS. SIMS: The next one is Dr. Hreish. She
- 5 just graduated from UMC 2025 and applied for a specialty
- 6 license also.
- 7 BOARD PRESIDENT WILLIAMS: Okay. So she's
- 8 a pediatric dentist who has completed all of the
- 9 requirements in her specialty program. Right?
- 10 MS. SIMS: Yes.
- 11 BOARD PRESIDENT WILLIAMS: Okay. Can I get
- 12 a motion to approve these two Class II anesthesia
- 13 permits?
- 14 BOARD MEMBER LAMPKIN: So moved.
- 15 BOARD PRESIDENT WILLIAMS: I've got a motion.
- 16 How about a second?
- 17 BOARD MEMBER JOE: Second.
- 18 BOARD PRESIDENT WILLIAMS: Motion and a
- 19 second. Any discussion? All in favor, say "aye."
- 20 BOARD MEMBERS: "Aye."
- 21 BOARD PRESIDENT WILLIAMS: Any opposed?
- 22 (No response.)
- 23 BOARD PRESIDENT WILLIAMS: All right. The
- 24 motion carries.
- 25 Ms. Sims, motion to -- I mean, the request

- 1 for a reinstatement.
- 2 MS. SIMS: This is a reinstatement for Kim
- 3 Mulloy. Kim failed to renew her dental hygiene license
- 4 '24 to '26 during the biannual cycle, so her license
- 5 was voided in June -- January 2025. There was some
- 6 discrepancies with the dental office of a renewal fee.
- 7 We discovered that Kim did not have a license when she
- 8 applied for a general supervision under a dentist, so
- 9 her license was voided and she practiced until we
- 10 notified her that her license was voided.
- 11 BOARD MEMBER BIRMINGHAM: How long was that?
- MS. SIMS: It expired October. The grace
- 13 period went to December. It was voided in January. So
- 14 from January until June -- July. I'm sorry.
- 15 BOARD MEMBER BIRMINGHAM: So she
- 16 (inaudible) front office?
- 17 MS. SIMS: The office failed to renew her
- 18 license. They only paid a \$25 fee.
- 19 BOARD MEMBER GRUBBS: How long did she
- 20 practice without a license without the grace period or
- 21 anything like that?
- 22 MS. SIMS: From --
- 23 BOARD PRESIDENT WILLIAMS: Six months, seven.
- 24 MS. SIMS: -- November 1st to July.
- 25 BOARD PRESIDENT WILLIAMS: Now, we have

- 1 discussed this before about people who did not renew
- 2 and practicing without a license for some period of
- 3 time, and it's not just the reinstatement of the said
- 4 license but the fact that they were practicing without
- 5 a license. That is something that the Board I think
- 6 should consider.
- Now, I also would have appreciated those
- 8 who were here earlier to have heard this, that part of
- 9 how the Board found out this person was practicing
- 10 without a dental license was through the registration
- 11 process of trying to become a hygienist practicing
- 12 under general supervision which, in my opinion, supports
- 13 the notion that there are safety checks and balances
- 14 in some of what was done with Reg 13 despite the fact
- 15 that we heard complaints today about overregulating and
- 16 too much paperwork.
- 17 BOARD MEMBER GRUBBS: So what do we do about
- 18 that?
- 19 BOARD PRESIDENT WILLIAMS: Well, I just --
- 20 we, first of all, have a motion -- no, I mean, we have
- 21 an application to reinstate a license. First of all,
- 22 we need to consider that.
- And secondly, we need to consider do we need
- 24 to refer this to the appropriate area for disciplinary
- 25 complaint?

- 1 EXECUTIVE DIRECTOR HYDRICK: Generally
- 2 speaking, when a violation of a regulation or the
- 3 evidence of practicing without a license is brought to
- 4 the Board staff member, the complaint is automatically
- 5 submitted and we work through our normal processes
- 6 with that. So anytime there is just, generally
- 7 speaking, discovery of an overt violation that would
- 8 be -- it would work its way through the normal
- 9 enforcement process.
- 10 BOARD PRESIDENT WILLIAMS: So are we
- 11 saying we go -- we go ahead and give her license now
- 12 and then go through the investigative process?
- 13 MR. MUTZIGER: That's right.
- 14 BOARD PRESIDENT WILLIAMS: Is that what you
- 15 said generally --
- 16 EXECUTIVE DIRECTOR HYDRICK: Two separate
- 17 issues.
- 18 BOARD PRESIDENT WILLIAMS: Yes. But by
- 19 giving the license back, we're not -- we're not --
- 20 MR. MUTZIGER: You're not --
- 21 BOARD PRESIDENT WILLIAMS: -- preventing --
- MR. MUTZIGER: -- waiving your ability to
- 23 prosecute should you determine there's knowledge.
- 24 BOARD PRESIDENT WILLIAMS: Correct. We're
- 25 not waiving that right to say that there's an automatic

- 1 complaint against the licensee.
- 2 BOARD MEMBER JOE: Will there be discipline
- 3 against that dentist, too, that employs her?
- 4 EXECUTIVE DIRECTOR HYDRICK: I don't think
- 5 we should probably speak about any -- at least
- 6 administratively in any open -- any potential open
- 7 enforcement cases at this time.
- 8 MR. MUTZIGER: And I think Denny is giving
- 9 good advice. So I would say that, Dr. Joe, your -- it
- 10 sounds to me like you're noting a concern that perhaps
- 11 the Board should also take notice of the dentist's
- 12 involvement in this situation. Is that what I'm
- 13 hearing?
- 14 BOARD MEMBER JOE: Yes.
- MR. MUTZIGER: Okay. So I think that's
- 16 noted. And again, like Denny said, normal complaint
- 17 procedures will be followed for any investigation.
- 18 BOARD MEMBER BIRMINGHAM: So you're saying
- 19 you're giving her -- when will she be able to practice?
- 20 MR. MUTZIGER: Well, as soon as you all
- 21 approve reinstatement she would have her license to
- 22 begin practice.
- 23 BOARD MEMBER BIRMINGHAM: And go through
- 24 the process of....
- 25 BOARD PRESIDENT WILLIAMS: Well, she can

- 1 -- she will be able to practice once we reinstate, if
- 2 we reinstate; however, a violation occurred, and that
- 3 will be investigated based off of the fact that there
- 4 was -- she practiced without a license from last
- 5 November when it was officially voided despite the fact
- 6 that notification occurred at the very latest in
- 7 January. At least until July she was practicing without
- 8 a license. Is that correct?
- 9 EXECUTIVE DIRECTOR HYDRICK: Correct.
- 10 BOARD MEMBER GRUBBS: Do we have a reason
- 11 for that? Can I say something? Was there a reason for
- 12 that?
- 13 BOARD PRESIDENT WILLIAMS: They applied for
- 14 the general supervision, and through that process of
- 15 registering her for the general supervision they
- 16 determined that the license was -- that she was
- 17 registering was -- that was no longer valid.
- 18 BOARD MEMBER GRUBBS: I thought I heard
- 19 somebody say -- I got that, but I thought I heard
- 20 somebody say that they thought her dentist had paid
- 21 a fee --
- 22 BOARD MEMBER BIRMINGHAM: That's what I read
- 23 in your notes.
- MS. SIMS: They paid the \$25 fee.
- 25 BOARD PRESIDENT WILLIAMS: Yeah. She's just

- 1 saying they paid the fee to register her for general
- 2 supervision.
- 3 MS. SIMS: They paid a \$25 fee, but --
- 4 BOARD MEMBER BIRMINGHAM: Oh, okay.
- 5 BOARD PRESIDENT WILLIAMS: Nothing to do
- 6 with her license.
- 7 BOARD MEMBER BIRMINGHAM: I thought -- I
- 8 thought that that's what it was saying, that she
- 9 paid --
- 10 BOARD MEMBER GRUBBS: You're just trying
- 11 to cover for her.
- 12 BOARD MEMBER BIRMINGHAM: No, I'm --
- 13 BOARD MEMBER GRUBBS: That's okay. We
- 14 expect that.
- 15 BOARD PRESIDENT WILLIAMS: I just want to
- 16 confirm that I am correct, that she was not under the
- 17 impression that the dentist paid her license fee. The
- 18 dentist paid the \$25 registration fee --
- 19 BOARD MEMBER BIRMINGHAM: Okay.
- 20 BOARD PRESIDENT WILLIAMS: -- to register her
- 21 for general supervision, and that's when this Board
- 22 office determined that her license --
- 23 EXECUTIVE DIRECTOR HYDRICK: I believe there
- 24 was a \$25 fee that --
- MS. SIMS: They paid a \$25 fee during the

- 1 biannual renewal cycle.
- 2 BOARD MEMBER BIRMINGHAM: Yes. They only
- 3 paid \$25.
- 4 MS. SIMS: They only paid \$25, so I don't
- 5 know what they clicked in her -- yeah.
- 6 EXECUTIVE DIRECTOR HYDRICK: But it was not
- 7 a renewal application?
- 8 MS. SIMS: It was not a renewal application.
- 9 BOARD PRESIDENT WILLIAMS: All right.
- 10 Could I get a motion to reinstate this license?
- 11 BOARD MEMBER BIRMINGHAM: I guess I'll make
- 12 a motion.
- 13 BOARD PRESIDENT WILLIAMS: All right. We
- 14 have a motion on the floor to reinstate the license.
- 15 Can I get a second?
- 16 BOARD MEMBER CURTIS: Second.
- 17 BOARD PRESIDENT WILLIAMS: All right.
- 18 Motion and a second.
- 19 All right. All we're voting on in is to
- 20 restate the license. There will be other issues that
- 21 occur through the normal investigative process of what
- 22 this Board does on a regular basis.
- 23 Any other discussion about the potential
- 24 reinstatement of this license?
- 25 BOARD MEMBER GRUBBS: Yeah. When did --

- 1 what was the date that we found out about this?
- 2 MS. SIMS: July.
- 3 BOARD MEMBER GRUBBS: Huh?
- 4 MS. SIMS: July.
- 5 BOARD MEMBER GRUBBS: Okay. So have we
- 6 already told our investigative people about this or are
- 7 we waiting on this for a particular reason?
- 8 EXECUTIVE DIRECTOR HYDRICK: Dr. Grubbs, in
- 9 a public session we can't speak on any of the ongoing
- 10 investigation that may exist.
- 11 BOARD PRESIDENT WILLIAMS: All right. Go
- 12 back to discussion on reinstating the license only.
- 13 Any more discussion on reinstating the license? Hearing
- 14 none, all in favor of reinstating the license, say
- 15 "aye."
- 16 BOARD MEMBERS: "Aye."
- 17 BOARD PRESIDENT WILLIAMS: Is there any
- 18 opposed?
- 19 (No response.)
- 20 BOARD PRESIDENT WILLIAMS: Hearing none,
- 21 we'll reinstate the license.
- Ms. Vaughn, I'm sure Ms. Sims is glad to
- 23 move from the hot seat. Thank you for presenting all
- 24 of that today.
- 25 You've got the corporate trade names.

- 1 MS. VAUGHN: Yes, sir, corporate trade names.
- 2 The first one on the list is Batesville Premier Dental,
- 3 PLLC. This is being requested by Dr. Stephen Sullivan
- 4 and Dr. Kyle Wiggins. The physical address is going to
- 5 be 160 Cracker Barrel Drive in Batesville, Mississippi.
- 6 So again, they're asking the start date of 9/8/2025
- 7 the advertising as Batesville Premier Dental, PLLC.
- 8 BOARD PRESIDENT WILLIAMS: So can I get a
- 9 motion to approve this name?
- 10 BOARD MEMBER CURTIS: So moved.
- 11 BOARD PRESIDENT WILLIAMS: Can I get a
- 12 second?
- 13 BOARD MEMBER BIRMINGHAM: Second.
- 14 BOARD PRESIDENT WILLIAMS: I'd like for
- 15 any discussion. First of all, I would ask you all to
- 16 consider the word "Premier." Does the word "Premier,"
- 17 Board Attorney, imply anything that could be misleading?
- MR. MUTZIGER: I guess my question will be
- 19 have we -- what we approved in the past for reference.
- 20 I'm not aware of whether we approved other Premiers,
- 21 but I can see how that would raise your flag.
- 22 BOARD MEMBER JOE: Last night I inquired
- 23 about the word "Superior." It almost seems synonymous,
- 24 Superior.
- 25 BOARD PRESIDENT WILLIAMS: The word "Premier"

- 1 has definite connotations to it that are open subject
- 2 to interpretation. Do you think it's in any way
- 3 potentially misleading?
- 4 MR. MUTZIGER: Denny, do we have a way to
- 5 search --
- 6 EXECUTIVE DIRECTOR HYDRICK: That's what I
- 7 did. I didn't mean to throw it up on the screen, but
- 8 2005 there was a request for a Premier Dental Care.
- 9 The Board has approved the use of Premier Dental Care
- 10 only. That was made the 9th of 2005.
- 11 MR. MUTZIGER: And that's an approval?
- 12 EXECUTIVE DIRECTOR HYDRICK: It was an
- 13 approval.
- 14 BOARD MEMBER GRUBBS: That was?
- 15 EXECUTIVE DIRECTOR HYDRICK: It was just
- 16 a letter sent to them. It's not in the minutes. I'd
- 17 have to search minutes, but....
- 18 BOARD MEMBER GRUBBS: I was going to say
- 19 I wasn't on the Board. That's why I was asking that.
- 20 EXECUTIVE DIRECTOR HYDRICK: That's the
- 21 only one that comes up, though, when I do a quick
- 22 search. Now, I have not searched minutes. I'm just
- 23 searching corporate trade names.
- 24 BOARD MEMBER CURTIS: Search Superior.
- 25 EXECUTIVE DIRECTOR HYDRICK: I'm sorry?

- 1 BOARD MEMBER CURTIS: Superior.
- 2 EXECUTIVE DIRECTOR HYDRICK: It's not
- 3 pulling up.
- 4 BOARD PRESIDENT WILLIAMS: So is there any
- 5 more discussion about the name Batesville Premier
- 6 Dental, PLLC? Hearing none, I call for a vote. All
- 7 in favor of approving this corporate trade name, say
- 8 "aye."
- 9 BOARD MEMBERS: "Aye."
- 10 BOARD PRESIDENT WILLIAMS: All opposed?
- 11 BOARD MEMBER GRUBBS: Yes.
- 12 BOARD MEMBER CURTIS: Yes.
- 13 BOARD PRESIDENT WILLIAMS: So we have some
- 14 concerns with this name. Westley?
- MR. MUTZIGER: Okay. Board Regulation 55.
- 16 Bare with me, sir. Let me find the pertinent language.
- 17 Each corporate trade name shall be registered. Each
- 18 corporate trade name must be approved by the Board
- 19 prior to use. Must list the family name. All
- 20 advertisements, including qualify -- record. Okay.
- 21 Due to the increase in the....
- 22 BOARD PRESIDENT WILLIAMS: While he's doing
- 23 that, Denny, is there -- is there a Batesville Dental?
- 24 Is there already one of those?
- 25 EXECUTIVE DIRECTOR HYDRICK: Let me go back

- 1 up here. I was looking for something else.
- 2 MR. MUTZIGER: That names which judgment
- 3 of the Board are false, misleading, or deceptive will
- 4 be prohibited. So there is a process by which -- let's
- 5 see here.
- 6 EXECUTIVE DIRECTOR HYDRICK: There's a
- 7 Batesville Dental Care and a Batesville Orthodontic
- 8 Clinic.
- 9 BOARD PRESIDENT WILLIAMS: So when I looked
- 10 this up I would just contend that if there's a
- 11 Batesville Dental and a Batesville Premier Dental, it
- 12 would imply a comparative analysis, at least
- 13 superficially, that a Premier dental practice would be
- 14 better than a Batesville -- a Batesville Premier would
- 15 be better than a Batesville Dental practice.
- MR. MUTZIGER: Now, you have the ability to
- 17 request to appear before the Board.
- 18 BOARD PRESIDENT WILLIAMS: Yes, I
- 19 understand.
- 20 MR. MUTZIGER: So given the fact they --
- 21 I don't have as much heartburn given the fact they have
- 22 the opportunity to come back before the Board, so, you
- 23 know, it's up to you all.
- 24 BOARD MEMBER GRUBBS: (Inaudible.)
- 25 BOARD PRESIDENT WILLIAMS: Well, right now

- 1 it's been voted against, so yes, you're welcome to
- 2 discuss.
- 3 BOARD MEMBER GRUBBS: Well, I would -- I
- 4 would figure that if Denny picked up the phone and
- 5 called and said we have heartburn about your Premier
- 6 name, why don't you just drop the name Premier and
- 7 we'll do this.
- 8 BOARD PRESIDENT WILLIAMS: There's already
- 9 a Batesville Dental.
- 10 BOARD MEMBER GRUBBS: Oh, there's already
- 11 a Batesville Dental?
- 12 BOARD PRESIDENT WILLIAMS: Batesville Dental
- 13 Care. So that's a double-edged sword. Number 1, you
- 14 can't just drop that name without it being potentially
- 15 a conflict.
- 16 But secondly, in my opinion, because there
- 17 is one already named that, this implies, rightly or
- 18 wrongly -- I believe it implies a different level of
- 19 care in some way.
- MR. MUTZIGER: And I get it. Is the average
- 21 lay person going to be misled by this name?
- 22 BOARD PRESIDENT WILLIAMS: If you went to
- 23 the auto repair shop here at Bob's Auto and then next
- 24 door to Bob's is Premier Auto.
- MR. MUTZIGER: Just for sake of argument,

- 1 Winning Smile versus the Losing Smile. Everybody else
- 2 by implication is the losing smile, you know.
- 3 BOARD PRESIDENT WILLIAMS: I understand.
- 4 I don't have a problem with it. If you want us to go
- 5 back and revote, you need to say so as Board attorney,
- 6 but practically speaking --
- 7 MR. MUTZIGER: Again, I do not given the
- 8 fact they have the opportunity to appear before the
- 9 Board, then I don't have a concern at this time if you
- 10 feel it's misleading.
- 11 MS. EKLUND: May I interject a point of
- 12 comment, there is another Premier Dental in the state
- 13 of Mississippi.
- 14 BOARD PRESIDENT WILLIAMS: We understand.
- MS. EKLUND: Already out there.
- 16 BOARD PRESIDENT WILLIAMS: Yes?
- 17 MR. SCARBOROUGH: And I also remind the
- 18 Board -- I'm like Lewis now, this is not what the Board
- 19 should do doing, but you have Kroger and Norquist
- 20 restraining trade issues coming from a state entity.
- 21 So I'm just throwing that out there for -- it depends
- 22 on how Kroger and Norquist crowd runs with this group.
- 23 BOARD PRESIDENT WILLIAMS: I understand.
- 24 So we had a motion to have the name presented, and we
- 25 took a vote and the vote was we did not approve the

- 1 name. Unless something is done to reconsider it, I'm
- 2 going to suggest that we turn this back over to our
- 3 executive director and let him handle this with the
- 4 dentist who's made this application.
- 5 MR. MUTZIGER: Do you think it's interesting
- 6 it's been brought up from the gallery that it appears
- 7 that Premier Dental currently exists?
- 8 BOARD PRESIDENT WILLIAMS: Well, Westley
- 9 -- I mean, I'm sorry, Denny showed us that --
- 10 MR. MUTZIGER: He sure did.
- 11 BOARD PRESIDENT WILLIAMS: -- it's up there.
- MR. MUTZIGER: So I will advise you that,
- 13 you know, if he chooses to appear, you don't have a leg
- 14 to stand on.
- 15 BOARD PRESIDENT WILLIAMS: Well, it's not
- 16 that the leg to stand on, but Premier Dental is
- 17 stand-alone. This is taking the name of another dental
- 18 office in the same area and adding Premier to it. So
- 19 I do think it's different, the same as, but different
- 20 personally.
- 21 MR. MUTZIGER: Then I would say let the
- 22 process play out unless the Board chooses to do
- 23 differently.
- 24 BOARD PRESIDENT WILLIAMS: Well, if we are
- 25 bound by attorney's guidance to do differently --

- 1 MR. MUTZIGER: You're not bound by -- my
- 2 guidance is just that.
- 3 BOARD PRESIDENT WILLIAMS: I understand,
- 4 but I'm just --
- 5 MR. MUTZIGER: The Board is --
- 6 BOARD PRESIDENT WILLIAMS: We don't want to
- 7 do something that's undufully punitive.
- 8 MR. MUTZIGER: Dr. Williams, my
- 9 recommendation is you've got a Premier Dental elsewhere
- 10 in the state. Is this worth your time for the fight?
- 11 BOARD MEMBER CURTIS: Motion to reconsider.
- 12 BOARD PRESIDENT WILLIAMS: All right. I
- 13 have a motion to reconsider.
- 14 BOARD MEMBER BISHOP: Second.
- 15 BOARD PRESIDENT WILLIAMS: We have a second.
- 16 So what's your motion to reconsider say there?
- 17 BOARD MEMBER CURTIS: Yeah, I think we
- 18 should allow it given, you know, we have additional
- 19 information that has been provided to us which is the
- 20 nature of a motion to reconsider under parliamentary
- 21 rules. The fact that we already have a Premier Dental
- 22 in Mississippi and that there are many other corporate
- 23 trade names that imply that they're better, I don't
- 24 pick on anybody, which you may have Happy Smiles as
- 25 opposed to Unhappy Smiles. I can list thousands of

- 1 those types of examples, and we've been awfully lenient
- 2 over the years to allow those, and so I think we're
- 3 kind of picking on this person a little bit.
- 4 BOARD PRESIDENT WILLIAMS: I promise there
- 5 was not an intent to pick on anyone.
- 6 BOARD MEMBER CURTIS: No, I'm not implying
- 7 that you were.
- 8 BOARD PRESIDENT WILLIAMS: Despite the fact
- 9 that that might be what it may look like, it is to try
- 10 to protect the entity of saying that --
- 11 BOARD MEMBER CURTIS: I get it.
- 12 BOARD PRESIDENT WILLIAMS: -- all Batesville
- 13 dental clinics have equal opportunity to treat patients.
- So we have a motion and second. Any other
- 15 discussion?
- 16 (No response.)
- 17 BOARD PRESIDENT WILLIAMS: Hearing none, all
- 18 in favor of reconsidering the previous motion to not
- 19 allow this corporate trade name, now we are going to
- 20 potentially -- or we will allow Batesville Premier
- 21 Dental, PLLC. All in favor of that, say "aye."
- 22 BOARD MEMBERS: "Aye."
- 23 BOARD PRESIDENT WILLIAMS: Any opposed?
- 24 BOARD MEMBER GRUBBS: In the spirit of the
- 25 real feeling of the Board, I'll vote no.

- 1 MR. MUTZIGER: We have one nay. Duly noted.
- 2 Thank you.
- 3 BOARD PRESIDENT WILLIAMS: Ms. Vaughn.
- 4 MS. VAUGHN: Okay. The second one on the
- 5 list is from a Dr. Katherine Reece and a Dr. Quotasze
- 6 Williams. They are seeking the name of Dental
- 7 Professionals of Mississippi, PC, also known as Dental
- 8 Care at the Fountains. This is going to be located at
- 9 4033 Fountain Lane in Horn Lake, Mississippi. And
- 10 again, it's Dental Professionals of Mississippi, PC,
- 11 also known as Dental Care at the Fountains.
- 12 BOARD PRESIDENT WILLIAMS: So I guess that
- 13 precludes the Dental Amateurs of Mississippi be a good
- 14 name as opposed to the Losing Smile. All in favor of
- 15 approving this name, say "aye." Or I'm sorry. Can I
- 16 get a motion to approve this name?
- 17 BOARD MEMBER GRUBBS: Motion.
- 18 BOARD PRESIDENT WILLIAMS: Can I get a
- 19 second?
- 20 BOARD MEMBER LAMPKIN: Second.
- 21 BOARD PRESIDENT WILLIAMS: All right. Motion
- 22 and a second. Any discussion on the name? And the
- 23 name is Dental Professionals of Mississippi not Dental
- 24 Care at the Fountains. That's just how they're doing
- 25 business. Does everybody got that because on our

- 1 agenda it's listed as Dental Care at the Fountains
- 2 which is not the corporate trade name they're applying
- 3 for?
- 4 EXECUTIVE DIRECTOR HYDRICK: Westley, does it
- 5 matter if there already is a Dental Professionals of
- 6 Mississippi that's been approved?
- 7 MR. MUTZIGER: Sure.
- 8 EXECUTIVE DIRECTOR HYDRICK: The Board
- 9 approved in 2016 the name Dental Professionals of
- 10 Mississippi d/b/a My Vicksburg Dentist. They said the
- 11 -- please be advised the Board has approved the use of
- 12 Dental Professionals of Mississippi d/b/a My Vicksburg
- 13 Dentist only, and it was approved in 2016.
- MR. MUTZIGER: So I don't understand. Is
- 15 the request for Professionals -- Dental Professionals
- 16 or is the request for --
- 17 BOARD PRESIDENT WILLIAMS: So is this the
- 18 same Dental Professionals down there in Vicksburg who
- 19 spinned it up here and then there's this place called
- 20 Dental Care at the Fountains?
- 21 EXECUTIVE DIRECTOR HYDRICK: It's (inaudible.)
- 22 Dental. So they have the same corporate address as the
- 23 one in '16 and the one that's presented to you today.
- 24 BOARD PRESIDENT WILLIAMS: So the name that
- 25 they're applying for is Dental Care at the Fountains?

- 1 MR. MUTZIGER: Yes, that would seem to be
- 2 the case.
- 3 BOARD PRESIDENT WILLIAMS: Thank you for
- 4 the clarification because that's what we have on our
- 5 agenda, Dental Care at the Fountains. So can we amend
- 6 the motion to say let's approve Dental Care at the
- 7 Fountains? Do we have a motion on the floor?
- 8 BOARD MEMBER CURTIS: If that's going to
- 9 be the official corporate name registered with the
- 10 secretary of state then I would say yes, but if they're
- 11 already operating under NE, an umbrella corporation
- 12 that's already listed with the secretary of state, I
- 13 mean, that's not appropriate. Westley, am I off on
- 14 that?
- MR. MUTZIGER: So it appears that it's the
- 16 same corporate entity that for purposes of our approval
- 17 corporate trade name, what they're going to forward out
- 18 to the public, it appears that what they're requesting
- 19 approval on is the At the Fountains or whatever that
- 20 name is. And so that name is not on record with us
- 21 and that's what we're concerned with is what they're
- 22 going to hold out to the public.
- 23 BOARD MEMBER CURTIS: So not necessarily
- 24 what's registered with the secretary of state?
- MR. MUTZIGER: Registered with the secretary

- 1 of state.
- 2 BOARD MEMBER CURTIS: All right.
- 3 BOARD PRESIDENT WILLIAMS: So I think we have
- 4 a motion on the floor to approve Dental Professionals
- 5 of Mississippi.
- 6 BOARD MEMBER CURTIS: No, Dental Care at the
- 7 Fountains.
- 8 MR. MUTZIGER: You asked for a motion to
- 9 amend to --
- 10 BOARD PRESIDENT WILLIAMS: I did, I asked
- 11 that, but I'm saying on the floor right now that we
- 12 have a motion that said --
- 13 MR. MUTZIGER: You are correct.
- 14 BOARD PRESIDENT WILLIAMS: -- approve Dental
- 15 Professionals of Mississippi. And now we have to
- 16 either rescind that motion or amend it to say Dental
- 17 Care -- I just soon rescind it. That will be cleaner.
- 18 So your motion to rescind --
- 19 BOARD MEMBER CURTIS: Motion to rescind.
- 20 BOARD PRESIDENT WILLIAMS: Motion to rescind.
- 21 All right. Can I get a second on that?
- 22 BOARD MEMBER LAMPKIN: Second.
- 23 BOARD PRESIDENT WILLIAMS: Any discussion?
- 24 All in favor, say "aye."
- 25 BOARD MEMBERS: "Aye."

- 1 BOARD PRESIDENT WILLIAMS: Any opposed?
- 2 (No response.)
- 3 BOARD PRESIDENT WILLIAMS: All right. We are
- 4 rescinding the motion to approve Dental Professionals
- 5 of Mississippi.
- 6 Now can I get a motion to approve Dental
- 7 Care at the Fountains?
- 8 BOARD MEMBER CURTIS: So moved.
- 9 BOARD PRESIDENT WILLIAMS: Can I get a
- 10 second?
- 11 BOARD MEMBER GRUBBS: Second.
- 12 BOARD PRESIDENT WILLIAMS: All right.
- 13 Motion and a second.
- 14 All right. Sorry for the confusion.
- 15 Everyone is clear we're voting on the name Dental Care
- 16 at the Fountains. All in favor, say "aye."
- 17 BOARD MEMBERS: "Aye."
- 18 BOARD PRESIDENT WILLIAMS: Any opposed?
- 19 (No response.)
- 20 BOARD PRESIDENT WILLIAMS: The motion
- 21 carries. Thank you. Ms. Vaughn.
- 22 BOARD MEMBER GRUBBS: Dr. Williams, can I
- 23 address C, please. We had a request that that be
- 24 removed or not addressed, that that is not an issue
- 25 anymore.

- 1 BOARD PRESIDENT WILLIAMS: Move to strike
- 2 through letter C and move on to Mobile Dental Units.
- 3 Ms. Vaughn.
- 4 MS. VAUGHN: The dental unit is going to be
- 5 Amite County Medical Services, Incorporated. The
- 6 doctor requesting it is a Dr. Brantley Dunaway, and
- 7 this is going to be a mobile dental unit and he's going
- 8 to provide services for the elementary and high school
- 9 around Amite County.
- 10 BOARD PRESIDENT WILLIAMS: Okay. Can I get
- 11 a motion to approve this mobile dental unit?
- 12 BOARD MEMBER LAMPKIN: So moved.
- 13 BOARD PRESIDENT WILLIAMS: We have a motion.
- 14 Can I get a second?
- 15 BOARD MEMBER JOE: Second.
- 16 BOARD PRESIDENT WILLIAMS: A motion and a
- 17 second. Any discussion on approving this mobile dental
- 18 unit?
- 19 BOARD MEMBER LAMPKIN: Everything has been
- 20 (inaudible) inspection and everything was perfect.
- 21 BOARD PRESIDENT WILLIAMS: It's a beautiful
- 22 looking truck. I've seen pictures. All right. Any
- 23 more -- no other discussion, all in favor, say "aye."
- 24 BOARD MEMBERS: "Aye."
- 25 BOARD PRESIDENT WILLIAMS: Any opposed?

- 1 (No response.)
- 2 BOARD PRESIDENT WILLIAMS: All right.
- 3 Motion carries.
- 4 So Mr. Hydrick, do you have a Board meeting
- 5 date here proposed for some regulatory issues? Number
- 6 12.
- 7 EXECUTIVE DIRECTOR HYDRICK: Yes. So we
- 8 received a -- requested a number of requests for a
- 9 public oral proceeding on these regulation changes,
- 10 and so we need to set a date for that. It could be
- 11 our next Board meeting, November 7th, but it's up to
- 12 the Board.
- 13 BOARD MEMBER GRUBBS: What is that for?
- 14 EXECUTIVE DIRECTOR HYDRICK: So Regulations
- 15 35, 53, 61, and 62 that were changed back in April
- 16 maybe.
- 17 MR. MUTZIGER: It was proposed.
- 18 EXECUTIVE DIRECTOR HYDRICK: For some reason
- 19 there was delays getting recognition that the OLRC had
- 20 received these changes, and so until that happened it
- 21 couldn't be posted on the public -- on the Secretary
- 22 of State and have a 30 day -- 25 day open comment
- 23 period, and so the public comment period just ended a
- 24 week or so ago, I think. I'm not sure on the date but
- 25 just recently ended, and so we have to now -- so now

- 1 we need to set up a time for that.
- 2 BOARD MEMBER CURTIS: And just for your
- 3 recollection, you know what 61 and 62 are about?
- 4 New language was adopted for those two entities, and
- 5 I think 53 was the one on informed consent. Is that
- 6 not right?
- 7 EXECUTIVE DIRECTOR HYDRICK: Patient records,
- 8 yes, sir.
- 9 BOARD MEMBER CURTIS: Patient records. And
- 10 what was 37?
- 11 EXECUTIVE DIRECTOR HYDRICK: That's the fees.
- 12 BOARD MEMBER CURTIS: Fees. Got you.
- 13 EXECUTIVE DIRECTOR HYDRICK: So, you know,
- 14 we were going to update our fee schedule.
- 15 BOARD MEMBER CURTIS: All right.
- 16 BOARD PRESIDENT WILLIAMS: Okay. So I like
- 17 the November 7th date.
- 18 BOARD MEMBER CURTIS: This is saying
- 19 November 6th?
- 20 BOARD PRESIDENT WILLIAMS: The 6th is fine.
- 21 I like November 6th better, 2nd, 3rd, 4th.
- 22 EXECUTIVE DIRECTOR HYDRICK: I think since
- 23 we took care of a lot of business today with
- 24 applications pending, I think November 7th personally
- 25 we'll have plenty of time to have a -- instead of

- 1 having another called.
- 2 BOARD PRESIDENT WILLIAMS: All right.
- 3 BOARD MEMBER CURTIS: And that's an in
- 4 person?
- 5 EXECUTIVE DIRECTOR HYDRICK: Yes.
- 6 BOARD PRESIDENT WILLIAMS: All in favor of
- 7 moving this public hearing to November the 7th for
- 8 Regulations 37, 53, 61, and 62, can I get a motion
- 9 to do that?
- 10 EXECUTIVE DIRECTOR HYDRICK: Or we don't
- 11 need a motion. We can just say we're setting it.
- 12 Right?
- 13 BOARD MEMBER CURTIS: Right.
- 14 BOARD PRESIDENT WILLIAMS: That will be on
- 15 the agenda for the November 7th meeting.
- 16 New business. Is there any new business
- 17 to be brought before the Board?
- All right. Hearing none, we previously
- 19 moved Item 14 to Number 3, so now we will consider the
- 20 need to go into executive session. Does anybody have
- 21 anything they would like to discuss in executive
- 22 session?
- 23 MR. MUTZIGER: We do have consideration of
- 24 a disciplinary matter, so I would advise you of a cause
- 25 for executive session; however, to follow the

- 1 appropriate process you first need to ask for a motion
- 2 to have closed session to determine whether executive
- 3 session is appropriate.
- 4 BOARD PRESIDENT WILLIAMS: All right. Can
- 5 I get a motion to enter a closed session to determine
- 6 if executive session is necessary?
- 7 BOARD MEMBER LAMPKIN: So moved.
- 8 BOARD PRESIDENT WILLIAMS: Can I get a
- 9 second?
- 10 BOARD MEMBER JOE: Second.
- 11 BOARD PRESIDENT WILLIAMS: Is there any
- 12 discussion? Westley, why should we enter a closed
- 13 session?
- 14 MR. MUTZIGER: It's the state prescribed
- 15 process.
- 16 BOARD PRESIDENT WILLIAMS: So it is the
- 17 state prescribed process. So we need to enter closed
- 18 session. All in favor of that -- any other discussion?
- 19 All in favor, say "aye."
- 20 BOARD MEMBERS: "Aye."
- 21 BOARD PRESIDENT WILLIAMS: Any opposed?
- 22 (No response.)
- 23 BOARD PRESIDENT WILLIAMS: All right. We're
- 24 going to be in closed session.
- 25 MR. MUTZIGER: Typically, the Board --

- 1 BOARD PRESIDENT WILLIAMS: I just want to
- 2 make sure it didn't look like I was trying to run
- 3 people out. Thank you all for being here.
- 4 (THE BOARD WENT INTO CLOSED EXECUTIVE
- 5 SESSION.)
- 6 BOARD PRESIDENT WILLIAMS: We're back in
- 7 open session, and Mr. Mutziger would you report the
- 8 results of the executive session.
- 9 MR. MUTZIGER: The Board voted to approve
- 10 the consent order and Docket Numbers 2024-005 and
- 11 2024-042.
- 12 BOARD PRESIDENT WILLIAMS: Is there any
- 13 other discussion in open session?
- 14 BOARD MEMBER GRUBBS: I was just curious
- 15 with our representative that was here, and maybe Denny
- 16 might be able to answer this. Legislatively, can they
- 17 come back and take what we've put in place and revise
- 18 that as far as....
- 19 EXECUTIVE DIRECTOR HYDRICK: They can't
- 20 revise our regulation.
- 21 BOARD MEMBER GRUBBS: No, I'm talking about
- 22 the restrictions that we have.
- 23 BOARD PRESIDENT WILLIAMS: He can revise the
- 24 House Bill 1062, yes, and he is going to amend it for
- 25 the State Department of Health. He could potentially

- 1 clarify or amend any part of 1062 when they do this
- 2 submission.
- 3 BOARD MEMBER GRUBBS: So what we have in
- 4 place, he could adjust that?
- 5 BOARD PRESIDENT WILLIAMS: He could.
- 6 BOARD MEMBER CURTIS: He can clarify prior
- 7 notification and exactly what that means, what the
- 8 intent of that is. He could do that legislatively.
- 9 BOARD MEMBER GRUBBS: When do they go back
- 10 in session?
- 11 EXECUTIVE DIRECTOR HYDRICK: January the
- 12 2nd.
- 13 BOARD MEMBER GRUBBS: He'll have heartburn
- 14 with us doing a lot more about reassessing the state
- 15 agency, what they're going to do. That's just me
- 16 personally.
- 17 BOARD PRESIDENT WILLIAMS: He said his
- 18 phone is open. You can call him anytime, and I mean
- 19 that sincerely because I didn't -- I wasn't trying to
- 20 throw shade at him, but what I said was true. He did
- 21 not come to this Board and ask us. He took the input
- 22 from political organizations, the MDA.
- 23 BOARD MEMBER GRUBBS: I really appreciate
- 24 the way you handled that. I was proud of you.
- 25 BOARD PRESIDENT WILLIAMS: So he listened

1	to those people knowing full well that it was going to			
2	come to the regulatory board. So any other comments?			
3	B Hearing none, I ask for a motion to adjourn.			
4	BOARD MEMBER LAMPKIN: So moved.			
5	BOARD PRESIDENT WILLIAMS: Can I get a			
6	second?			
7	BOARD MEMBER CURTIS: Second.			
8	BOARD PRESIDENT WILLIAMS: All in a favor,			
9	say "aye."			
10	BOARD MEMBERS: "Aye."			
11	BOARD PRESIDENT WILLIAMS: Any opposed?			
12	(No response.)			
13	BOARD PRESIDENT WILLIAMS: Meeting adjourned.
